17 the state of New York would increase the cost of the contract by an
18 unreasonable amount; that such personal protective equipment or medical
19 supplies cannot be produced or made in the state of New York in suffi-

19 would not be in the public interest; that obtaining such personal
20 protective equipment or medical supplies produced or made in the state
21 of New York would increase the cost of the contract by an unreasonable
22 amount; that such personal protective equipment or medical supplies
23 cannot be produced or made in the state of New York in sufficient and
24 reasonably available quantities and of satisfactory quality or design to
25 meet the authority's requirements; or that purchasing personal protec-
