4 the duty of the owner of a public vessel which [~~he intends~~] they intend
5 to operate on the navigable waters of the state to notify the inspector
6 of such intention at least one month before it is desired to place the
7 vessel in operation and to request an inspection of such vessel. Upon
8 receipt of such notification the inspector shall enter the application
9 on the records of [~~his~~] their office. A temporary permit to operate such
10 vessel pending inspection may be issued by the inspector, if [~~he finds~~]

13 vessel shall be used or operated without a certificate of inspection or

1 insurance law. Public vessels certified by the office of parks, recre-
2 ation and historic preservation to carry passengers shall provide cover-
3 age of at least one million dollars per occurrence for injury to or
4 death of any person arising out of the negligent operation of said
5 public vessel.

6 Every such bond or insurance policy shall contain a provision for a
7 continuing liability thereunder, notwithstanding any recovery thereon,
8 and shall be in full force and effect whenever the public vessel is
9 underway.

10 2. No policy or contract shall be issued or delivered in this state
11 pursuant to this section unless it contains in substance the provisions
12 of section three hundred twenty of the insurance law.

13 3. Proof of bond or insurance required by this section shall be
14 produced and displayed by the owner or operator of such public vessel
15 upon the request of any person having authority to enforce the
16 provisions of this chapter. The failure to produce such proof upon the
17 request of any such person shall not be an offense but shall be presump-
18 tive evidence that the public vessel is being operated without having
19 such bond or insurance in force and effect.

20 4. No owner of a public vessel shall operate or permit the same to be
21 operated upon the navigable waters of this state without having in full
22 force and effect the liability insurance coverage required by this
23 section, and no person shall operate a public vessel upon the navigable
24 waters of this state with knowledge that such insurance is not in full
25 force and effect.

26 5. Operation of a public vessel in violation of the requirements of
27 this section shall be punishable as a misdemeanor in accordance with
28 section seventy-three-b of this article.

29 § 52. Self-insurers. The commissioner may, in their discretion, upon
30 the application of an owner of a public vessel to have such public
31 vessel certified, issue a certificate of self-insurance when they are
32 reasonably satisfied that such person is possessed and will continue to
33 be possessed of the financial ability to respond to judgments obtained
34 against such person, arising out of the ownership, maintenance, use or
35 operation of any such person's public vessel. Upon due notice and hear-
36 ing, the commissioner may, in their discretion and upon reasonable
37 grounds, cancel a certificate of self-insurance.

38 § 3. This act shall take effect on the ninetieth day after it shall
39 have become a law.
