20 provider is reasonably able to implement the emergency response plan,
21 whether the length of any outages related to such emergency were mate-
22 rially longer than they would otherwise have been because the service
23 provider failed to reasonably implement the emergency response plan, the
24 reasonableness of costs associated with such emergency response, the
25 costs, if any, that were unreasonably and imprudently incurred by the
26 service provider and whether the service provider would be liable for
