2025-2026 Regular Sessions

## IN SENATE

January 13, 2025

Introduced by Sen. MARTINEZ -- read twice and ordered printed, and when printed to be committed to the Committee on Higher Education

AN ACT to amend the education law, in relation to prescription drug label accessibility

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The education law is amended by adding a new section 6810-a  
2 to read as follows:

3 § 6810-a. Prescription drug label accessibility. 1. All pharmacies  
4 with the exception of those cited in subdivision three of this section  
5 shall provide prescription drug readers or other means of access to  
6 individuals who disclose they have difficulty seeing or reading standard  
7 print labels on prescription drug containers. For the purposes of this  
8 section, "prescription drug reader" shall mean a device which is capable  
9 of audibly conveying information contained on the label of a  
10 prescription drug.

11 2. This section shall require pharmacies to:

12 (a) Ensure the prescription drug reader is dispensed for at least the  
13 duration of the individual's prescription;

14 (b) Ensure the prescription drug reader comes at no additional cost to  
15 the individual;

16 (c) Make sustained, periodic and reasonable efforts to inform the  
17 general public that prescription drug label information is available in  
18 alternative accessible formats;

19 (d) Make sustained, periodic and reasonable efforts to inform individ-  
20 uals with prior records of low visibility and blindness that  
21 prescription drug readers or other means of access are available in  
22 alternative accessible formats; and

23 (e) Consult best practice standards established by the U.S. Access  
24 Board.

25 3. The provisions of this section shall not apply to:

EXPLANATION--Matter in italics (underscored) is new; matter in brackets  
[-] is old law to be omitted.
