§ 2. Subdivision e of section 604 of the retirement and social security law, as amended by chapter 771 of the laws of 1988, is amended to read as follows:

e. 1. § 5. This act shall take effect immediately and shall apply to all members who retire on or after such date.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would modify the service retirement benefit for members of the New York State and Local Employees' Retirement System employed by Nassau County in certain correction officer titles. The modified service retirement benefit will be one-half of final average salary (FAS) upon completion of twenty-five years of creditable service and sixty percent of FAS upon completion of thirty years of creditable service. The

current service retirement benefit is one-half of FAS upon completion of twenty-five years of creditable service.

If this bill is enacted during the 2025 Legislative Session, we anticipate that there will be an increase of approximately \$390,000 in the annual contributions of Nassau County for the fiscal year ending March 31, 2026. In future years this cost will vary but is expected to average 0.3% of salary annually.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately \$5.50 million which will be borne by Nassau County as a one-time payment. This estimate assumes that payment will be made on February 1, 2026. If Nassau County elects to amortize this cost over a 10-year period, the cost for each year including interest would be \$703,000.

These estimated costs are based on 713 affected members employed by Nassau County, with annual salary of approximately \$90.5 million as of March 31, 2024. Thirteen members currently covered under section 89-g under a legacy title of uniformed correction division personnel are not expected to be covered under this legislation.
