5 Section 344-o. Certain covenants, conditions, and restrictions of homeowners' associations prohibited.

7 § 344-o. Certain covenants, conditions, and restrictions of homeowners' associations prohibited. 1. For the purposes of this section:

9 (a) "restriction on use" shall mean any covenant, restriction, or condition contained in:

11 (i) a deed;

12 (ii) a contract;

13 (iii) the by-laws of a homeowners' association;

14 (iv) any rules or regulations adopted by a homeowners' association;

15 (v) a security agreement; or

24 2. 1 and shall be void as contrary to public policy. For the purposes of this
2 subdivision, an unreasonable limitation includes, but is not limited to,
3 any restriction on use that:

4 (a) inhibits the central air conditioner or heat pump from functioning
5 at its intended maximum efficiency; or

6 (b) increases the central air conditioner or heat pump's installation
7 or maintenance costs by an amount which is estimated to be greater than
8 ten percent of the total cost of the initial installation of the central
9 air conditioner or heat pump, including the costs of labor and equip-
10 ment.

11 3. Notwithstanding subdivision two of this section, a homeowners'
12 association may adopt or enforce a restriction on use to prohibit the
13 installation of a central air conditioner or heat pump that is located
14 on property owned by the homeowners' association or that is located on
15 property owned in common by the members of the homeowners' association.

16 4. If approval for the installation or use of a central air condition-
17 er or heat pump is required by a homeowners' association, the applica-
18 tion for approval shall be processed and approved by the association in
19 a manner prescribed by the association and shall not be willfully
20 avoided or delayed. The approval or denial of an application shall be in
21 writing. Any denial of a homeowner's application shall include a
22 detailed description of the exact basis for the denial and shall include
23 specific examples of the homeowners' association's concerns, if applica-
24 ble. If an application is not denied in writing within sixty days from
25 the date of receipt of the application, the application shall be deemed
26 approved, unless that delay is the result of a reasonable request for
27 additional information.

28 5. A central air conditioner or heat pump shall meet the requirements
29 established by any local, state or federal law, rule or regulation on
30 health and safety standards and those requirements imposed by state and
31 local permitting authorities.

32 6. In any action by a homeowner requesting to have a central air
33 conditioner or heat pump installed and seeking to enforce compliance
34 with this section, the homeowner shall be awarded reasonable attorney's
35 fees if such homeowner prevails.

37 have become a law.
