CENSUS DATA: The estimates presented herein are based on preliminary census data collected as of June 30, 2025. The census data for the impacted population is summarized below.

Active Members	POLICE

For purposes of this Fiscal Note and based on the limited set of historical data available, we have identified one Tier 2 POLICE member who would be impacted by the proposed legislation. To the extent that there are additional impacted members, the costs of this proposed legislation would be larger than those disclosed in this Fiscal Note.

IMPACT ON MEMBER BENEFITS: Currently, Tier 2 members of POLICE receive a benefit based on 75% of 1/60th times the member's average earnings over their last five years of service for each year of non-uniformed civilian service, such as prior attorney service.

Under the proposed legislation, periods of qualifying prior non-uniformed service rendered as either an assistant district attorney of a county within NYC or as an examining attorney for the NYC Commission to Combat Police Corruption, that are purchased or transferred into POLICE will be classified as Allowable Service in the police force. Such service would therefore be included in the minimum service required for eligibility and payment of an unreduced service retirement benefit for eligible Tier 2 members.

ASSUMPTIONS AND METHODS: The estimates presented herein have been calculated based on the Revised 2021 Actuarial Assumptions and Methods of the impacted retirement systems.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the actuarial assumptions, methods, and models used, demo-

graphics of the impacted population, and other factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Quantifying these risks is beyond the scope of this Fiscal Note.

This Fiscal Note is intended to measure pension-related impacts and does not include other potential costs (e.g., administrative and Other Postemployment Benefits). This Fiscal Note does not reflect any chapter laws that may have been enacted during the current legislative session.
