FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would allow certain members of the New York State and Local Employees' Retirement System (NYSLERS) employed as correction officers, correction supervisors, deputy sheriff patrol, or deputy sheriff patrol supervisors to receive an accidental disability benefit if the member is impaired due to a condition of the heart as a result of an accident, in the performance of their duties, unless the contrary be proven by competent evidence. Currently, only members covered under Article 14-B of the Retirement and Social Security Law (RSSL) are entitled to this provision. For affected members in tiers 1 and 2, the annual benefit would be 3/4 of final average salary (FAS) less workers' compensation. For affected members in tiers 3-6, the annual benefit would be 1/3 of FAS.

The provisions of Section 25 of the RSSL shall not apply.

If this bill is enacted during the 2025 Legislative Session, it would likely lead to an increased number of accidental disabilities and deaths for future retirees.

We anticipate that there will be an increase of approximately \$1.8 million in the annual contributions of the counties employing the affected members for the fiscal year ending March 31, 2026. In future years this cost will vary but is expected to average 0.2% of salary.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately \$5.98 million which will be shared by the State of New York and the local participating employers in NYSLERS.

Further, we anticipate that there will be some administrative costs to implement the provisions of this legislation.

These estimated costs are based on 8,096 members with annual salary of approximately \$760 million as of March 31, 2024. Correction officers and deputy sheriffs covered under the RSSL Section 89-series (25-year plans) were included. However, only members with the patrol title, who cannot be readily identified, will be affected.
