33 ing, altering or improving any project, comply with the requirements of
34 local laws, ordinances, codes, charters or regulations applicable to
35 such construction, reconstruction, rehabilitation, alteration or
36 improvement, provided however, that when, in the discretion of the
37 corporation, such compliance is not feasible or practicable, the corpo-
38 ration and any subsidiary thereof shall comply with the requirements of
39 the state building construction code, formulated by the state building
40 code council pursuant to article eighteen of the executive law, applica-
41 ble to such construction, reconstruction, rehabilitation, alteration or
42 improvement. In those circumstances where, in the discretion of the
43 corporation, such compliance with local laws, ordinances, codes, char-

9 which recommendation shall be submitted in writing to the corporation
10 within thirty days after such hearing; and (d) after due consideration
11 of such testimony and comments and municipal recommendations, if any,
12 the corporation may affirm, modify or withdraw the plan in the manner
13 provided for the initial filing of such plan in paragraph (a) of subdi-
14 vision two of this section, provided, however that in the event any such
15 municipality has recommended disapproval or modification of the plan, as
16 provided herein, the corporation may affirm the plan only by a vote of
17 two-thirds of the directors thereof then in office. No municipality
18 shall have power to modify or change the drawings, plans or specifica-

20 or improvement of any project of the corporation or of any subsidiary
21 thereof, or the construction, plumbing, heating, lighting or other
22 mechanical branch of work necessary to complete the work in question,
23 nor to require that any person, firm or corporation employed on any such
24 work shall perform any such work in any other or different manner than
25 that provided by such plans and specifications, nor to require that any
26 such person, firm or corporation obtain any other or additional authori-
27 ty, approval, permit or certificate from such municipality in relation

38 occupying any project acquired, constructed, reconstructed, rehabili-
39 tated, altered or improved by the corporation or by any subsidiary ther-
40 eof. The foregoing provisions shall not preclude any municipality from
41 exercising the right of inspection for the purpose of requiring compli-
42 ance by any such project with local requirements for operation and main-
43 tenance, affecting the health, safety and welfare of the occupants ther-
44 eof, provided, however, that such compliance does not require changes,
45 modifications or additions to the original construction of such project.

46 (4) Each municipality or political subdivision, including but not
47 limited to a county, city, town, village or district, in which any
48 project of the corporation or of any subsidiary thereof is located,
49 shall provide for such project, whether then owned by the corporation,
50 any subsidiary thereof or any successor in interest thereto, police,

2 upon by such municipality or such public corporation and the corpo-
3 ration. No agreement for such purchase or lease shall be deemed to be a
4 contract for public work or purchase within the meaning of the general
5 municipal law. Nothing contained in this subdivision shall be deemed to
6 amend or supersede any other provision of law requiring a vote of the
7 qualified voters of any school district upon a proposed expenditure of
8 funds or incurring of indebtedness by such school district.

9 (6) In carrying out any project, the corporation and its subsidiaries
10 shall be empowered to enter into contractual agreements with munici-
11 palities and public corporations with respect to the furnishing of any
12 community, municipal or public facilities or services necessary or
13 desirable for such project, and any municipality or public corporation
14 is hereby authorized and empowered, notwithstanding any other law, to
15 enter into such contractual agreements with the corporation and its
16 subsidiaries and to do all things necessary to carry out its obligations
17 under the same.

18 § 2. This act shall take effect immediately.
