29 es, 1.5 ppm for root and rhizome spices, 2 ppm for bark spices, 1 ppm
30 for bud spices, leaf spices and flower pistil spices, and 0.9 ppm for
31 seed and aril spices.

32 3. The department shall be authorized to utilize its enforcement
33 authority to recall spices that exceed the levels set forth in subdivi-
34 sion two of this section.

35 § 389-w. Enforcement. Whenever there shall be a violation of subdivi-
36 sion two of section three hundred eighty-nine-v of this article an
37 application may be made by the attorney general in the name of the
38 people of the state of New York to a court or justice having jurisdic-
39 tion by a special proceeding to issue an injunction, and upon notice to
40 the defendant of not less than five days, to enjoin and restrain the
41 continuance of such violation; and if it shall appear to the satisfac-
42 tion of the court or justice that the defendant has, in fact, violated
43 subdivision two of section three hundred eighty-nine-v of this article,
44 an injunction may be issued by the court or justice, enjoining and
45 restraining any further violations, without requiring proof that any
46 person has, in fact, been injured or damaged thereby. In any such
47 proceeding, the court may make allowances to the attorney general as
48 provided in paragraph six of subdivision (a) of section eighty-three
49 hundred three of the civil practice law and rules, and direct restitu-
50 tion. Whenever the court shall determine that a violation of subdivision
51 two of section three hundred eighty-nine-v of this article has occurred,
52 the court may impose a civil penalty of not more than five hundred
53 dollars for each violation. Each retail sale of a spice contaminated
54 with lead in excess of the maximum limits shall constitute a separate
55 violation. In connection with any such proposed application, the attor-
56 ney general is authorized to take proof and make a determination of the

1 relevant facts and to issue subpoenas in accordance with the civil prac-
2 tice law and rules.

3 § 389-x. Preemption and severability. 1. In the event that the federal
4 government whether by statute or regulation has established a maximum
5 limit of lead in spices sold at retail, such limit shall supersede the
6 provisions of this article and shall apply on and after the effective
7 date of such change. Provided, however, that unless and until such
8 adoption, the maximum limit established in this article shall govern,
9 and any provision of any local law, ordinance or any rule or regulation
10 promulgated by the department shall upon the effective date of this
11 section be preempted. Nothing in this section shall be construed to
12 restrict a municipality from enforcing the provisions of this subdivi-
13 sion as it relates to inspection or monitoring of food safety as
14 required by the commissioner or the department.

15 2. If any provision of this article or the application thereof to any
16 person or circumstance is held unconstitutional, such invalidity shall
17 not affect other provisions or applications of this section which can be
18 given effect without the invalid provision or application, and to this
19 end the provisions of this section are severable.

20 § 2. This act shall take effect one year after it shall have become a
21 law. Effective immediately, the addition, amendment and/or repeal of any
22 rule or regulation necessary for the implementation of this act on its
23 effective date are authorized to be made and completed on or before such
24 effective date.
