Notwithstanding any law, rule or regulation to the contrary, any such application for conversion shall be consistent with this section but shall not be subject to the process pursuant to subdivision nine-a of section twenty-eight hundred fifty-two of this article, and the charter entity shall require that the parents or guardians of a majority of the students then enrolled in the existing public school vote in favor of converting the school to a charter school. Notwithstanding any provision of law to the contrary, no charter school approved pursuant to this subdivision shall receive or be eligible to receive any school district funds unless such charter school has first been approved by a majority vote of the registered voters of the school district in which the charter school is proposed to operate. Such vote shall occur at the next scheduled school district budget vote or at a special election called for such purpose. If a majority of voters casting ballots vote in favor of the charter school, the school district shall be authorized to distribute public education funds to such charter school pursuant to this article. If the voters reject the proposal, the charter school shall not receive school district funds within that district.

§ 2. Paragraph (e) of subdivision 4 of section 2851 of the education law, as added by chapter 101 of the laws of 2010, is amended to read as follows:

When developing such targets, the board of regents [~~and the board of trustees of the state university of New York~~] shall ensure: (1) that such enrollment targets are comparable to the enrollment figures of such categories of students attending the public schools within the school district, or in a city school district in a city having a population of one million or more inhabitants, the community school district, in which the charter school is located; and (2) that such retention targets are comparable to the rate of retention of such categories of students attending the public schools within the school district, or in a city school district in a city having a population of one million or more inhabitants, the community school district, in which the proposed charter school would be located. Such renewal application shall be submitted to the charter entity no later than six months prior to the expiration of the charter; provided, however, that the charter entity may waive such deadline for good cause shown. No charter renewal shall permit the continued receipt of school district funds unless the charter school receives approval by a majority vote of the registered voters of the school district in which the charter school operates.
