

# STATE OF NEW YORK

9565--A

## IN SENATE

March 25, 2026

Introduced by Sen. BAILEY -- read twice and ordered printed, and when printed to be committed to the Committee on New York City Education -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT to amend the education law, in relation to establishing school-based food pantries in schools in the city school district of the city of New York

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Short title. This act shall be known and may be cited as  
2 the "New York city school-based food pantry act".

3 § 2. Legislative intent. The legislature hereby finds and declares  
4 that a growing number of children in New York city are living in poverty  
5 and are experiencing hunger and food insecurity. These conditions are  
6 associated with higher rates of chronic absenteeism, difficulty concen-  
7 trating in class, behavioral challenges, and lower academic performance.  
8 Research further demonstrates that children who are hungry or food inse-  
9 cure are less likely to be ready to learn, more likely to experience  
10 adverse physical and mental health outcomes, and more likely to fall  
11 behind their peers academically.

12 The legislature therefore finds that it is a matter of overriding  
13 state concern to ensure that children in the city school district of the  
14 city of New York have reliable access to nutritious food in and around  
15 the school day, particularly in schools serving communities with the  
16 greatest economic need. School-based food pantries, operated in partner-  
17 ship with educators, parents, guardians, and community organizations,  
18 are a proven means of reducing food insecurity, stabilizing family  
19 nutrition, and supporting student learning and well-being.

20 § 3. The education law is amended by adding a new section 2590-w to  
21 read as follows:

22 § 2590-w. School-based food pantries in New York city schools.

23 1. Establishment of program. (a) Subject to the availability of funds  
24 appropriated for this purpose, the chancellor shall establish and main-  
25 tain school-based food pantries in schools throughout the city district.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets  
[-] is old law to be omitted.

LBD14243-02-6

1 (b) School-based food pantries established pursuant to this section  
2 shall be located on the premises of a city district school and shall  
3 store and distribute nutritious food, without charge, to students  
4 enrolled in such school and their parents or persons in parental  
5 relation for consumption outside of regular school meals.

6 (c) The chancellor shall prioritize schools serving communities with  
7 the highest levels of student economic need, poverty, and food insecuri-  
8 ty when determining which schools to establish school-based food  
9 pantries in pursuant to this section. The chancellor may use indicators  
10 such as the percentage of students eligible for free or reduced-price  
11 school meals, the percentage of students who are homeless or in tempo-  
12 rary housing, and other measures of concentrated poverty for such food  
13 insecurity.

14 2. Operation and schedule. Each school-based food pantry established  
15 pursuant to this section shall operate on the premises of the school  
16 during designated times during the regular school week, on days when  
17 school is in session, but shall not interfere with required instruc-  
18 tional time. Each school-based food pantry shall be open and available  
19 to students and their parents or persons in parental relation at times  
20 reasonably accessible to families, which may include before or after  
21 school, not less than two days per week during the regular school week.

22 3. Community partnerships; training and technical assistance. (a) The  
23 chancellor shall encourage and facilitate cooperation between schools  
24 operating school-based food pantries and local food pantries, food  
25 banks, and other community-based organizations with expertise in food  
26 distribution and hunger relief.

27 (b) Schools operating school-based food pantries pursuant to this  
28 section may enter into written agreements with such local organizations  
29 to receive training for school volunteers and to obtain technical  
30 assistance related to food safety, inventory management, volunteer  
31 management, outreach to families, and related matters.

32 (c) The chancellor may enter into citywide or borough-wide agreements  
33 with local or regional food pantries, food banks, or similar organiza-  
34 tions to support the establishment and operation of school-based food  
35 pantries and to coordinate the donation, purchase, or delivery of food  
36 and related supplies.

37 4. Guidance and safeguards. The chancellor shall issue guidance to  
38 schools operating food pantries pursuant to this section, which shall  
39 include at a minimum:

40 (a) procedures to ensure that students and families are treated with  
41 dignity and confidentiality;

42 (b) standards for food safety, storage, and handling, consistent with  
43 applicable state and local health and safety requirements;

44 (c) procedures to ensure that school-based food pantry operations do  
45 not interfere with instructional time or the safe operation of the  
46 school building;

47 (d) encouragement of culturally appropriate and nutritious food  
48 options to the extent practicable; and

49 (e) procedures to encourage that school-based food pantries estab-  
50 lished pursuant to this section be organized and operated primarily by  
51 volunteers.

52 5. Reporting. Commencing with the second school year following the  
53 effective date of this section, the chancellor shall annually prepare  
54 and submit to the governor, the temporary president of the senate, the  
55 speaker of the assembly, and the mayor and council of the city of New  
56 York, on or before January first, a report that shall include:

1 (a) the number of schools in which school-based food pantries have  
2 been established and are operating;

3 (b) the borough and community school district in which each such  
4 school is located;

5 (c) the approximate number of students and families served by such  
6 pantries during the preceding school year; and

7 (d) a description of any partnerships with local food pantries, food  
8 banks, or other community-based organizations that support the operation  
9 of school-based food pantries.

10 § 4. This act shall take effect on the one hundred twentieth day after  
11 it shall have become a law. Effective immediately, the addition, amend-  
12 ment and/or repeal of any rule or regulation necessary for the implemen-  
13 tation of this act on its effective date are authorized to be made and  
14 completed on or before such effective date.
