FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

SUMMARY: This proposed legislation would amend the contribution provisions applicable to the NYCERS Tier 4 or Tier 6 Fire Protection Inspector 25-Year Plans to allow using any excess basic or additional member contributions to offset any deficits in such other contribution accounts.

EXPECTED INCREASE (DECREASE) IN EMPLOYER CONTRIBUTIONS: The enactment of this proposed legislation is not expected to result in any change in the amount or timing of employer contributions.

IMPACT ON MEMBER BENEFITS: The proposed legislation would not affect the benefits payable to participants in the Fire Protection Inspector 25-Year Plans. Rather, the proposed legislation would help reduce the administrative burdens associated with requiring the return of excess basic or additional member contributions and requiring a separate payment for any contribution deficits in such accounts (or the calculation of an actuarial reduction based on such deficits).

ASSUMPTIONS AND METHODS: The estimates presented herein have been calculated based on the Revised 2021 Actuarial Assumptions and Methods of the impacted retirement systems.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the actuarial assumptions, methods, and models used, demographics of the impacted population and other factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Quantifying these risks is beyond the scope of this Fiscal Note.

This Fiscal Note is intended to measure pension-related impacts and does not include other potential costs (e.g., administrative and Other Postemployment Benefits). This Fiscal Note does not reflect any chapter laws that may have been enacted during the current legislative session.

STATEMENT OF ACTUARIAL OPINION: Marek Tyszkiewicz and Gregory Zelikovsky are members of the Society of Actuaries and the American Academy of Actuaries. We are members of NYCERS but do not believe it impairs our objectivity and we meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein. To the best of our knowledge, the results contained herein have been prepared in accordance with generally accepted actuarial principles and procedures and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.

FISCAL NOTE IDENTIFICATION: This Fiscal Note 2026-87 dated May 14, 2026 was prepared by the Chief Actuary for the New York City Retirement Systems and Pension Funds and is intended for use only during the 2026 Legislative Session.
