BACKGROUND: Mr. Vogt is currently employed by the New York City Department of Environmental Protection. He was previously employed by SUNY Maritime College from May 1, 2000, through August 30, 2000, but did not become a member of the New York State and Local Employees' Retirement System (NYSLRS) during that time.

The proposed legislation would allow Mr. Vogt to receive service credit in NYCERS for his employment at SUNY Maritime College and apply for Tier 4 membership. This change from Tier 6 to Tier 4 would result in an earlier date of retirement eligibility, reduced prospective employee contribution rates, and a larger benefit. However, no refunds for past employee contributions would be permitted.

ASSUMPTIONS AND METHODS: The estimates presented herein have been calculated based on the Revised 2021 Actuarial Assumptions and Methods of the impacted retirement systems.

Since Mr. Vogt has less than 10 years of service with the SUNY Maritime College, it is assumed that no reserve would be transferred from NYSLRS, and the entire cost of this proposed legislation is expected to be borne by New York City.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the actuarial assumptions, methods, and models used, demographics of the impacted population, and other factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Quantifying these risks is beyond the scope of this Fiscal Note.

This Fiscal Note is intended to measure pension-related impacts and does not include other potential costs (e.g., administrative and Other Postemployment Benefits). This Fiscal Note does not reflect any chapter laws that may have been enacted during the current legislative session.

STATEMENT OF ACTUARIAL OPINION: Marek Tyszkiewicz and Gregory Zelikovsky are members of the Society of Actuaries and the American Academy of Actuaries. We are members of NYCERS, but do not believe it impairs our objectivity, and we meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein. To the best of our knowledge, the results contained herein have been prepared in accordance with generally accepted actuarial principles and procedures and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.

FISCAL NOTE IDENTIFICATION: This Fiscal Note 2025-61 dated May 13, 2025 was prepared by the Chief Actuary for the New York City Retirement Systems and Pension Funds and is intended for use only during the 2025 Legislative Session.
