1. The director shall promulgate rules and regulations providing for the establishment of a statewide certification program including rules and regulations governing the approval, denial or revocation of any such certification including revocations for convictions for fraudulently misrepresenting the status of minority or women-owned business enterprises. Such rules shall set forth the maximum personal net worth of a minority group member or woman who may be relied upon to certify a business as a minority-owned business enterprise or women-owned business enterprise with a minimum personal net worth threshold of fifteen million dollars, and may thereafter establish different maximum levels of personal net worth for minority group members and women on an industry-by-industry basis for such industries as the director shall determine. Such regulations relating to the classification of the industry-by-industry personal net worth thresholds above the fifteen million dollar threshold shall consider the personal net worth of the owners of both certified and non-certified businesses, including but not limited to, prime contractors and subcontractors, as well as any such other factors needed to establish such thresholds. Such rules and regulations shall include, but not be limited to, such matters as may be required to ensure that the established procedures thereunder shall at least be in compliance with the code of fair procedure set forth in section seventy-three of the civil rights law, and consistent with the provisions of article twenty-three-A of the correction law. Notwithstanding any provision of this subdivision or any other provision of law to the contrary, for purposes of certification of a minority-owned business enterprise, the personal net worth limit of fifteen million dollars or more shall not apply to any small business enterprise that manufactures metal or vinyl windows and doors (NAICS codes 332321 and 326199) that is located in a city with a population of more than one million and where eighty percent or more of its employees that work at such location in such city are minority group members as defined in subdivision eight of section three hundred ten of this article.

§ 5. This act shall take effect immediately; provided the amendments to article 15-A of the executive law made by sections one, two, three and four of this act shall not affect the repeal of such article and shall be deemed repealed therewith.
