AN ACT to amend the general municipal law, in relation to electronic bell jar games

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

- 1 Section 1. Legislative findings and purpose. 1. The legislature hereby
2 finds that:
3 (a) bell jar games are a popular and profitable fundraising mechanism
4 for bona fide not-for-profit organizations across the state, generating
5 millions of dollars in net revenues for charitable purposes every year;
6 (b) authorized organizations that offer bell jars and other games of
7 chance must meet strict standards established by the New York state
8 general municipal law and the New York state gaming commission, includ-
9 ing receiving a license to conduct charitable gaming activities; and
10 (c) while other types of gaming in New York state have continued to
11 expand and improve, the operation of charitable gaming activities has
12 largely remained the same over the last several decades.
13 2. (a) For the aforementioned reasons, the legislature hereby declares
14 that authorized organizations licensed by the New York state gaming
15 commission to conduct charitable gaming would greatly benefit from the
16 ability to operate electronic bell jar vending machines, which display
17 and dispense pre-printed bell jar tickets that have predetermined
18 winners and predetermined values for prizes, in order to help increase
19 charitable gaming profits across the state and attract more members to
20 join such organizations; and

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.

(b) Provided further, the legislature also declares that this legislation includes appropriate safeguards to ensure that electronic bell jar vending machines remain a limited and controlled fundraising tool, distinct from video lottery terminals or slot machines in design and function. The machines authorized herein may only be operated by licensed and authorized organizations, are limited pursuant to the provisions of subdivision 6 of section 195-c of the general municipal law in order to prohibit casino-like gaming parlors, and are primarily for use by members of such authorized organizations.

§ 2. Subdivision 3-a of section 186 of the general municipal law, as amended by chapter 531 of the laws of 2011, is amended to read as follows:

3-a. "Bell jars" shall mean and include those games in which a participant shall draw a card from a jar, vending machine, including an electronic bell jar vending machine, or other suitable device or container which contains numbers, colors or symbols that are covered and which, when uncovered, may reveal that a prize shall be awarded on the basis of a designated winning number, color or symbol or combination of numbers, colors or symbols. Bell jars shall also include seal cards, coin boards, event games, and merchandise boards. An electronic bell jar vending machine shall track the sales of tickets and any other information as required by the commission and report such sales and other information to the commission, use electronic features to display and dispense pre-printed bell jar tickets, and may include audio and video features to display information about a ticket being dispensed, provided that such features shall not affect the outcome of the game.

§ 3. Subdivision 9 of section 188-a of the general municipal law, as added by chapter 960 of the laws of 1976, is amended to read as follows:

9. (a) The ~~[board]~~ commission shall have the power to approve and establish a standard set of games of chance equipment and shall by its rules and regulations prescribe the manner in which such equipment is to be reproduced and distributed to licensed authorized organizations. The sale or distribution to a licensed authorized organization of any equipment other than that contained in the standard set of games of chance equipment shall constitute a violation of this section.

(b) After the effective date of this paragraph, no electronic bell jar vending machine shall be sold, leased, distributed, installed, or operated by any manufacturer, distributor, or charitable organization until such machine has been approved by the commission. No electronic bell jar vending machine shall be approved by the commission unless the operation of the game demonstrates that there is a finite probability basis of having a predetermined quantity of chances among which there is a predetermined quantity of winners that pay a fixed and predetermined value of prizes, regardless of the symbols that are used or how those symbols are displayed on pre-printed bell jar tickets.

(c) The commission shall promulgate such rules and regulations as may be necessary for the approval and implementation of electronic bell jar vending machine gaming. The commission may revoke, suspend, or condition approval of an electronic bell jar vending machine. Upon request for authorization, the commission shall approve or deny such request within thirty days. If the commission denies such request for approval, it shall provide the reasons for such determination.

§ 4. Subdivision 3 of section 189 of the general municipal law, as amended by chapter 337 of the laws of 1998, is amended to read as follows:

3. No authorized organization licensed under the provisions of this article shall purchase, lease, or receive any supplies or equipment specifically designed or adapted for use in the conduct of games of chance from other than a supplier licensed by the [board] commission or from another authorized organization. Lease terms and conditions shall be subject to rules and regulations promulgated by the [board] commission. The provisions of this article shall not be construed to authorize or permit an authorized organization to engage in the business of leasing games of chance, supplies, or equipment. Furthermore, no organization shall purchase bell jar tickets~~[r]~~ or deals of bell jar tickets, or purchase or lease any electronic bell jar vending machine, from any other person or organization other than those specifically authorized under sections one hundred ninety-five-n and one hundred ninety-five-o of this article.

§ 5. The opening paragraph of section 189-a of the general municipal law, as amended by chapter 164 of the laws of 2003, is amended to read as follows:

No person, firm, partnership, corporation or organization, shall sell or distribute supplies or equipment specifically designed or adapted for use in conduct of games of chance without having first obtained a license therefor upon written application made, verified and filed with the [board] commission in the form prescribed by the rules and regulations of the [board] commission. As a part of its determination concerning the applicant's suitability for licensing as a games of chance supplier, the [board] commission shall require the applicant to furnish to the [board] commission two sets of fingerprints. Such fingerprints shall be submitted to the division of criminal justice services for a state criminal history record check, as defined in subdivision one of section three thousand thirty-five of the education law, and may be submitted to the federal bureau of investigation for a national criminal history record check. Manufacturers of bell jar tickets shall be considered suppliers of such equipment. In each such application for a license under this section shall be stated the name and address of the applicant; the names and addresses of its officers, directors, shareholders or partners; the amount of gross receipts realized on the sale and rental of games of chance supplies and equipment to duly licensed authorized organizations during the last preceding calendar or fiscal year, and such other information as shall be prescribed by such rules and regulations. The fee for such license shall be a sum equal to twenty-five dollars plus an amount equal to two per centum of the gross sales and rentals, if any, of games of chance equipment and supplies to authorized organizations or authorized games of chance lessors by the applicant during the preceding calendar year, or fiscal year if the applicant maintains ~~[his]~~ their accounts on a fiscal year basis; provided, however, that for manufacturers of electronic bell jar vending machines, the fee for such license shall be one thousand dollars. No license granted pursuant to the provisions of this section shall be effective for a period of more than one year.

§ 6. Section 195-c of the general municipal law, as amended by chapter 252 of the laws of 1998, is amended to read as follows:

§ 195-c. ~~[1r]~~ Persons operating games; equipment; expenses; compensation. 1. No person shall operate any game of chance under any license issued under this article except a bona fide member of the authorized organization to which the license is issued, or a bona fide member of an organization or association which is an auxiliary to the licensee or a bona fide member of an organization or association of which such licen-

1 see is an auxiliary or a bona fide member of an organization or associ-
2 ation which is affiliated with the licensee by being, with it, auxiliary
3 to another organization or association. Nothing herein shall be
4 construed to limit the number of games of chance licensees for whom such
5 persons may operate games of chance nor to prevent non-members from
6 assisting the licensee in any activity other than managing or operating
7 games. No game of chance shall be conducted with any equipment except
8 such as shall be owned or leased by the authorized organization so
9 licensed or used without payment of any compensation therefor by the
10 licensee. However, in no event shall bell jar tickets be transferred
11 from one authorized organization to another, with or without payment of
12 any compensation thereof. The head or heads of the authorized organiza-
13 tion shall upon request certify, under oath, that the persons operating
14 any game of chance are bona fide members of such authorized organiza-
15 tion, auxiliary or affiliated organization. Upon request by an officer
16 or the department any such person involved in such games of chance shall
17 certify that ~~[he or she has]~~ they have no criminal record. No items of
18 expense shall be incurred or paid in connection with the conducting of
19 any game of chance pursuant to any license issued under this article
20 except those that are reasonable and are necessarily expended for games
21 of chance supplies and equipment, prizes, security personnel, stated
22 rental if any, bookkeeping or accounting services according to a sched-
23 ule of compensation prescribed by the ~~[board]~~ commission, janitorial
24 services and utility supplies if any, and license fees, and the cost of
25 bus transportation, if authorized by such clerk or department. No
26 commission, salary, compensation, reward or recompense shall be paid or
27 given to any person for the sale or assisting with the sale of raffle
28 tickets.

29 2. For the purpose of the sale of tickets for the game of raffle, the
30 term "operate" shall not include the sale of such tickets by persons of
31 lineal or collateral consanguinity to members of an authorized organiza-
32 tion licensed to conduct a raffle.

34 the commission pursuant to paragraph (b) of subdivision nine of section

43 by the commission and report such sales and other information to the
44 commission;

45 (g) prohibit spinning reels or other representations or audiovisual
46 features that mimic a video lottery terminal or slot machine;

47 (h) prohibit any electronic user interface that mimics a video slot
48 machine;

49 (i) prohibit free plays, bonus games, multipliers, jackpots; provided,
50 however, that for purposes of this paragraph, the prohibition on
51 "jackpots" shall not include prizes that may be won on the bell jar
52 ticket itself, subject to limitations set forth in regulations promul-
53 gated by the commission, discounts, promotions, special offers, or simi-
54 lar incentives to initiate or prolong player engagement;

55 (j) prohibit any feature that simulates skill or allows player input
56 to influence the outcome of a predetermined result;

1 (k) prohibit the display of near-miss outcomes that may mislead a
2 player into believing a win was narrowly missed; and

3 (l) limit the speed of play to prevent rapid successive wagering as
4 required by regulations promulgated by the commission.

5 4. The following information shall be displayed by each electronic
6 bell jar vending machine:

7 (a) the total number of tickets in each deal;

8 (b) the price of each ticket;

9 (c) the number and amount of prizes in each deal;

10 (d) the number of winners per ticket and its respective winning

32 6. (a) For the purposes of this subdivision, the following terms shall
33 have the following meanings:

35 the activities of an authorized organization and resides within the
36 county where the authorized organization is located or an adjoining
37 county, as defined by rules promulgated by the commission.

38 (ii) "Existing authorized organization" shall mean an authorized
39 organization that was licensed to conduct games of chance prior to the
40 effective date of this subdivision.

41 (iii) "New authorized organization" shall mean an authorized organiza-

44 (iv) "Gaming facility" shall mean any commercial casino, video lottery
45 terminal facility, or tribal gaming facility operating pursuant to state
46 or federal law. Locations of such facilities shall be those identified
47 by the commission.

48 (b) The maximum number of electronic bell jar vending machines that an
49 existing authorized organization may operate shall be determined based
50 upon the number of its active local members, as follows:

51 (i) An existing authorized organization with fewer than fifty active
52 local members may operate a maximum number of one electronic bell jar
53 vending machine;

54 (ii) An existing authorized organization with fifty or more but fewer
55 than one hundred active local members may operate a maximum of two elec-
56 tronic bell jar vending machines;

1 (iii) An existing authorized organization with one hundred or more
2 active local members but fewer than two hundred active local members may
3 operate a maximum of three electronic bell jar vending machines;

4 (iv) An existing authorized organization with two hundred or more but
5 fewer than three hundred active local members may operate a maximum of
6 four electronic bell jar vending machines; and

7 (v) An existing authorized organization with three hundred or more
8 active local members may operate a maximum of five electronic bell jar
9 vending machines.

10 (c) A new authorized organization may operate a maximum of one elec-
11 tronic bell jar vending machine.

12 (d) (i) For any authorized organization at a premises located within
13 fifteen miles of any gaming facility, the maximum number of electronic
14 bell jar vending machines that may be operated shall be one, notwith-
15 standing the provisions of paragraph (b) of this subdivision; provided
16 however, that this limitation shall not apply to gaming facilities
17 located within cities with a population of one million or more as of the
18 latest federal decennial census.

19 (ii) For any authorized organization at a premises located more than
20 fifteen miles but not more than twenty-five miles from any gaming facil-
21 ity, the maximum number of electronic bell jar vending machines that may
22 be operated shall be three, notwithstanding the provisions of paragraph
23 (b) of this subdivision.

24 (iii) In cities with a population of one million or more as of the
25 latest federal decennial census, the following geographic considerations
26 shall apply, notwithstanding any other provision of this paragraph or
27 paragraph (b) of this subdivision:

28 For any authorized organization at a premises located within two thou-
29 sand five hundred feet of any gaming facility, the maximum number of
30 electronic bell jar vending machines that may be operated shall be one.
31 The commission shall establish procedures for measuring such distance.
32 For any authorized organization at a premises located more than two
33 thousand five hundred feet but not more than one mile from any gaming
34 facility, the maximum number of electronic bell jar vending machines
35 that may be operated shall be one for new authorized organizations. For
36 existing authorized organizations within this zone, the maximum number
37 of electronic bell jar vending machines shall be two, provided that the
38 commission, in authorizing such machines, considers local market condi-
39 tions and the objectives of preventing market oversaturation. For any
40 authorized organization at a premises located more than one mile from
41 any gaming facility, the maximum number of electronic bell jar vending
42 machines shall be determined in accordance with paragraphs (b) and (c)
43 of this subdivision, provided that the commission shall retain the
44 discretion to impose stricter limitations based on local density of
45 authorized organizations operating such machines, potential impact on
46 existing gaming facilities, and other local market conditions specific
47 to such city, consistent with the objectives set forth in paragraph (e)
48 of this subdivision. The commission shall, by rule or regulation,
49 further define the methodology for assessing local density and market
50 conditions within such cities and may establish specific zones or areas
51 where the placement of electronic bell jar vending machines is further
52 limited or requires enhanced review, to ensure the responsible inte-
53 gration of such charitable gaming opportunities.

54 (iv) The commission shall have the authority to establish, by rule or
55 regulation, specific proximity zones around gaming facilities and to
56 modify the limitations provided in subparagraphs (i), (ii), and (iii) of

this paragraph based upon local market conditions, potential impact on existing gaming facilities, and the need to prevent loss of employment at such facilities, provided that any such modification shall be consistent with the objective of supporting charitable fundraising while maintaining the existing gaming landscape and preventing market oversaturation; provided however, that any such modification shall constitute only a reduction of the thresholds established by this subdivision.

(e) (i) Notwithstanding any other provision of this subdivision, the commission shall have the discretion to determine the number of electronic bell jar vending machines that may be operated by any authorized organization, and the location of such machines; provided however, that such number of machines shall not exceed the limits established in this subdivision. Such discretion shall be exercised to ensure that the introduction and operation of electronic bell jar vending machines occurs exclusively to the fundraising capabilities of legitimate charitable organizations while maintaining the stability of existing regulated gaming sectors and revenue to the state, and avoiding any loss of employment at existing gaming facilities.

(ii) The commission may require periodic reporting or verification of active local membership to ensure ongoing compliance with eligibility requirements and may take enforcement action in cases of material misrepresentation or sustained noncompliance. The commission may also take into consideration reasonable and periodic fluctuations in membership to avoid requiring the removal or retirement of electronic bell jar vending machines due to temporary or minimal decreases in membership.

(iii) The commission shall deny, revoke, or limit the number of electronic bell jar vending machines an authorized organization may operate if it determines that such organization has been established, structured, or is being utilized, directly or indirectly, to obtain a greater number of machines than otherwise would be permitted. This includes, but is not limited to, the creation of subsidiary entities, shell organizations, or any other arrangement where the facts and circumstances indicate an intent to circumvent the limitations set forth in this subdivision. The commission is empowered to scrutinize the governance, operational control, and financial interdependence of organizations to make such determinations.

(iv) The co-siting or joint housing of multiple authorized organizations at a single premises or contiguous premises for the primary purpose of increasing the aggregate number of electronic bell jar vending machines at such location beyond what would otherwise be permitted for a single authorized organization operating at such premises is prohibited, unless explicitly authorized by the commission upon a finding that such arrangement is consistent with the public interest and the objectives of this article. The commission shall promulgate rules and regulations to effectuate this provision, considering factors such as shared operational control, membership overlap, and the primary purpose of the co-siting arrangement.

7. The commission shall promulgate such rules and regulations as may be necessary for the implementation of electronic bell jar vending machine gaming in accordance with the provisions of this section, including but not limited to the verification of active local membership numbers and assessment of proximity to gaming facilities.

10 the [board] commission shall approve or deny such bell jar tickets.

35 transfer. Such report shall also include information regarding any elec-
36 tronic bell jar vending machines sold or leased to a distributor
37 licensed by the commission.

38 § 8. Subdivisions 1, 3, 4, and 5 of section 195-o of the general

6 jar tickets that it sells and all electronic bell jar vending machines
7 that it sells or leases. The record shall include, but need not be

21 such other information that the commission may direct by regulation.
22 The commission shall have access to the server of each electronic bell
23 jar vending machine for the purpose of monitoring and auditing at no
24 cost to the state.

25 (e) Any unclaimed funds or tickets left in any electronic bell jar
26 vending machine shall be retained by the authorized organization and
