1 Section 1. Short title. This act shall be known and may be cited as

1 Therefore, the legislature hereby finds and declares it is essential
2 that all residents have meaningful access to state programs, services,
3 and activities, and the public safety, health, economic prosperity, and
4 general welfare of all New York state residents is furthered by increas-
5 ing access to New York state programs and services, regardless of native
6 language, race, color, gender, national origin, ethnicity, religion,
7 sexual orientation, disability or immigrant status.

8 § 3. The executive law is amended by adding a new section 164-e to
9 read as follows:

10 § 164-e. Bolstering our responsibility to local, community and ethnic
11 media. 1. Definitions. For the purposes of this section, the following
12 terms shall have the following meanings:

13 (a) "local, community and ethnic media" shall mean any print or
14 digital publication that: creates community specific content for a
15 geographically contiguous area no greater than one fifth of the state,
16 or is created for communities of people based on native language, race,
17 color, gender, national origin, ethnicity, religion, sexual orientation,
18 disability or immigrant status; or falls within specifically tailored
19 subject matter as determined by the department of state.

20 (b) "state agency" or "agency" shall mean any department, division,
21 commission, agency and any other entity of the state.

22 2. Local, community and ethnic media advertising. Every state agency
23 shall ensure that, by December thirty-first, two thousand twenty-seven,
24 and for every year thereafter, at least fifty percent of their annual
25 print and digital publication advertising spending shall go toward
26 local, community and ethnic media outlets. The office of general
27 services shall take all steps necessary, consistent with applicable law,
28 to implement the provisions of this section, particularly with respect
29 to the state education department, the department of health, and state
30 housing authorities.

31 3. Approved media outlet list. The office of general services shall
32 develop and maintain a list of local, community and ethnic media outlets
33 that promote and exemplify the state's many interconnected communities,
34 as described in subdivision one of this section, for state agencies,
35 including, but not limited to, the education department, the department
36 of health, and state housing authorities, to use at their discretion.
37 State agencies may petition the office of general services to include
38 advertisements such agencies have published in outlets that are not on
39 the approved list toward their local, community and ethnic media outlet
40 spending.

41 4. Development and transparency. State agency employees or represen-
42 tatives that work on purchasing print or digital publication advertising
43 shall be required to participate in regular trainings established by the
44 office of general services on the use of local, community and ethnic
45 media advertising. Beginning in two thousand twenty-six, and every year
46 thereafter, state agencies shall submit a year-end data report to the
47 governor, the temporary president of the senate and the speaker of the
48 assembly regarding the agency's annual print and digital publication
49 advertising spending. The report shall include, but not be limited to,
50 the total amount each agency spent on print and digital publication
51 advertising and the total amount each agency spent on local, community
52 and ethnic media advertising. Data regarding each agency's annual print
53 and digital publication advertising shall be made available to the
54 office of general services at the beginning of each year and shall be
55 posted on the office of general services' website.

1 5. Exemption for legally required notices. To the extent that this
2 section conflicts with a state agency's requirements to comply with
3 legal and statutory notices that require posting or distribution in
4 publications or media pursuant to local, state, or other applicable law,
5 such notices shall be exempt from the requirements in this section. For
6 purposes of this exemption, agencies may subtract the publication costs
7 of such legally required notices from their total advertising budgets
8 before calculating their required local, community and ethnic media
9 advertising spending pursuant to subdivision two of this section.

10 § 4. This act shall take effect immediately.
