The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Section 210-B of the tax law is amended by adding a new
2 subdivision 61 to read as follows:

3 61. Credit for college to work program. (a) Allowance of credit. A
4 taxpayer shall be allowed a credit, to be computed as hereinafter
5 provided, against the tax imposed by this article, based upon its
6 payment of tuition to an institution of higher education on behalf of an
7 individual in exchange for the individual agreeing to work for the
8 taxpayer for a number of years, as set forth in a written agreement
9 between the taxpayer and the individual.

10 (b) Tuition. For the purposes of this credit, the term "tuition" shall
11 mean the tuition and fees paid for the enrollment and attendance of an
12 individual at an institution of higher education, as well as monies paid
13 for textbooks in connection with attendance at an institution of higher
14 education. Provided, however, any amounts which have been paid for or
15 reimbursed by any other scholarships or financial aid, or tuition
16 required for enrollment or attendance in a course of study leading to
17 the granting of a post baccalaureate or other graduate degree, shall be
18 excluded from the definition of "tuition".

19 (c) Institution of higher education. For the purposes of this credit,
20 the term "institution of higher education" shall mean any institution of
21 higher education, recognized and approved by the regents, or any succes-
22 sor organization, of the university of the state of New York or accred-

5 (d) Qualified individual. For purposes of this credit, the term "qual-
6 ified individual" shall mean any individual who is not a spouse, child

9 (e) Written agreement. For purposes of this credit, the term "written
10 agreement" shall mean a document signed and dated by both the taxpayer
11 and the qualified individual which contains provisions including but not

26 year for each such qualified individual.

27 (g) Carryover. The credit allowed under this subdivision for any taxa-
28 ble year shall not reduce the tax due for such year to less than the
29 amount prescribed in paragraph (d) of subdivision one of section two
30 hundred ten of this article. Provided, however, if the amount of credit
31 allowable under this subdivision for any taxable year reduces the tax to
32 such amount, any amount of credit not deductible in such taxable year
33 may be carried over to the following year or years, and may be deducted
34 from the taxpayer's tax for such year or years.

35 § 2. Subparagraph (B) of paragraph 1 of subsection (i) of section 606

2 required for enrollment or attendance in a course of study leading to
3 the granting of a post baccalaureate or other graduate degree, shall be
4 excluded from the definition of "tuition".

24 the parties' respective responsibilities in the event that the taxpayer
25 ceases operations or later decides not to offer employment to the indi-
26 vidual upon completion of their degree or in the event that the quali-
27 fied individual fails to complete the degree or to work for the taxpayer
28 for the agreed upon term.

29 (6) Amount of credit. Notwithstanding the provisions of any other law,
30 a taxpayer who provides for the payment of an individual's tuition under
31 the college to work program established by this subsection, shall be
32 allowed a credit against the tax imposed by this article, to the extent
33 of twenty-five percent of monies paid for each individual's tuition, but
34 such credit shall not exceed five thousand dollars for one year for each
35 such qualified individual.

40 § 4. This act shall take effect immediately and shall apply to all
41 taxable years commencing after January 1, 2025.
