(B) a period during student activities at the school and up to thirty minutes immediately before and up to thirty minutes immediately after such student activities. In selecting a school speed zone in which to install and operate a photo speed violation monitoring system, the village shall consider criteria including, but not limited to, the speed data, crash history, and the roadway geometry applicable to such school speed zone.

2. No photo speed violation monitoring system shall be used in a school speed zone unless (i) on the day it is to be used it has successfully passed a self-test of its functions; and (ii) it has undergone an annual calibration check performed pursuant to paragraph four of this subdivision. The village shall install signs giving notice that a photo speed violation monitoring system is in use to be mounted on advance warning signs notifying motor vehicle operators of such upcoming school speed zone and/or on speed limit signs applicable within such school speed zone, in conformance with standards established in the MUTCD.

3. Operators of photo speed violation monitoring systems shall have completed training in the procedures for setting up, testing, and operating such systems. Each such operator shall complete and sign a daily set-up log for each such system that the operator operates that (i) states the date and time when, and the location where, the system was set up that day, and (ii) states that such operator successfully performed, and the system passed, the self-tests of such system before producing a recorded image that day. The village shall retain each such daily log until the later of the date on which the photo speed violation monitoring system to which it applies has been permanently removed from use or the final resolution of all cases involving notices of liability issued based on photographs, microphotographs, videotape or other recorded images produced by such system.

4. Each photo speed violation monitoring system shall undergo an annual calibration check performed by an independent calibration laboratory which shall issue a signed certificate of calibration. The village shall keep each such annual certificate of calibration on file until the final resolution of all cases involving a notice of liability issued during such year which were based on photographs, microphotographs, videotape or other recorded images produced by such photo speed violation monitoring system.

5. (i) Such demonstration program shall utilize necessary technologies to ensure, to the extent practicable, that photographs, microphotographs, videotape or other recorded images produced by such photo speed violation monitoring systems shall not include images that identify the driver, the passengers, or the contents of the vehicle. Provided, however, that no notice of liability issued pursuant to this section shall be dismissed solely because such a photograph, microphotograph, videotape or other recorded image allows for the identification of the driver, the passengers, or the contents of vehicles where the village shows that it made reasonable efforts to comply with the provisions of this paragraph in such case.

(ii) Photographs, microphotographs, videotape or any other recorded image from a photo speed violation monitoring system shall be for the exclusive use of the village for the purpose of the adjudication of liability imposed pursuant to this section and of the owner receiving a notice of liability pursuant to this section, and shall be destroyed by the village upon the final resolution of the notice of liability to which such photographs, microphotographs, videotape or other recorded images relate, or one year following the date of issuance of such notice

1 of liability, whichever is later. Notwithstanding the provisions of any
2 other law, rule or regulation to the contrary, photographs, microphoto-
3 graphs, videotape or any other recorded image from a photo speed
4 violation monitoring system shall not be open to the public, nor subject
5 to civil or criminal process or discovery, nor used by any court or
6 administrative or adjudicatory body in any action or proceeding therein
7 except that which is necessary for the adjudication of a notice of
8 liability issued pursuant to this section, and no public entity or
9 employee, officer or agent thereof shall disclose such information,
10 except that such photographs, microphotographs, videotape or any other
11 recorded images from such systems:

12 (A) shall be available for inspection and copying and use by the motor
13 vehicle owner and operator for so long as such photographs, microphoto-
14 graphs, videotape or other recorded images are required to be maintained
15 or are maintained by such public entity, employee, officer or agent; and

16 (B) (1) shall be furnished when described in a search warrant issued
17 by a court authorized to issue such a search warrant pursuant to article
18 six hundred ninety of the criminal procedure law or a federal court
19 authorized to issue such a search warrant under federal law, where such
20 search warrant states that there is reasonable cause to believe such
21 information constitutes evidence of, or tends to demonstrate that, a
22 misdemeanor or felony offense was committed in this state or another
23 state, or that a particular person participated in the commission of a
24 misdemeanor or felony offense in this state or another state, provided,
25 however, that if such offense was against the laws of another state, the
26 court shall only issue a warrant if the conduct comprising such offense
27 would, if occurring in this state, constitute a misdemeanor or felony
28 against the laws of this state; and

29 (2) shall be furnished in response to a subpoena duces tecum signed by
30 a judge of competent jurisdiction and issued pursuant to article six
31 hundred ten of the criminal procedure law or a judge or magistrate of a
32 federal court authorized to issue such a subpoena duces tecum under
33 federal law, where the judge finds and the subpoena states that there is
34 reasonable cause to believe such information is relevant and material to
35 the prosecution, or the defense, or the investigation by an authorized
36 law enforcement official, of the alleged commission of a misdemeanor or
37 felony in this state or another state, provided, however, that if such
38 offense was against the laws of another state, such judge or magistrate
39 shall only issue such subpoena if the conduct comprising such offense
40 would, if occurring in this state, constitute a misdemeanor or felony in
41 this state; and

42 (3) may, if lawfully obtained pursuant to this clause and clause (A)
43 of this subparagraph and otherwise admissible, be used in such criminal
44 action or proceeding.

45 (b) If the village of Pelham establishes a demonstration program
46 pursuant to subdivision (a) of this section, the owner of a vehicle
47 shall be liable for a penalty imposed pursuant to this section if such
48 vehicle was used or operated with the permission of the owner, express
49 or implied, within a school speed zone in violation of subdivision (c)
50 or during the times authorized pursuant to subdivision (a) of this
51 section in violation of subdivision (b), (d), (f) or (g) of section
52 eleven hundred eighty of this article, such vehicle was traveling at a
53 speed of more than ten miles per hour above the posted speed limit in
54 effect within such school speed zone, and such violation is evidenced by
55 information obtained from a photo speed violation monitoring system;
56 provided however that no owner of a vehicle shall be liable for a penal-

2 has been convicted of the underlying violation of subdivision (b), (c),

20 4. The notice of liability shall be prepared and mailed by the village
21 of Pelham, or by any other entity authorized by the village to prepare
22 and mail such notice of liability.

23 (h) Adjudication of the liability imposed upon owners of this section

25 (i) If an owner receives a notice of liability pursuant to this
26 section for any time period during which the vehicle or the number plate

31 that the vehicle or the number plate or plates of such vehicle had been

26 or (g) of section eleven hundred eighty of this article.
