2 subdivision 61 to read as follows:

3 61. Credit for small businesses that sell New York state produced
4 products. (a) A small business shall be allowed a credit against the tax
5 imposed by this article if such small business sells a certain percent-
6 age of qualified products. Such credit shall be computed according to
7 the following schedule:

8 (i) Credit of one thousand dollars when five to nine percent of a
9 qualifying small business' total sales are attributed to the sale of
10 qualifying products.

11 (ii) Credit of two thousand dollars when ten to twenty-four percent of
12 a qualifying small business' total sales are attributed to the sale of
13 qualifying products.
