IMPACT ON MEMBER BENEFITS AND CONTRIBUTIONS: This proposed legislation would provide current EMT members, who previously opted out of the EMT 25-Year Plans, a 180-day opportunity to join such plan.

Members of the EMT 25-Year Plans would be required to pay Basic Member Contributions (BMC), which vary by tier, plus Additional Member Contributions (AMC) equal to 6.25% of compensation for all service as a Plan participant until attaining 30 years of Allowable Service.

ASSUMPTIONS AND METHODS: The estimates presented herein have been calculated based on the Revised 2021 Actuarial Assumptions and Methods of the impacted retirement systems. In addition:

* Election assumptions and the rates of retirement for the EMT 25-Year Plans were assigned based on the bill's provisions including the eligibility requirements for retirement under the EMT 25-Year Plans.

* For purposes of this fiscal note, existing AMC balances, including physically taxing AMC, are assumed to offset the AMC payment required to join the EMT 25-Year Plan.

To determine the impact of the elective nature of the proposed legislation, a subgroup of EMT members was developed based on who is assumed to benefit actuarially by comparing the net present value of future employer costs of each member's benefit under their current plan and under the applicable EMT 25-Year Plan.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the actuarial assumptions, methods, and models used, demographics of the impacted population, and other factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Quantifying these risks is beyond the scope of this Fiscal Note.

This Fiscal Note is intended to measure pension-related impacts and does not include other potential costs (e.g., administrative and Other Postemployment Benefits). This Fiscal Note does not reflect any chapter laws that may have been enacted during the current legislative session.

objectivity, and we meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein.
