

# STATE OF NEW YORK

10381

## IN SENATE

May 15, 2026

Introduced by Sen. KAVANAGH -- read twice and ordered printed, and when printed to be committed to the Committee on Energy and Telecommunications

AN ACT to amend the energy law, the environmental conservation law and the public authorities law, in relation to requiring publicly funded ferries to be zero-emission and directing the New York state energy research and development authority to conduct a feasibility study related to transitioning certain workboats to be zero-emission

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The energy law is amended by adding a new section 5-109 to  
2 read as follows:

3 § 5-109. Purchase of zero-emission ferries. The president of the New  
4 York state energy research and development authority shall promulgate  
5 rules and regulations which shall require that all ferries purchased by  
6 or for the state or any agency or public authority thereof, in any  
7 fiscal year which commences on or after April first, two thousand twen-  
8 ty-eight, produce zero emissions. Privately licensed ferries that  
9 receive funding from the state or any agency or public authority there-  
10 of, where such funds are provided to subsidize a particular route,  
11 shall, in any fiscal year which commences on or after April first, two  
12 thousand twenty-eight, purchase zero or near-zero emission ferries to  
13 service that particular route.

14 § 2. The environmental conservation law is amended by adding a new  
15 section 19-0306-c to read as follows:

16 § 19-0306-c. Ferry emissions regulations.

17 1. The commissioner shall promulgate rules and regulations which shall  
18 require that all ferries purchased by or for the state or any agency or  
19 public authority, and privately licensed ferries that receive funding  
20 from the state or any agency or public authority thereof, where such  
21 funds are provided to subsidize a particular route, operating in the  
22 navigable waters of the state shall produce zero emissions by two thou-  
23 sand forty-two. Such ferries may only utilize fossil fuel-based engines  
24 as range extenders.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets  
[-] is old law to be omitted.

LBD15766-01-6

1 2. The provisions of this section shall not apply to commercial or  
2 sports fishing boats, ocean-going ships or other vessels transporting  
3 goods through the Great Lakes.

4 3. For purposes of this section, the following terms shall have the  
5 following meanings:

6 (a) "Zero emissions" shall mean zero exhaust emissions of any green-  
7 house gas, criteria pollutant, or precursor pollutant from the onboard  
8 power source under any operational modes or conditions.

9 (b) "Near-zero emission" shall mean technologies that significantly  
10 reduce greenhouse gas, criteria pollutant, or precursor pollutant from  
11 the onboard power source under any operational modes or conditions and  
12 provide a pathway to zero-emission operations.

13 (c) "Navigable waters of the state" shall have the same meaning as in  
14 subdivision four of section two of the navigation law.

15 (d) "Fossil fuel" shall mean coal, petroleum products and fuel gases.

16 (e) "Range extender" shall mean a fuel-based auxiliary power unit that  
17 extends the range of an electric vessel by providing power to an elec-  
18 tric generator that charges the vessel's battery, without being used as  
19 the main propulsion system.

20 § 3. The public authorities law is amended by adding a new section  
21 1886 to read as follows:

22 § 1886. Study on zero-emission tugboats and other workboats. 1. The  
23 authority is hereby authorized and directed to conduct a comprehensive  
24 study to analyze the need for charging stations along the Hudson river  
25 and the New York state canal system to accommodate zero-emission  
26 tugboats and other workboats. Depending on applicable duty cycles, these  
27 vessels may include range extenders.

28 2. Such study shall examine, at a minimum:

29 (a) the current zero-emission tugboat and other workboat infrastruc-  
30 ture, including an evaluation of revenue allocation options to assist in  
31 an expansion of such infrastructure;

32 (b) the current and projected future volume of commercial goods move-  
33 ment and other marine services, including an estimate of the number of  
34 charging stations necessary to supply such operations upon a transition  
35 of tugboats and other workboats to be zero-emission;

36 (c) any safety implications concerning the development of the electric  
37 vessel infrastructure; and

38 (d) any negative impacts that may result from the installation of  
39 charging stations.

40 3. The authority shall report its findings and any recommendations to  
41 the governor, the temporary president of the senate and the speaker of  
42 the assembly no later than two years after the effective date of this  
43 section.

44 4. The provisions of this section shall not apply to commercial or  
45 sports fishing boats, ocean-going ships or other public vessels trans-  
46 porting goods through the Great Lakes.

47 5. For purposes of this section, the following terms shall have the  
48 following meanings:

49 (a) "Workboats" shall mean non-ocean-going vessels used in commercial  
50 transportation of goods and support port, construction, or other marine  
51 service operations and shall include tugboats, towboats, barges and  
52 dredges.

53 (b) "Zero-emission" shall mean zero exhaust emissions of any criteria  
54 pollutant or greenhouse gas from the onboard source of power under any  
55 possible operational modes or conditions.

1     § 4. Severability. If any clause, sentence, paragraph, subdivision,  
2 section or part of this act shall be adjudged by any court of competent  
3 jurisdiction to be invalid, such judgment shall not affect, impair, or  
4 invalidate the remainder thereof, but shall be confined in its operation  
5 to the clause, sentence, paragraph, subdivision, section or part thereof  
6 directly involved in the controversy in which such judgment shall have  
7 been rendered. It is hereby declared to be the intent of the legislature  
8 that this act would have been enacted even if such invalid provisions  
9 had not been included herein.

10    § 5. This act shall take effect immediately.
