FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would allow up to five years of service rendered as a police officer with (a) the State University of New York or Regional State Park Police Department, or (b) as an investigator in the Office of the Attorney General to be credited toward additional sixtieths under section 384-e of the Retirement and Social Security Law. The members must have 20 years of service credit and would be required to make a payment equal to three percent of their most recent compensation per year of service credit.

Insofar as this bill affects the New York State and Local Police and Fire Retirement System (NYSLPFRS), there are 156 benefiting members with annual salary of approximately $19 million as of March 31, 2025. These members can immediately purchase approximately 270 years of service credit, generating a past service cost of $9.0 million. The cost will be shared by the participating employers in NYSLPFRS and spread over future billing cycles.

The number of future members who could be affected by this legislation cannot be readily determined. For each additional year of service credit granted pursuant to this legislation, there will be additional costs averaging 27% of the member's compensation. All costs will be borne by the state of New York and local participating employers in NYSLPFRS.
