Introduced by Sen. CLEARE -- read twice and ordered printed, and when printed to be committed to the Committee on Insurance

AN ACT to amend the insurance law and the social services law, in relation to coverage for treatments to slow the progression of Alzheimer's disease and related dementias

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subsection (i) of section 3216 of the insurance law is  
2 amended by adding a new paragraph 11-d to read as follows:

3 (11-d) Every policy which provides medical, major medical, or similar  
4 comprehensive-type coverage shall provide coverage for all medically  
5 necessary diagnostic testing and United States food and drug administra-  
6 tion-approved treatments or medications prescribed to slow the progres-  
7 sion of Alzheimer's disease and other dementia, in accordance with the  
8 United States food and drug administration label, as determined by a  
9 physician licensed to practice medicine in all its branches. Coverage of  
10 United States food and drug administration-approved treatments or medi-  
11 cations prescribed to slow the progression of Alzheimer's disease or  
12 another related dementia pursuant to this paragraph shall not be subject  
13 to step therapy.

14 § 2. Subsection (1) of section 3221 of the insurance law is amended by  
15 adding a new paragraph 11-d to read as follows:

16 (11-d) Every insurer delivering a group or blanket policy or issuing a  
17 group or blanket policy for delivery in this state that provides cover-  
18 age for medical, major medical, or similar comprehensive-type coverage  
19 shall provide coverage for all medically necessary diagnostic testing  
20 and United States food and drug administration-approved treatments or  
21 medications prescribed to slow the progression of Alzheimer's disease  
22 and other dementia, in accordance with the United States food and drug  
23 administration label, as determined by a physician licensed to practice  
24 medicine in all its branches. Coverage of United States food and drug  
25 administration-approved treatments or medications prescribed to slow the  
26 progression of Alzheimer's disease or another related dementia pursuant  
27 to this paragraph shall not be subject to step therapy.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
