2 succeeding thirty-first day of December. The term of a member thereafter
3 appointed, except to fill a vacancy occurring otherwise than by expira-

17 § 76. Purposes of the commission. It shall be the duty of the legisla-

22 a public need exists for the continuation of reformation of a state
23 agency and its functions and operations, the commission and its staff
24 shall consider the following criteria:

25 1. the efficiency and effectiveness with which the agency operates;
26 2. an identification of the mission, goals, and objectives intended
27 for the agency and of the problem or need that the agency was intended
28 to address;

29 3. the extent to which the mission, goals, and objectives have been
30 achieved and the problem or need has been addressed;

31 4. an identification of any activities of the agency in addition to
32 those granted by statute and of the authority for those activities and
33 the extent to which those activities are needed;

34 5. an assessment of authority of the agency relating to fees,
35 inspections, enforcement, and penalties;

36 6. whether less restrictive or alternative methods of performing any
37 function that the agency performs could adequately protect or provide
38 service to the public;

39 7. the extent to which the jurisdiction of the agency and the programs
40 administered by the agency overlap or duplicate those of other agencies,
41 the extent to which the agency coordinates with those agencies, and the
42 extent to which the programs administered by the agency can be consol-
43 idated with the programs of other state agencies;

44 8. the promptness and effectiveness with which the agency addresses
45 complaints concerning entities or other persons affected by the agency,
46 including an assessment of the agency's administrative hearings process;

47 9. an assessment of the agency's rulemaking process and the extent to
48 which the agency has encouraged participation by the public in making
49 its rules and decisions and the extent to which the public participation
50 has resulted in rules that benefit the public;

51 10. the extent to which the agency has complied with federal and state
52 laws and applicable rules regarding equality of employment opportunity
53 and the rights and privacy of individuals, and state law and applicable
54 rules of any state agency regarding purchasing guidelines and programs
55 for historically underutilized businesses;

1 11. the extent to which the agency issues and enforces rules relating
2 to potential conflicts of interest of its employees;

3 12. the effect of federal intervention or loss of federal funds if the
4 agency is abolished; and

5 13. the extent to which the purpose and effectiveness of reporting
6 requirements imposed on the agency justifies the continuation of the
7 requirement.

8 § 77. Report and recommendations. 1. The legislative sunset advisory
9 commission shall, every thirty-first day of December, issue a report to
10 the governor and the legislature on the state agencies reviewed in the

12 (a) findings regarding the criteria prescribed by section seventy-six
13 of this article;

21 (d) make recommendations to improve the functions and operations of
22 the agency, including management recommendations that do not require a
23 change in the agency's enabling statute; and

24 (e) make recommendations on the continuation or abolition of each
25 reporting requirement imposed on the agency by law.

26 2. The legislative sunset advisory commission shall hold at least one
27 public hearing upon making a recommendation pursuant to subdivision one
28 of this section.

29 3. State agencies shall provide notice to: (a) all employee labor

34 that may impact employment as a result of an action taken by the legis-
35 lative sunset advisory commission.

36 4. The legislative sunset advisory commission shall include the esti-
37 ated fiscal impact of its recommendations and may recommend appropri-
38 ation levels for certain programs to improve the operations of the state
39 agency.

40 5. Suggested actions of the legislative sunset advisory commission
41 shall have the force of law unless acted upon by the legislature.

42 § 78. Impact on employees. Any employee impacted by the abolition,
43 continuation, or reorganization of a reviewed state agency and its func-
44 tions and operations shall be provided with an opportunity to accept
45 similar employment within state government with the same salary and
46 benefits provided at the time the state agency is abolished, continued,
47 or reorganized.

48 § 3. This act shall take effect immediately.
