28 a UTV identified and sold for use only in off-highway competitions,
29 which is not equipped with all equipment necessary for the registration
30 of a UTV.

31 7. (a) Every utility vehicle sold by a dealer shall be registered at
32 the time of sale of such vehicle. Such registration shall be valid until
33 the thirty-first day of August following the date of such sale;
34 provided, however, that any utility task vehicle sold after April first
35 of each year shall be issued a registration valid until the thirty-first
36 day of August in the year following that in which the utility task vehi-

54 of registration shall be affixed to the vehicle in such manner as the
55 commissioner may prescribe.

1 (b) No UTV shall be considered as validly registered within the mean-
2 ing of this section unless a current registration certificate, registra-
3 tion number and current indicia of registration have been issued.

4 10. No UTV shall be registered, nor shall such a registration be
5 renewed, unless the UTV is equipped with brakes, muffler, spark arrester
6 and tires as prescribed in subdivision one of section twenty-six hundred
7 six of this title.

8 11. A registration number shall be assigned, without payment of a fee,
9 for UTVs owned by governmental agencies, or by volunteer organizations
10 if used exclusively for emergency purposes, provided that each such UTV
11 shall display the proper registration number assigned to it.

12 12. No registrations shall be required for the following described
13 UTVs:

17 b. UTVs covered by a valid registration or license of another state,
18 province or country, as provided in subdivision thirteen of this
19 section.

20 13. (a) The registration provisions of this article shall not apply to
21 non-resident owners who have registered their UTVs in compliance with
22 the registration and licensing laws of the state, province, district or
23 country of residence, provided that the UTV is appropriately identified
24 in accordance with the laws of the state of residence.

25 (b) The provisions of this subdivision shall not apply to a resident
26 of another state, province, district or country which does not have a
27 UTV registration and identification law.

28 (c) Nothing in this subdivision shall be construed to authorize the
29 operation of any UTV contrary to the provisions of this article.

30 § 2503. Display of registration. 1. The registration number with indi-
31 cia of registration assigned to a UTV shall be displayed on the vehicle

33 prescribe.

34 2. Dealer demonstrator registration numbers shall conform to the
35 requirements as set forth in subdivision one of this section with the

39 being demonstrated or tested.

40 3. Numbers issued to dealers and manufacturers for the purpose of
41 demonstration or testing shall be used exclusively for these purposes
42 and no other use is permitted.

43 § 2504. Registration record. Upon receipt of sufficient application
44 for registration of a UTV, as provided in this article, the commissioner
45 shall enter upon the records of the department the registration of such
46 vehicle under the distinctive number assigned to such UTV as provided in
47 this article.

48 § 2505. Certificate of registration. 1. Certificate. Upon the filing
49 of the application and payment of the fee as provided in this article,
50 the commissioner shall assign to such UTV a distinctive number, and,
51 without further expense to the applicant, issue a certificate of regis-
52 tration, in such manner and form as the commissioner shall prescribe. In
53 the event of the loss, mutilation or destruction of any certificate of
54 registration, the owner of the registered UTV may file such statement
55 and proof of the facts as the commissioner shall require with a fee of

1 three dollars, with the department, for the issuance of a duplicate or
2 substitute.

3 2. Carrying certificate. Every person operating a UTV registered in
4 accordance with any of the provisions of this article shall, upon demand
5 of any magistrate, police officer or peace officer, when acting pursuant
6 to their special duties, produce for inspection the certificate of
7 registration for such UTV and shall furnish to such person any informa-
8 tion necessary for the identification of such UTV and its owner. The
9 failure to produce the certificate of registration shall not be an
10 offense, but shall be presumptive evidence of operating a UTV which is
11 not registered as required by this article.

12 3. Change of residence. It shall be the duty of every owner holding a
13 certificate of registration to notify the department, in writing, of any
14 change of residence of such owner within ten days after such change
15 occurs, and to inscribe on such certificate, in the place provided a
16 record of such change of residence.

17 4. Change of ownership. (a) Whenever a UTV is transferred, the certif-

19 showing that the ownership of the UTV has been transferred and such
20 certificate shall be given to the new owner.

21 (b) In the case of transfer, except a transfer to a registered dealer,
22 the new owner shall apply for a new certificate by completing an appli-
23 cation for registration. Such application shall be submitted to the
24 department together with the old certificate of registration, properly
25 signed by the previous owner, and the required fee of ten dollars.

26 (c) The old certificate of registration, properly signed by the previ-
27 ous owner or other indicia as prescribed by regulation of the commis-
28 sioner, shall constitute a temporary registration for such new owner for
29 a period determined by the commissioner from the date such UTV was
30 transferred to the new owner.

31 (d) In the event that such UTV was purchased from a registered dealer,
32 the application shall be accompanied by the old certificate of registra-
33 tion transferred to the dealer, the required fee, and any other forms or
34 documents completed and submitted as prescribed by the commissioner.

35 5. Destruction, theft or removal from state. It shall be the duty of
36 every owner of a UTV registered pursuant to the provisions of this arti-
37 cle to notify the department, in writing, of the destruction, theft or
38 permanent removal of such UTV from the state, within fifteen days of
39 acquiring knowledge thereof. In the event of destruction or theft, the
40 certificate or registration shall be surrendered with such notice.

41 § 2506. Licensing by municipalities. No municipality shall require
42 licensing or registration of UTVs which are covered by the provisions of
43 this article. Nothing in this section shall prohibit the requirement of
44 a permit by the agency or municipality having jurisdiction over any
45 state or local park or any other public lands for use of UTVs on such
46 public lands. A municipality may charge a fee for use of UTVs on such
47 public lands.

48 § 2507. Special events. UTVs operated at special events pursuant to
49 section twenty-six hundred eight of this title may be exempted from the

§ 2510. Rules and regulations. The commissioner shall make such rules and regulations as they may deem necessary to carry out the provisions of this article.

§ 2511. Disposition of fees. The commissioner shall deposit all monies received from the registration of UTVs and all fees otherwise collected under this article to the credit of the general fund.

6 guidelines and safety equipment approved by the commissioner.

7 § 2604. Operating rules. 1. No person shall operate a UTV:

8 (a) at a rate of speed greater than is reasonable and prudent under
9 the conditions and having regard to the actual and potential hazards
10 then existing, and in accordance with subdivisions six and seven of
11 section twenty-six hundred three of this article;

12 (b) in a careless, reckless or negligent manner so as to unreasonably
13 endanger the person or property of another or cause injury or damage
14 thereto on the tracks or right-of-way of an operating railroad;

15 (c) in any tree nursery or planting in a manner that damages or
16 destroys growing stock, or creates a substantial risk thereto;

17 (d) while pulling a person on skis or drawing or towing a sleigh,
18 sled, toboggan, inflatable device or trailer which carries or transports
19 any person unless attached by a rigid support, connection or towbar;

20 (e) on the frozen surface of public waters: within one hundred feet of
21 any person other than a person riding on an UTV except at the minimum
22 speed required to maintain forward movement of the UTV, nor within one
23 hundred feet of a fishing shanty or shelter except at the minimum speed
24 required to maintain forward movement of the UTV nor on an area which
25 has been cleared of snow for skating purposes unless the area is neces-
26 sary for access to the public water;

27 (f) within one hundred feet of a dwelling between midnight and six
28 a.m., at a speed greater than minimum required to maintain forward move-
29 ment of the UTV; and

30 (g) on public lands, other than highways, or on private property of
31 another while in an intoxicated condition or under the influence of
32 narcotics or drugs.

33 2. The operator of a UTV shall:

34 (a) stop and yield to an authorized ambulance, civil defense, or
35 police UTV or police vehicle being operated as an emergency vehicle and
36 approaching from any direction; and

37 (b) comply with any lawful order or direction of any police officer or
38 other person duly empowered to enforce the laws relating to UTVs.

39 3. No person shall ride on or in a sleigh, sled, toboggan, inflatable
40 device or trailer which is being towed or traileed by an UTV unless
41 attached by a rigid support, connection or towbar.

42 4. A person operating a UTV shall ride only upon the permanent and
43 regular seat attached thereto, and such operator shall not carry any
44 other person nor shall any other person ride on a UTV unless such UTV is
45 designed to carry more than one person, in which event a passenger may
46 ride upon the permanent and regular seat if designed for two persons, or
47 upon another seat firmly attached to the UTV at the rear or side of the
48 operator.

49 5. For the purposes of title seven of this chapter, a UTV shall be a
50 motor vehicle and the provisions of such title shall be applicable to
51 UTVs.

52 6. Local laws and ordinances. Nothing contained in this article shall
53 be deemed to limit the authority of a county, city, town or village from
54 adopting or amending a local law or ordinance which imposes stricter
55 restrictions and conditions on the operation of UTVs than are provided
56 or authorized by this section so long as such local law or ordinance is

1 consistent with its authority to protect the order, conduct, health,
2 safety and general welfare of persons or property.

3 § 2605. Designation of highways and public lands for travel by UTVs.

4 1. Except with respect to interstate highways or controlled access
5 highways, the department of transportation with respect to state high-
6 ways, maintained by the state and any other governmental agency with
7 respect to highways, including bridge and culvert crossings, under its
8 jurisdiction may designate and post any such public highway or portion
9 thereof as open for travel by UTVs when in the determination of the
10 governmental agency concerned, it is otherwise impossible for UTVs to
11 gain access to areas or trails adjacent to the highway. Such design-
12 ations by a state agency shall be by rule or regulation, and such
13 designations by any municipality other than a state agency shall be by
14 local law or ordinance.

15 2. A governmental agency other than a municipality, by regulation or
16 order, and a municipality, by ordinance or local law, may designate any
17 appropriate public lands, waters and properties other than highways
18 under its jurisdiction as a place open for travel by UTVs upon written
19 request for such designation by any person, and may impose restrictions
20 and conditions for the regulation and safe operation of UTVs on such
21 public property, such as travel on designated trails and hours of opera-
22 tion. In addition thereto, such agency or municipality may not require
23 the operator of a UTV to possess a motor vehicle operator's license. A
24 municipality may charge a fee for use of UTVs on such public lands.

25 3. (a) Such designated highways or portions thereof or designated
26 lands shall be identified by markers in such manner as may be provided
27 by rules and regulations of the commissioner.

28 (b) All signs or markers shall be erected at the expense of the state
29 or municipality, provided, however, that the municipality may accept
30 funds or contributions therefor from private persons, clubs or associ-
31 ations interested in the promotion of UTVs.

32 4. Any regulation, order, local law or ordinance which designates a
33 highway or portion thereof or designated lands which may be used for UTV
34 operations may include rules and impose restrictions and conditions for
35 the regulation and safe operation of UTVs on the highways and lands so
36 designated, such as travel on designated trails and hours of operation.
37 Any restriction or condition not contained in this chapter shall be
38 posted.

39 5. Copies of orders, regulations, local laws or ordinances adopted by
40 governmental agencies pursuant to this section shall be filed with the
41 commissioner.

42 § 2606. Equipment. 1. No person shall operate a UTV unless it is
43 equipped with:

44 (a) brakes in good operating condition;

45 (b) a muffler system in good operating condition which meets federal
46 standards as established in 40 CFR Part 205.166, sub Part E;

47 (c) a spark arrester approved by the United States Forest Service;

48 (d) tires having at least two-thirty seconds of an inch of tread with
49 no visible breaks, cuts, exposed cords, bumps or bulges;

50 (e) a lighted white headlight approved by the commissioner and a
51 lighted red taillight approved by the commissioner when operated for
52 one-half hour after sunset to one-half hour before sunrise.

53 2. No person shall operate an UTV or ride as a passenger on a UTV
54 unless such person is wearing a protective helmet of a type approved by
55 the commissioner pursuant to subdivision six of section three hundred
56 eighty-one of this chapter.

1 3. No person shall operate a UTV:

2 (a) on a highway with tires equipped with any studs other than automo-
3 tive studs;

4 (b) except as an authorized emergency UTV, police, or civil defense
5 UTV as an emergency vehicle, while displaying one or more lighted red or
6 a combination red or white lights which are revolving, rotating, flash-
7 ing, oscillating or constantly moving;

8 (c) as an authorized emergency UTV or civil defense UTV, as an emer-
9 gency vehicle unless it is equipped with one or more lighted, red or
10 combination red or white light or lights which is or are revolving,
11 rotating, flashing, oscillating or constantly moving and which has or
12 have minimum candle power of sufficient intensity to be plainly visible
13 from a distance of five hundred feet in all directions under normal
14 atmospheric conditions.

15 § 2607. Liability insurance. 1. A UTV which is operated anywhere in
16 this state other than on lands of the owner of the UTV shall be covered
17 by a policy of insurance, in such language and form as shall be deter-
18 mined and established by the superintendent of financial services,
19 issued by an insurance carrier authorized to do business in this state.
20 Such policy shall provide for coverages required of an owner's policy of
21 liability insurance as set forth in paragraph (a) of subdivision four of
22 section three hundred eleven of this chapter.

23 2. In lieu of such insurance coverage as required in subdivision one
24 of this section, the commissioner, in their discretion and upon applica-
25 tion of a governmental agency having registered in its name one or more
26 UTVs, may waive the requirement of insurance by a private insurance
27 carrier and issue a certificate of self-insurance, when such commission-
28 er is satisfied that such governmental agency is possessed of financial
29 ability to respond to judgments obtained against it, arising out of the
30 ownership, use or operation of such UTVs.

31 3. The commissioner may also waive the requirement of insurance by a
32 private insurance carrier and issue a certificate of self-insurance upon
33 application of any person or any other corporation, having registered in
34 its name, one or more UTVs and furnishing of proof that a certificate of
35 self-insurance has been issued and is in effect pursuant to the
36 provisions of section three hundred sixteen of this chapter.

37 4. Proof of insurance as required by this section shall be produced
38 and displayed by the owner or operator of such UTV upon the request of
39 any magistrate or any person having authority to enforce the provisions
40 of this chapter.

41 5. The failure to produce such proof upon the request of any such
42 person shall not be an offense but shall be presumptive evidence that
43 the UTV is being operated without having such insurance in force and
44 effect.

45 6. Proof of insurance as required by this section shall be produced
46 and displayed by the owner or operator of such UTV to any person who has
47 suffered or claims to have suffered either personal injury or property
48 damage as a result of the operation of such UTV by the owner or opera-
49 tor, if such insurance coverage was required under the circumstances of
50 such operation. It shall be an affirmative defense to any prosecution
51 for a violation of this subdivision that such proof was so produced or
52 displayed within twenty-four hours of receiving notice of such injury or
53 damage, or the claim of such injury or damage.

54 7. No owner of a UTV shall operate or permit the same to be operated
55 anywhere in this state other than on lands of the owner of the UTV with-
56 out having in full force and effect the liability insurance coverage

1 required by this section, and no person shall operate a UTV anywhere in
2 this state other than on lands of the owner of the UTV with the know-
3 ledge that such insurance is not in full force and effect.

4 § 2608. Special events. 1. The commissioner shall adopt and may, from
5 time to time, amend rules and regulations determining the special events
6 which shall be subject to permit and designating the equipment and
7 facilities necessary for safe operation of UTVs and for the safety of
8 operators, participants, and observers in such special events. Copies of
9 such regulations shall be furnished by the commissioner to any person
10 making an application therefor.

11 2. Whenever a special event is proposed to be held, the person in
12 charge thereof shall, at least thirty days prior thereto, file an appli-
13 cation with appropriate governmental agencies having jurisdiction over
14 the site of such event to hold such special event. The application shall
15 set forth the date and location of the proposed special event and such
16 other information as the governmental agencies may require, and such
17 event shall not be conducted without written authorization from such
18 governmental agencies. Governmental agencies shall either grant or deny
19 authorization to hold a special event within thirty days after receipt
20 of an application for authorization. The commissioner shall be furnished
21 with a copy of all such applications. No permit shall be required for a
22 closed-circuit special event held entirely on private property, but
23 appropriate governmental agencies shall be notified of such event at
24 least thirty days prior thereto.

25 3. UTVs operated at special events shall be exempted from the
26 provisions of this article concerning mufflers, lights and tires during
27 the time of such event, including all pre-race practice at the location
28 of such event.

29 § 2609. UTV safety course and safety certificate. 1. Safety course or
30 courses. The commissioner shall establish a curriculum or curricula for
31 a UTV safety training course or courses. Any such curriculum may
32 include, but not be limited to, on-vehicle training and safe riding
33 practices. The commissioner may establish different courses and curric-
34 ula for different types of utility task vehicles. The commissioner may
35 permit any such safety training course to be given by any private
36 person, club, association or municipality which meets standards estab-
37 lished by the commissioner. The commissioner may establish a reasonable
38 fee which any such person or entity may charge for such course or cours-
39 es.

40 2. Safety certificate. Upon successful completion of a safety course
41 given in conformity with subdivision one of this section by a person
42 fourteen years of age or over, the person or entity which gave the
43 course shall notify the commissioner of such completion in a manner
44 prescribed by the commissioner. The commissioner shall, upon receipt of
45 such information, issue a UTV safety certificate to the person who has
46 successfully completed the course. Such certificate may be limited to
47 the type of vehicle for which the course was given.

48 § 2610. Operation by minors. 1. No person under the age of sixteen
49 years shall operate a UTV.

50 2. No person shall operate a UTV unless they are over the age of
51 sixteen years, and maintain a valid driver's license to operate a motor
52 vehicle in accordance with New York state law.

53 3. The failure of a person to exhibit a UTV safety certificate upon
54 demand to any magistrate or any other officer having authority to
55 enforce the provisions of this article shall not be an offense, but

1 shall be presumptive evidence that such person is not the holder of such
2 certificate.

3 4. No parent or guardian shall authorize or knowingly permit their
4 child or ward, if under sixteen years of age, or who does not maintain a
5 valid driver's license to operate a motor vehicle, to operate a UTV in
6 violation of any provision of this article, any rules or regulations
7 promulgated thereunder, or the provisions of any local law or ordinance.

8 5. No owner or other person in possession of any UTV shall authorize
9 or knowingly permit any person under sixteen years of age, or who does
10 not maintain a valid driver's license to operate a motor vehicle, to
11 operate a UTV in violation of any provision of this article, any rules
12 or regulations promulgated thereunder, or the provisions of any local
13 law or ordinance.

14 § 2611. Liability for negligence. 1. Negligence in the use of opera-
15 tion of a UTV shall be attributable to the owner.

16 2. Every owner of a UTV used or operated in this state shall be liable
17 and responsible for the death or injury to person or damage to property
18 resulting from negligence in the use or operation of such UTV by any
19 person using or operating the same with the permission, express or
20 implied, of such owner, provided, however, that such operator's negli-
21 gence shall not be attributed to the owner as to any claim or cause of
22 action accruing to the operator or their legal representative for such
23 injuries or death.

24 § 2612. Service on nonresidents and certain residents, administrators
25 or executors. For the purposes of section two hundred fifty-two of this
26 chapter, a UTV shall be a vehicle and the provisions of that section and
27 section two hundred fifty-three of this chapter shall apply to UTVs.

28 § 2613. Accidents; reports. 1. The operator of any UTV involved in any
29 accident resulting in injuries to or death of any person or in which
30 property damage in the estimated amount of six hundred dollars or more
31 is sustained, shall immediately notify the nearest law enforcement agen-
32 cy and shall within ten days after such accident report the matter in
33 writing to the department, with a copy thereof to the sheriff or police
34 commissioner of the county in which said accident occurred. If such
35 operator is physically incapable of making such report and there is
36 another participant in the accident not so incapacitated such partic-
37 ipant shall make the report within the allotted time after such acci-
38 dent. In the event that there is no other participant and the operator
39 is other than the owner, then the owner shall within the prescribed
40 period of time, after learning of the facts of such accident, report the
41 matter to the department, together with such information as may have
42 come to their knowledge relating to such accident. Every such operator
43 of a UTV, or participant of any such accident, or the owner, of the UTV
44 involved in any such accident, shall make such other and additional
45 reports as the commissioner shall require.

46 2. Whenever any UTV meets with an accident involving a loss of life,
47 personal injury or damage to property and the operator thereof has know-
48 ledge of such accident, such operator shall stop and give their name and
49 address, the name and address of the owner thereof and the registration
50 number assigned to said UTV to the injured person or the person sustain-
51 ing the damage, or to a peace or police officer. In the event the person
52 sustaining the damage is not present at the place where the damage
53 occurred, the operator shall, as soon as physically able, report the
54 same to the nearest law enforcement agency.

55 3. A peace, police, or judicial officer who investigates or receives
56 information of an accident involving a UTV shall make a written report

1 of the investigation or information received, and such additional facts
2 relating to the accident as may come to such officer's knowledge and
3 mail the same within forty-eight hours to the department and keep a
4 record thereof in such officer's office.

5 4. Failure of any person to report an accident as provided in this
6 section or failure to give correctly the information required of such
7 person by the commissioner in connection with such report shall be a
8 misdemeanor and shall constitute a ground for suspension or revocation
9 of the UTV safety certificate of any person or the certificate of regis-
10 tration of any UTV involved in the accident. The commissioner may tempo-
11 rarily suspend the UTV safety certificate of the person failing to make
12 such report or the certificate of registration of the UTV involved in
13 the accident until such report has been filed.

14 § 6. This act shall take effect on the one hundred eightieth day after
15 it shall have become a law.
