38 subdivision eight of this section and paragraph (b) of this subdivision.

45 (iii) Specific instructions regarding how the survivor may opt-out of  
46 the shared telephone line including the required information that the  
47 survivor must include in their written self-attestation form and the  
48 manner in which they must complete and submit the form to the telephone  
49 corporation. The telephone corporation shall not require the survivor to  
50 complete this process in-person and shall offer an option to separate  
51 lines via a mailed or digital submission of the self-attestation form  
52 and/or over the phone with a customer service representative.

53 (iv) A device tracking disclaimer that informs the survivor that some  
54 services and devices have location tracking features and that separating  
55 their line from a shared telephone line does not disable these features.

1 (v) A section that informs the survivor that their documentation shall  
2 be processed no later than two business days following the submission of  
3 the required documentation.

4 (b) The self-attestation form shall only require the survivor to

14 numbers to an existing account number with the telephone corporation, or  
15 port-out the phone numbers to another carrier and to an account in the  
16 survivor's name.

17 § 4. This act shall take effect on the ninetieth day after it shall  
18 have become a law.
