3 (e) Prior to placing an initial sports wager, an authorized sports

56 unlawful activity.

1 (d) The use of a third-party service provider to perform identity
2 verification shall not relieve a mobile sports wagering licensee of its
3 responsibility to comply with this subdivision.

4 (e) Where a mobile sports wagering licensee cannot form a reasonable
5 belief that it knows the true identity of a prospective sports bettor,
6 such licensee shall not activate the account or permit the placement of
7 sports wagers and shall take such further action as may be required by
8 the commission.

9 4. (a) Each authorized sports bettor shall be required to use a user-
10 name and password or other primary login credential, together with at
11 least one additional authentication factor that is independent of such

14 the following:

15 (i) biometric data, including fingerprint, facial or voice recogni-

33 section after such information is modified and as required by the
34 commission.

35 (e) A mobile sports wagering licensee shall implement written monitor-
36 ing procedures reasonably designed to detect suspicious activity,
37 account compromise, fraud, account sharing, proxy betting, placement of
38 a sports wager by a prohibited sport bettor, or other unlawful activity.

39 (f) Where monitoring conducted pursuant to paragraph (e) of this
40 subdivision identifies activity reasonably indicating a material risk of
41 account compromise, fraud, account sharing, proxy betting, the placement
42 of a sports wager by a prohibited sports bettor, or other unlawful
43 activity, the mobile sports wagering licensee shall promptly suspend the
44 affected account pending review. If, following such review, the mobile
45 sports wagering licensee determines that such activity is likely to have
46 occurred or be occurring, the commission shall be notified, and the
47 account shall remain suspended until corrective measures required pursu-
48 ant to commission regulation have been implemented.

49 (g) If a mobile sports wagering licensee or the commission determines
50 that an authorized sports bettor or any other person has, in connection
51 with mobile sports wagering, knowingly engaged in fraud, account shar-
52 ing, proxy betting, or other unlawful activity, such authorized sports
53 bettor, and any other person determined to have knowingly participated
54 in such activity, may be designated a prohibited sports bettor in
55 accordance with commission regulation.

1 5. (a) A mobile sports wagering licensee shall establish, implement,
2 and maintain written responsible gaming procedures reasonably designed
3 to identify, assess, and mitigate gambling-related harm, including
4 through risk assessments conducted pursuant to this section.

5 (b) Such procedures shall be incorporated into the mobile sports
6 wagering licensee's system of internal controls and subject to review by
7 the commission and approval as required by commission regulation.

8 (c) Each mobile sports wagering licensee shall designate a responsible
9 gaming lead who shall be a senior employee or officer with sufficient
10 authority and resources to implement, oversee, and enforce such mobile
11 sports wagering licensee's responsible gaming procedures and ensure that
12 such procedures comply with this section and applicable commission regu-
13 lations.

14 (i) Such responsible gaming lead shall ensure that risk assessments
15 are conducted in accordance with this section and applicable commission
16 regulations.

17 (ii) Such responsible gaming lead shall oversee documentation, record
18 retention, internal review, and reporting obligations pursuant to this
19 section.

20 (iii) The designation of a responsible gaming lead shall not relieve a
21 mobile sports wagering licensee of ultimate responsibility for compli-
22 ance.

23 (iv) The responsible gaming lead shall provide periodic written
24 reports, no less than annually, to senior management of the mobile
25 sports wagering licensee regarding the following:

26 (A) the effectiveness of responsible gaming procedures;

27 (B) trends in risk assessments and risk designations, including
28 at-risk, elevated-risk, and high-risk sports bettor designations;

29 (C) responsible gaming actions and interventions undertaken; and

30 (D) recommendations for modifications or improvements to responsible
31 gaming procedures.

32 (v) Such reports shall be documented and retained in accordance with
33 subdivision eight of this section and made available to the commission
34 upon request.

35 (d) Responsible gaming procedures shall include training for relevant
36 employees regarding risk factors, risk assessment, documentation, and
37 responsible gaming obligations in accordance with commission regu-
38 lations.

39 (e) Responsible gaming procedures shall include periodic internal
40 review of the effectiveness of risk assessments, responsible gaming
41 actions taken pursuant to this section, and other procedures as
42 prescribed by the commission. Such review shall be documented and made
43 available to the commission upon request.

44 6. (a) Responsible gaming procedures shall include ongoing monitoring
45 and documentation reasonably designed to identify risk factors associ-
46 ated with an authorized sports bettor, including but not limited to the
47 following:

48 (i) escalation in wager size or loss exposure, or patterns of
49 sustained wagering losses;

50 (ii) increases in deposit frequency or amounts, including rapid or
51 repeated redeposit behavior following losses;

52 (iii) extended duration, high-frequency, or repeated late-night wager-
53 ing sessions, or other patterns of intensified engagement with the
54 mobile sports wagering platform;

55 (iv) frequent modification or removal of deposit, wager, or time
56 limits or reversal of withdrawals from an account;

1 (v) repeated failed payment transactions or other indicators of finan-
2 cial distress;

3 (vi) frequent interactions with responsible gaming tools or resources
4 that may indicate heightened risk; and

5 (vii) any other risk factor established by regulation of the commis-
6 sion.

7 (b) The commission shall promulgate regulations establishing guidance
8 regarding the identification, weighting, and evaluation of risk factors
9 consistent with this section.

10 7. (a) Responsible gaming procedures shall include a documented risk
11 assessment conducted when risk factors, individually or in combination,
12 reach objective, evidence-based thresholds established pursuant to
13 commission regulation, which may be qualitative, quantitative, or both,
14 and reasonably indicate that an authorized sports bettor is at signif-
15 icant risk of gambling-related harm.

16 (i) Such review shall evaluate the nature, frequency, and severity of
17 the risk factors.

18 (ii) The results of such review shall be documented and retained in
19 accordance with subdivision eight of this section.

20 (b) If, following completion of a risk assessment conducted pursuant
21 to paragraph (a) of this subdivision, a mobile sports wagering licensee
22 determines that an authorized sports bettor is at significant risk of
23 gambling-related harm, such authorized sports bettor shall be designated
24 as an at-risk sports bettor.

25 (c) The commission shall establish additional criteria, including
26 objective, evidence-based thresholds, to determine whether an at-risk
27 sports bettor qualifies as an elevated-risk or high-risk sports bettor.

28 (d) A prior risk assessment or risk designation of an authorized
29 sports bettor shall not relieve a mobile sports wagering licensee of its
30 obligation to continue monitoring such authorized sports bettor pursuant
31 to subdivision six of this section or to conduct subsequent risk assess-
32 ments where such monitoring identifies risk factors that meet or exceed
33 objective, evidence-based thresholds established pursuant to commission
34 regulation. Risk assessments shall be conducted on an ongoing basis as
35 warranted by such monitoring and may result in the maintenance, esca-
36 lation, or reduction of an authorized sports bettor's risk designation.

37 8. (a) A mobile sports wagering licensee shall document, in a manner
38 sufficient to demonstrate compliance with this section and applicable
39 commission regulations, the following:

40 (i) suspicious activity associated with an account, such as indicators
41 of account sharing, proxy betting, fraud, or otherwise unlawful activ-
42 ity, including the investigation and disposition of such activity;

43 (ii) documentation relating to identity verification procedures and
44 resolution of discrepancies pursuant to subdivision three of this
45 section;

46 (iii) documentation of re-verification actions taken pursuant to
47 subdivision four of this section;

48 (iv) documentation of periodic internal reviews conducted pursuant to
49 subdivision five of this section;

50 (v) documentation of reports provided to senior management pursuant to
51 subdivision five of this section;

52 (vi) risk factors identified pursuant to subdivision six of this
53 section associated with authorized sports bettors;

54 (vii) risk assessments conducted pursuant to subdivision seven of this
55 section;

1 (viii) determinations regarding whether an authorized sports bettor
2 qualifies as an at-risk sports bettor, elevated-risk sports bettor, or
3 high-risk sports bettor;

4 (ix) any responsible gaming actions and interventions taken in
5 response to such determinations; and

6 (x) other information required pursuant to commission regulation
7 consistent with this section.

8 (b) The responsible gaming lead shall establish and periodically
9 update a list of at-risk sports bettors, which shall be provided to the
10 commission upon request.

11 (i) An at-risk sports bettor may be removed from such list if, pursu-
12 ant to a subsequent risk assessment conducted in accordance with this
13 section, such authorized sports bettor is determined to no longer quali-
14 fy as an at-risk sports bettor.

15 (ii) If an authorized sports bettor meets or exceeds thresholds estab-
16 lished pursuant to commission regulations under subdivision seven of
17 this section that trigger a risk assessment and is subsequently deter-
18 mined not to qualify as an at-risk sports bettor, the documented risk
19 assessment shall include the specific reasons for such determination.

20 (c) All records required pursuant to this section shall be retained
21 for not less than five years, or such longer period as may be required
22 by regulations promulgated by the commission, except as provided in
23 paragraph (c) of subdivision nine of this section.

24 (d) The commission may require periodic reporting, in anonymized or
25 aggregated form, regarding demographic information, risk factors, risk
26 assessments, responsible gaming actions and interventions, and related
27 outcomes for the purpose of:

28 (i) evaluating compliance with this section and applicable commission
29 regulations;

30 (ii) assessing the effectiveness of responsible gaming procedures; and

31 (iii) informing public policy development related to mobile sports
32 wagering, responsible gaming, and gambling-related harm.

33 (e) No personally identifiable information collected pursuant to this
34 section shall be disclosed unless otherwise required by law.

35 (f) The commission may audit compliance with this section and regu-
36 lations promulgated hereunder.

37 (g) Nothing in this section shall require a mobile sports wagering
38 licensee to verify an authorized or prospective sports bettor's income,
39 assets, or credit history.

40 (h) The commission shall promulgate regulations establishing minimum
41 standards for documentation, record retention, testing, and auditing of
42 responsible gaming procedures required pursuant to this section.

43 9. (a) No mobile sports wagering licensee shall sell, share or other-
44 wise allow third-party access to consumer data required to be collected
45 by this section with third parties unless such selling or sharing is
46 strictly necessary to provide, maintain, improve, or update the services
47 requested by an authorized sports bettor, to comply with applicable law,
48 or as otherwise required by this section or commission regulation.

49 (b) Upon receipt of a verifiable request from an authorized sports
50 bettor, a mobile sports wagering licensee shall, without undue delay,
51 make available a copy of all consumer data that such mobile sports
52 wagering licensee has collected about such authorized sports bettor
53 pursuant to this section.

54 (c) Upon the deletion of an authorized sports bettor's account, such
55 authorized sports bettor may request that the mobile sports wagering

1 licensee delete all consumer data that the mobile sports wagering licen-
2 see has collected about such authorized sports bettor.

3 (i) Upon receiving such request, the mobile sports wagering licensee
4 shall delete all such consumer data within thirty days and provide such
5 authorized sports bettor with confirmation that all such consumer data
6 has been deleted.

7 (ii) Notwithstanding subdivision eight of this section or any other
8 provision of state law relating solely to record retention requirements
9 of this section, the deletion requirements of this paragraph shall
10 control.

11 (iii) A mobile sports wagering licensee shall not be required to
12 comply with the deletion requirements of this paragraph to the extent
13 that retaining such consumer data is required by federal law, a judicial
14 order, or an ongoing regulatory investigation or enforcement action.

15 (d) Each mobile sports wagering licensee shall develop, implement, and
16 maintain reasonable administrative, technical, and physical safeguards
17 to protect consumer data against unauthorized access, disclosure, alter-
18 ation, or destruction, consistent with commission regulations. Such
19 safeguards shall be appropriate to the nature and scope of such mobile
20 sports wagering licensee's activities and the sensitivity of the consum-
21 er data collected.

22 10. (a) The commission shall promulgate such rules and regulations as
23 are necessary and appropriate to implement, maintain, and enforce the

38 criteria for risk assessments pursuant to subdivision seven of this
39 section;

40 (vii) establishing documentation, record retention, reporting, test-
41 ing, and auditing requirements pursuant to subdivision eight of this
42 section; and

43 (viii) establishing standards for data security and safeguards pursu-
44 ant to this subdivision.

45 (b) In addition to any other authority provided by law, the commission
46 may:

47 (i) conduct examinations, investigations, and audits of mobile sports
48 wagering licensees to determine compliance with this section and regu-
49 lations promulgated pursuant to this section;

50 (ii) require the submission of records, reports, or other information
51 necessary to evaluate compliance;

52 (iii) issue written findings of deficiency;

53 (iv) require corrective action plans within such timeframes as the
54 commission may prescribe; and

55 (v) order the suspension or modification of practices found to be in
56 violation of this section or commission regulation.
