AN ACT to amend the public health law, in relation to physician charges
for missed appointments by patients

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The public health law is amended by adding a new section
2 19-a to read as follows:

3 § 19-a. Physician charges for missed appointments of patients; limita-
4 tion and disclosure. 1. No physician licensed under article one hundred
5 thirty-one of the education law shall charge any patient a fee or other
6 charge for failing to appear at the appointed time of a scheduled
7 appointment where the physician's office has received notice of a
8 cancellation or a change of the appointment at least one hour in advance
9 of the scheduled appointment.

10 2. In any case where a physician's policy is to charge a fee for
11 missed patient appointments, advance written notice of the terms of such
12 policy shall be prominently posted in the patient waiting room of the
13 physician's office and periodically included with bills mailed to
14 patients. No fee for missed patient appointments may be charged in the
15 absence of such advance written notice being given to the patient. A
16 patient cancellation fee shall be barred if a patient waits longer than
17 one hour after their appointment time and was not seen by a physician. A
18 patient shall be notified if the waiting time is approximately forty-
19 five minutes or more. Furthermore, no cancellation fee shall be charged
20 if a patient arrives on time for their appointment but was not seen by a
21 physician.

22 3. No provision of this section shall be deemed to authorize a physi-
23 cian to charge a fee for missed patient appointments if such charge is
24 otherwise prohibited by law, regulation, rule or practice or deemed to
25 be unethical.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
