28 ~~public schools within the school district, or in a city school district~~
29 ~~in a city having a population of one million or more inhabitants, the~~

34 section 4-a of part A of chapter 56 of the laws of 2023, and the clos-
35 ing paragraph as amended by section 2 of part D-2 of chapter 57 of the
36 laws of 2007, is amended to read as follows:

37 2. An application for a charter school shall not be approved unless
38 the charter entity finds in writing that:

39 (a) the charter school described in the application meets the require-
40 ments set out in this article and all other applicable laws, rules and
41 regulations;

42 (b) the applicant can demonstrate the ability to operate the school in
43 an educationally and fiscally sound manner;

44 (c) granting the application is likely to improve student learning and
45 achievement and materially further the purposes set out in subdivision
46 two of section twenty-eight hundred fifty of this article;

47 (d) in a school district where the total enrollment of resident
48 students attending charter schools in the base year is greater than five
49 percent of the total public school enrollment of the school district in
50 the base year (i) granting the application would have a significant
51 educational benefit to the students expected to attend the proposed
52 charter school [~~or~~] and (ii) the school district in which the charter
53 school will be located consents to such application; and

54 (e) for applicants for an initial charter pursuant to paragraph (b-1)
55 of subdivision nine of this section in a school district located in a
56 city with a population of one million or more, the total enrollment of

1 students attending charter schools within the community district in
2 which the charter school will be located in the base year is less than
3 or equal to fifty-five percent of the total public school enrollment
4 attending within such community district in the base year.

5 In reviewing applications, the charter entity is encouraged to give
6 preference to applications that demonstrate the capability to provide
7 comprehensive learning experiences to students identified by the appli-
8 cants as at risk of academic failure. Upon making a determination of
9 whether an application for a charter school shall be approved, the char-
10 ter entity shall provide detailed written findings related to each of
11 the requirements in this subdivision, which shall be made available to
12 the charter school applicant, board of regents and the school district
13 in which the proposed charter school would be located.

14 § 5. Subdivision 5 of section 2852 of the education law, as amended by
15 chapter 101 of the laws of 2010, is amended to read as follows:

16 5. (a) Upon approval of an application by a charter entity, the appli-

25 renewing or extending any agreement with a for-profit or not-for-profit
26 corporate or other business entity for the administration, management or
27 operation of the charter school unless the agreement requires such enti-
28 ty to provide state and local officers having the power to audit the
29 charter school pursuant to this article with access to the entity's
30 records relating to the costs of, and fees for, providing such services
31 to the school, (iv) any other terms or conditions required by applicable
32 laws, rules and regulations, and ~~[(d)]~~ (v) any other terms or condi-
33 tions, not inconsistent with law, agreed upon by the applicant and the
34 charter entity. In addition, the charter shall include the specific

36 and supervise the charter school. Within five days after entering into a
37 proposed charter, the charter entity other than the board of regents
38 shall submit to the board of regents a copy of the charter, the applica-
39 tion and supporting documentation for final approval and issuance by the
40 board of regents in accordance with subdivisions five-a and five-b of
41 this section.

42 (b) No charter school having a charter that was issued and approved on
43 or before the effective date of this paragraph shall enter into, renew
44 or extend the duration of any agreement with a for-profit or not-for-
45 profit corporate or other business entity for the administration,
46 management or operation of the charter school unless the agreement
47 requires such entity to provide state and local officers having the
48 power to audit the charter school pursuant to this article with access
49 to the entity's records relating to the costs of, and fees for, provid-
50 ing such services to the school. Any agreement entered into, renewed or
51 extended in violation of this section shall be null, void and wholly
52 unenforceable, and a violation of this section shall be grounds for
53 revocation or termination of a charter pursuant to section twenty-eight
54 hundred fifty-five of this article.

1 § 6. Subparagraph (i) of paragraph (b) of subdivision 9-a of section
2 2852 of the education law, as amended by section 2 of subpart A of part
3 B of chapter 20 of the laws of 2015, is amended to read as follows:

4 (i) that the proposed charter school would meet or exceed the enroll-
5 ment [~~and retention targets, as prescribed by the board of regents or~~
6 ~~the board of trustees of the state university of New York, as applica-~~
7 ~~ble, of students with disabilities, English language learners, and~~

11 ~~(1) that such enrollment targets are comparable to the enrollment~~

15 ~~school district, in which the proposed charter school would be located,~~
16 ~~and (2) that such retention targets are comparable to the rate of~~
17 ~~retention of such categories of students attending the public schools~~
18 ~~within the school district, or in a city school district in a city~~
19 ~~having a population of one million or more inhabitants, the community~~
20 ~~school district, in which the proposed charter school would be located]~~

22 section twenty-eight hundred fifty-four of this article; and

23 § 7. Section 2853 of the education law is amended by adding a new
24 subdivision 2-b to read as follows:

25 2-b. In any case where a charter school enters into, renews or extends
26 any agreement with a for-profit or not-for-profit business or corporate
27 entity for the administration, management or operation of a charter
28 school, the charter school is required to have a formal contract with
29 such entity. Any such contract shall be reviewed and approved by the
30 charter entity.

31 § 8. Paragraph (a) of subdivision 3 of section 2853 of the education
32 law, as amended by chapter 101 of the laws of 2010, is amended to read
33 as follows:

34 (a) A charter school may be located in part of an existing public
35 school building, in space provided on a private work site, in a public
36 building or in any other suitable location. Provided, however, before a
37 charter school may be located in part of an existing public school
38 building, the charter entity shall provide notice to the parents or
39 guardians of the students then enrolled in the existing school building
40 and shall hold a public hearing for purposes of discussing the location
41 of the charter school. All contracts entered into by such charter
42 school, or any education corporation organized to operate a charter
43 school, or any other public entity, including the state, a public bene-
44 fit corporation, municipal corporation, or any private entity acting on
45 behalf of any of these entities, involving the construction, recon-
46 struction, demolition, excavation, rehabilitation, repair, renovation,
47 or alteration of any charter school facility shall be subject to the
48 requirements of section one hundred three of the general municipal law
49 and articles eight and nine of the labor law. A charter school may own,
50 lease or rent its space.

51 § 9. The opening paragraph and subparagraph 1 of paragraph (e) of
52 subdivision 3 of section 2853 of the education law, as added by section
53 5 of part BB of chapter 56 of the laws of 2014, are amended to read as
54 follows:

55 [~~In~~] Except as provided in subparagraph seven of this paragraph, a
56 city school district in a city having a population of one million or

1 more inhabitants, charter schools that first commence instruction or
2 that require additional space due to an expansion of grade level, pursu-
3 ant to this article, approved by their charter entity for the two thou-
4 sand fourteen--two thousand fifteen school year or thereafter and
5 request co-location in a public school building and demonstrates to the
6 city school district that the charter school does not have the financial
7 capacity to procure adequate facilities shall be provided access to
8 facilities pursuant to this paragraph for such charter schools that
9 first commence instruction or that require additional space due to an
10 expansion of grade level, pursuant to this article, approved by their
11 charter entity for those grades newly provided.

12 (1) Notwithstanding any other provision of law to the contrary, within
13 the later of (i) five months after a charter school's written request
14 for co-location and (ii) provided that a charter school demonstrates
15 that it lacks the financial capacity to procure adequate facilities,
16 thirty days after the charter school's charter is approved by its char-
17 ter entity, the city school district shall either: (A) offer at no cost
18 to the charter school a co-location site in a public school building
19 approved by the board of education as provided by law, or (B) offer the
20 charter school space in a privately owned or other publicly owned facil-
21 ity at the expense of the city school district and at no cost to the
22 charter school for three years. The space must be reasonable, appropri-

26 law is amended by adding a new subparagraph 7 to read as follows:

27 (7)(A) No charter school that, either alone or in combination with any
28 charter affiliate, has any direct or indirect interest in, or may be
29 entitled to receive any beneficial interest from, any asset or assets of
30 any kind or nature that alone or combined have a value exceeding one
31 million dollars, shall be offered or entitled to receive: (i) a co-lo-
32 cation site in a public school building at no cost; or (ii) a space in a
33 privately or publicly owned facility at the expense of the city school
34 district.

35 (B) Nothing in this subparagraph shall prohibit a charter school from
36 receiving a co-location in a public building at fair market value unless
37 doing so would negatively impact the size of classes in any other school
38 in the building.

39 (C) As used in this subparagraph the term "charter affiliate" means:
40 (i) any entity that is directly or indirectly controlled by, in control
41 of, or under common control with, the charter school or (ii) any entity
42 that provides management, fundraising or other administrative support
43 services to the charter school.

44 § 11. Paragraph (c) of subdivision 4 of section 2853 of the education
45 law, as amended by section 1 of part BB of chapter 56 of the laws of
46 2014, is amended to read as follows:

47 (c) A charter school may contract with the governing body of a public
48 college or university for the use of a school building and grounds, the
49 operation and maintenance thereof. Any such contract shall provide such
50 services or facilities at [~~cost~~] fair market value. [~~A school district~~
51 ~~shall permit any charter school granted approval to co-locate, to use~~
52 ~~such services and facilities without cost.~~]

53 § 12. Section 2853 of the education law is amended by adding three new
54 subdivisions 5, 6 and 7 to read as follows:

55 5. Disclosure. (a) A charter school shall report:

1 (i) by the fifteenth day of February of each calendar year, the name,
2 address and total compensation paid to each person serving as a charter
3 executive in the previous calendar year; and

4 (ii) within thirty days of receipt, the name and address of any indi-
5 vidual, corporation, association, or entity providing a contribution,
6 gift, loan, advance or deposit of one thousand dollars or more to the
7 charter school or charter affiliate and the amount of each such contrib-
8 ution, gift, loan, advance or deposit.

9 (b) If a charter school either alone or together with any charter
10 affiliate has any direct or indirect interest in, or may be entitled to
11 receive any beneficial interest in, any asset or assets of any kind or
12 nature, alone or together, with a value in excess of one million
13 dollars, the charter school shall:

14 (i) ensure that the financial statements of the charter school and
15 each charter affiliate conform to and are reported according to general-
16 ly accepted accounting principles; and

17 (ii) ensure that the financial statements of the charter school and
18 any charter affiliate are audited in accordance with generally accepted
19 auditing standards by an independent certified public accountant or an
20 independent public accountant, that such audit receives an "unqualified"
21 opinion as to, among other things, compliance with generally accepted
22 accounting principles and that such audit is completed within nine
23 months of the conclusion of the fiscal year.

24 (c) If a charter school either alone or together with any charter
25 affiliate has any direct or indirect interest in, or may be entitled to
26 receive any beneficial interest in, any asset or assets of any kind or
27 nature, alone or together, with a value in excess of one million
28 dollars, it shall also report by the fifteenth day of February of each
29 ensuing calendar year the following:

30 (i) the most recent audited financial statements of the charter school
31 and any charter affiliate which shall conform to and be reported accord-
32 ing to generally accepted accounting principles;

33 (ii) the most recent auditor's report on the financial statements of
34 the charter school and any charter affiliate;

35 (iii) the "unqualified" opinion received from the auditor of the most
36 recent financial statements as to, among other things, compliance with
37 generally accepted accounting principles; and

38 (iv) any compensation or remuneration, whether paid or given, includ-
39 ing but not limited to salary, bonus, and deferred compensation and any
40 benefit having monetary value, including but not limited to, perqui-
41 sites, fringe benefits, employer contributions to defined contribution
42 retirement plans and other retirement or severance benefits received by
43 a charter executive from any source.

44 (d) (i) Each report required by this subdivision shall be accompanied
45 by a statement, under oath, by the chairperson of the school's board of
46 trustees or other appropriate member of the board of trustees, that,
47 after the due inquiry, the reports are true and correct to the best of
48 such person's knowledge and have been provided to each member of the
49 school's board of trustees.

50 (ii) A charter school to which paragraphs (b) and (c) of this subdivi-
51 sion do not apply shall, by the fifteenth day of February of each calen-
52 dar year, submit a statement as part of its report pursuant to subpara-
53 graph (ii) of paragraph (a) of this subdivision, under oath, by the
54 chairperson of the school's board of trustees or other appropriate
55 member of the board of trustees, that, after the due inquiry, the char-
56 ter school either alone or together with any charter affiliate does not

1 have any direct or indirect interest in or may be entitled to receive
2 any beneficial interest in any asset or assets of any kind or nature,
3 alone or together, with a value in excess of one million dollars.

4 (e) Any report required pursuant to this subdivision shall be made to
5 the board of regents, the school's charter entity, and the comptroller
6 of the city of New York for charter schools located in New York city and
7 the comptroller of the state of New York for charter schools located
8 outside of the city of New York. The commissioner shall ensure that such
9 report is made publicly available via the department's official internet
10 website within five days of its receipt.

11 (f) A charter school's failure to comply with the provisions of this
12 subdivision shall be a very significant factor in determining whether
13 the charter entity or the board of regents terminates the school's char-
14 ter.

15 (g) As used in this subdivision:

16 (i) "total compensation" shall include: (A) any compensation or remun-
17 eration, whether paid or given, by or on behalf of the charter school or
18 any charter affiliate, for services rendered to, on behalf of, or at the
19 request of the charter school, including but not limited to salary,
20 bonus, and deferred compensation and (B) any benefit having monetary
21 value provided by or on behalf of the charter school or any charter
22 affiliate, including but not limited to, perquisites, fringe benefits,
23 employer contributions to defined contribution retirement plans and
24 other retirement or severance benefits.

25 (ii) "charter affiliate" means: (A) any entity that is, directly or
26 indirectly, controlled by, in control of, or under common control with
27 the charter school or (B) any entity or affiliate thereof that provides
28 management, fundraising, or other administrative support services to the
29 charter school.

30 (iii) "charter executive" means: (A) an officer, director, trustee,
31 consultant, supervisory employee of a charter school or charter affil-
32 iate or (B) anyone who exerts operational or managerial influence or
33 control over the school including, but not limited to, influence or
34 control over the school through a charter management company.

35 6. Executive compensation. (a) No charter school shall provide any
36 compensation to any individual who is also an officer, director, trus-
37 tee, consultant, or employee of a charter affiliate or to any individual
38 who exerts operational or managerial influence or control over the
39 school through a charter affiliate.

40 (b)(i) No charter school or charter affiliate shall permit the total
41 compensation received by a charter executive to be greater than one
42 hundred ninety-nine thousand dollars per annum, including not only state
43 funds and state-authorized payments but also any other sources of fund-
44 ing, and greater than the seventy-fifth percentile of that compensation
45 provided to charter executives of other charter schools and charter
46 affiliates within the same or comparable geographic area as established
47 by a compensation survey identified, provided, or recognized by the
48 department and the director of the division of the budget.

49 (ii) If the department and the director of the division of the budget
50 find good cause after considering the factors set forth in subparagraph
51 (iv) of this paragraph, a waiver of the limit on total compensation that
52 a charter executive may receive may be granted, provided, however, that
53 in no event shall the total compensation exceed one hundred fifty
54 percent of Level I of the federal government's Rates of Basic Pay for
55 the Executive Schedule promulgated by the United States Office of
56 Personnel Management.

1 (iii) The application for a waiver must be filed no later than the
2 fifteenth day of February of the year for which the waiver is sought.
3 The application shall be transmitted in the manner and form specified by
4 the department and the director of the division of the budget. A waiver
5 may be only for the single calendar year in which it is granted.

6 (iv) The following factors, in addition to any other deemed relevant
7 by the department and the director of the division of the budget, shall
8 be considered in the determination of whether good cause exists to grant
9 a waiver:

10 (A) the extent to which the executive compensation that is the subject
11 of the waiver request is comparable to that given to comparable charter
12 executives of charter schools or charter affiliates of the same size and
13 within the same or comparable geographic area;

14 (B) the extent to which the charter school would be unable to provide
15 educational services at the same levels of quality and availability
16 without a waiver of the limit on total compensation that a charter exec-
17 utive may receive;

18 (C) the nature, size, and complexity of the charter school or charter
19 affiliate's operations;

20 (D) the charter school or charter affiliate's review and approval
21 process for the total compensation that is the subject of the waiver,
22 including whether such process involved a review and approval by the
23 board of trustees of the school, whether such review was conducted by at
24 least two independent directors or independent members of the board of
25 trustees, whether such review included an assessment of comparability
26 data including a compensation survey, and a contemporaneous substanti-
27 ation of the deliberation and decision to approve the total compen-
28 sation;

29 (E) the qualifications and experience possessed by or required for the
30 charter executive's position; and

31 (F) the charter school or charter affiliate's efforts, if any, to
32 secure a charter executive with the same levels of experience, exper-
33 tise, and skills for the position of the charter executive at lower
34 levels of compensation.

35 (v) To be considered, an application for such a waiver shall comply
36 with this paragraph in its entirety.

37 (vi) Unless additional information has been requested but not received
38 from the charter school or charter affiliate, a decision on a timely
39 submitted waiver application shall be provided no later than sixty
40 calendar days after submission of the application.

41 (vii) If granted, a waiver to a charter executive shall remain in
42 effect for the calendar year it is issued in, but shall be deemed
43 revoked if:

44 (A) the total compensation that is the subject of the waiver
45 increases; or

46 (B) notice of revocation is provided to the charter executive at the
47 discretion of the department as a result of additional relevant circum-
48 stances.

49 (viii) Information provided in connection with a waiver application
50 shall be subject to public disclosure pursuant to article six of the
51 public officers law.

52 (ix) Where a waiver is granted, the department shall make it publicly
53 available via the department's official internet website within five
54 days.

55 (c) No charter school shall use funds received pursuant to section
56 twenty-eight hundred fifty-six of this article or allow a charter affil-

1 iate to use funds received from the charter school to provide a total
2 compensation to a charter executive greater than one hundred ninety-nine
3 thousand dollars per annum.

4 (d) Failure to comply with the provisions of this subdivision shall
5 result in the assessment of a penalty against the payor in an amount
6 equal to the amount of compensation paid or provided in violation of
7 this subdivision.

8 (e) A charter school's failure to comply with the provisions of this
9 subdivision shall be a very significant factor in determining whether
10 the charter entity or the board of regents terminates the school's char-
11 ter.

12 (f) As used in this subdivision:

13 (i) "total compensation" shall include: (A) any compensation or remun-
14 eration, whether paid or given, by or on behalf of the charter school or
15 any charter affiliate, for services rendered to, on behalf of, or at the
16 request of the charter school, including but not limited to salary,
17 bonus, and deferred compensation and (B) any benefit having monetary
18 value provided by or on behalf of the charter school or any charter
19 affiliate, including but not limited to, perquisites, fringe benefits,
20 employer contributions to defined contribution retirement plans and
21 other retirement or severance benefits.

22 (ii) "charter affiliate" means: (A) any entity that is, directly or
23 indirectly, controlled by, in control of, or under common control with
24 the charter school or (B) any entity or affiliate thereof that provides
25 management, fundraising, or other administrative support services to the
26 charter school.

27 (iii) "charter executive" means: (A) an officer, director, trustee,
28 consultant, supervisory employee of a charter school or charter affil-
29 iate or (B) anyone who exerts operational or managerial influence or
30 control over the school including, but is not limited to, influence or
31 control over the school through a charter management company.

32 7. Notification of disenrollment. Within five business days of a
33 student who was enrolled by the charter school ceasing to be enrolled, a

41 that a charter school may require the payment of fees on the same basis
42 and to the same extent as other public schools. A charter school shall
43 not discriminate against any student, employee or any other person on
44 the basis of ethnicity, national origin, gender, or disability or any
45 other ground that would be unlawful if done by a school. Admission of
46 students shall not be limited on the basis of intellectual ability,
47 measures of achievement or aptitude, athletic ability, disability, race,
48 creed, gender, national origin, religion, or ancestry; provided, howev-

50 establishment of a single-sex charter school or a charter school
51 designed to provide expanded learning opportunities for students at-risk
52 of academic failure or students with disabilities and English language
53 learners; and provided, further, that the charter school shall demon-
54 strate good faith efforts to attract and retain [~~a comparable~~] an equal
55 or greater enrollment of students with disabilities, English language
56 learners, and students who are eligible applicants for the free and

1 reduced price lunch program when compared to the enrollment figures for
2 such students in the school district in which the charter school is
3 located. A charter shall not be issued to any school that would be whol-
4 ly or in part under the control or direction of any religious denomi-
5 nation, or in which any denominational tenet or doctrine would be
6 taught.

7 (b) (i) Any child who is qualified under the laws of this state for
8 admission to a public school is qualified for admission to a charter
9 school. Applications for admission to a charter school shall be submit-

13 (ii) A charter school shall enroll and continually keep enrolled the
14 minimum number of students in each of the following categories: (A)
15 students who are English language learners as defined in regulations of
16 the commissioner, (B) students who receive or are mandated to receive
17 any special education service, (C) students who have individual educa-

20 who are eligible to receive free lunch in accordance with title I of the
21 elementary and secondary education act, and (E) students who reside in
22 temporary or transitional housing. The minimum number of students a
23 charter school must enroll and continually keep enrolled in each such
24 category shall be the number of students that, as a percentage of the
25 students authorized to be served by the charter school in its charter,
26 is equal to the percentage of students in each category that non-charter
27 public schools in the district where the charter school is located
28 enrolled in the preceding June in all of the grades combined which are
29 served by the charter school. For purposes of this subparagraph, for the
30 city school district of the city of New York, district shall mean the
31 community school district and shall include all non-charter public
32 schools, except those in district seventy-five, geographically located
33 in the community school district.

34 (iii) Prior to a charter school selecting or enrolling students for
35 the next school year, the commissioner shall provide the charter school
36 with the minimum number of students it must enroll and continually keep
37 enrolled in each category pursuant to subparagraph (ii) of this para-
38 graph. The minimum number of students each charter school must enroll
39 and continually keep enrolled in each category pursuant to subparagraph
40 (ii) of this paragraph shall be made public by the commissioner no later
41 than five business days after it has been provided to the charter
42 school.

43 (iv) A charter school shall enroll each eligible student who submits a
44 timely application by the first day of April each year[~~7~~] unless the
45 number of applications exceeds the capacity of the grade level or build-
46 ing or would cause the charter school to be below the minimum number of
47 students it must enroll and continually keep enrolled in each category
48 pursuant to subparagraph (ii) of this paragraph. In such cases, students
49 shall be accepted from among applicants by a random selection process,
50 provided[~~7, however, 7~~] that separate random selection processes shall be
51 conducted for students that are not in any category set forth in subpar-
52 agraph (ii) of this paragraph and for students in each category set
53 forth in subparagraph (ii) of this paragraph such that a charter school
54 enrolls at least the minimum number of students required pursuant to
55 subparagraph (ii) of this paragraph.

1 (v) Where a charter school does not enroll the minimum number of
2 students it must enroll and continually keep enrolled in each category
3 set forth in subparagraph (ii) of this paragraph, the charter school
4 shall hold open a sufficient number of enrollment spaces such that it is
5 possible for the charter school, consistent with its charter, to subse-
6 quently enroll the number of students required by subparagraph (ii) of
7 this paragraph.

8 (vi) A charter school may provide an enrollment preference [~~shall be~~
9 ~~provided~~] to pupils returning to the charter school in the second or any
10 subsequent year of operation and pupils residing in the school district
11 in which the charter school is located, and siblings of pupils already
12 enrolled in the charter school provided that the charter school enrolls
13 and continually keeps enrolled the minimum number of students required
14 in each category pursuant to subparagraph (ii) of this paragraph and
15 holds open the number of enrollment spaces as required by subparagraph
16 (v) of this paragraph. Preference may also be provided to children of
17 employees of the charter school or charter management organization,
18 provided that the charter school enrolls and continually keeps enrolled
19 the minimum number of students required in each category pursuant to
20 subparagraph (ii) of this paragraph and holds open the number of enroll-
21 ment spaces as required by subparagraph (v) of this paragraph and
22 provided further that such children of employees may constitute no more
23 than fifteen percent of the charter school's total enrollment.

24 (vii) For purposes of this paragraph, if a student withdraws from a
25 charter school as a result of a voluntary decision of the student's
26 parent or guardian and, as a direct result, the charter school no longer
27 has the minimum number of students in each category required pursuant to
28 subparagraph (ii) of this paragraph, the charter school shall neverthe-
29 less be considered to have continually kept enrolled the minimum number
30 of students required by subparagraph (ii) of this paragraph if, within
31 thirty days of the student being withdrawn, the charter school replaces
32 the student that was withdrawn with a different student such that the
33 charter school has the minimum number of students in each category
34 required pursuant to subparagraph (ii) of this paragraph, provided
35 however, that this subparagraph shall not apply (A) if the charter
36 school was already in violation of the requirements of subparagraph (ii)
37 of this paragraph at the time the student was withdrawn or (B) if the
38 decision of the student's parent or guardian was substantially motivated
39 by any action or inaction of the charter school, or any of its agents or
40 employees, that was in violation of any law, rule, or regulation.

41 (viii) (A) A charter school shall report the names of any parents or
42 guardians of students who are on a waitlist for enrollment in the char-
43 ter school to the superintendent of the district in which the charter
44 school is located or, for charter schools located within the geographic
45 area served by the city school district of the city of New York, the
46 chancellor of the city school district of the city of New York, whether
47 each such student is in one of the categories set forth in subparagraph
48 (ii) of this paragraph and, if so, which one.

49 (B) A charter school that, at any time, does not have enrolled the
50 minimum number of students required in each category pursuant to subpar-
51 agraph (ii) of this paragraph shall notify the superintendent of the
52 district in which the charter school is located or, for charter schools
53 located within the geographic area served by the city school district of
54 the city of New York, the chancellor of the city school district of the
55 city of New York, within five days of the date of the school being below
56 the minimum number of students. A separate notification shall be

1 provided each time a charter school's enrollment falls below the minimum
2 in any category pursuant to subparagraph (ii) of this paragraph.

3 (C) Where the superintendent of the district or the chancellor of the
4 city school district of the city of New York receives notification
5 pursuant to clause (B) of this subparagraph, the superintendent shall
6 first offer the enrollment spaces to any parents or guardians of
7 students who are in a category in which the charter school is below the
8 minimum set forth in subparagraph (ii) of this paragraph who are on the
9 school's waitlist, then to any parents or guardians of students who are
10 in a category in which the charter school is below the minimum set forth
11 in subparagraph (ii) of this paragraph who are on the waitlist of another
12 charter school in the district in which the charter school is located
13 or, for charter schools located within the geographic area served by the
14 city school district of the city of New York geographically located in
15 the community school district, and then to any other parents or guardi-
16 ans of students who are in a category in which the charter school is
17 below the minimum set forth in subparagraph (ii) of this paragraph who
18 reside in the district; such process of enrollment offers shall continue
19 until the charter school is no longer below such minimum in any category
20 or such superintendent or chancellor certifies there are no such
21 students seeking enrollment.

22 (D) Offers made pursuant to this subparagraph shall be made in writing
23 in the parent or guardian's primary language. Where an offer is made
24 pursuant to this subparagraph and the parent or guardian accepts, the
25 charter school shall enroll the student within five calendar days of the
26 offer being accepted.

27 (ix) (A) For each month during the school year, a charter school shall
28 report the number of students then enrolled, as of the first day of the
29 month, in each category set forth in subparagraph (ii) of this paragraph
30 and the number of students then enrolled, as of the first day of the
31 month, that are in none of the categories set forth in subparagraph (ii)
32 of this paragraph.

33 (B) Reports pursuant to this subparagraph shall be made to the board
34 of regents, the school's charter entity, the comptroller of the city of
35 New York for charter schools located in New York city and the comp-
36 troller of the state of New York for charter schools located outside of
37 the city of New York, and the superintendent of the district in which
38 the charter school is located or, for charter schools located within the
39 geographic area served by the city school district of the city of New
40 York, the chancellor of the city school district of the city of New
41 York. The commissioner shall ensure that such report is made publicly
42 available via such department's official internet website within five
43 days of its receipt.

44 (C) Reports pursuant to this subparagraph shall be made on the fifth
45 day of the ensuing month during the school year and shall be accompanied
46 by a statement, under oath, by the chairperson of the school's board of
47 trustees or other appropriate member of the board of trustees, that,
48 after the due inquiry, the reports are true and correct and have been
49 provided to each member of the school's board of trustees.

50 (x) The commissioner shall establish regulations to require that the
51 random selection [~~process~~] ~~processes~~ conducted pursuant to this para-
52 graph be performed in a transparent and equitable manner and to require
53 that the time and place of the random selection process be publicized in
54 a manner consistent with the requirements of section one hundred four of
55 the public officers law and be open to the public. [~~For~~] ~~Except where~~
56 another definition is provided, for the purposes of this paragraph and

1 paragraph (a) of this subdivision, the school district in which the
2 charter school is located shall mean, for the city school district of
3 the city of New York, the community district in which the charter school
4 is located.

5 (xi) The commissioner may, by regulation, require the board of educa-
6 tion of each school district or the chancellor of the city school
7 district of the city of New York to provide such information as is
8 necessary to calculate the minimum number of students a charter school
9 must enroll and continually have enrolled pursuant to subparagraph (ii)
10 of this paragraph. Such information shall be made public by the commis-
11 sioner within five business days of receipt.

12 (xii)(A) If a charter school fails to enroll the number of students
13 required by subparagraph (ii) of this paragraph the appropriate school
14 district shall withhold from the charter school's funding an amount
15 equal to the additional per pupil funding the charter school would have
16 received had each student not enrolled as required by subparagraph (ii)
17 of this paragraph been enrolled.

18 (B) Money withheld by the school district in accordance with this
19 subparagraph shall be returned to the commissioner for distribution to
20 each of the school districts, using an equitable formula determined by
21 the commissioner, provided the charter school or schools from which the
22 monies are withheld shall not be entitled to the return of any money
23 withheld pursuant to this subparagraph or any additional monies as a
24 result of the commissioner's distribution of funds pursuant to this
25 subparagraph.

26 (xiii) (A) No charter school shall first commence instruction if it is
27 operated by, managed by, affiliated with, in the same chain as, shares
28 the same management company as, or has any common charter applicant as,
29 a school that has been in violation, within the last two years, of the
30 enrollment requirements of subparagraph (ii) of this paragraph.

31 (B) No charter school shall expand beyond the grades with enrolled
32 students, even if such expansion is authorized by its charter, if it has
33 been in violation, within the last two years, of the enrollment require-
34 ments of subparagraph (ii) of this paragraph.

35 (C) A charter school that does not have enrolled the minimum number of
36 students as required by subparagraph (ii) of this paragraph shall not be
37 offered or entitled pursuant to paragraph (e) of subdivision three of
38 section twenty-eight hundred fifty-three of this article (1) a co-locat-
39 ion site in a public school building at no cost or (2) space in a
40 privately owned or other publicly owned facility at the expense of the
41 city school district. A charter school that has already been co-located
42 in a public school building or given space in a privately owned or other
43 publicly owned facility pursuant to this paragraph and then fails to
44 continually have enrolled the required minimum number of students shall
45 be required to pay the fair market value of such space for such period
46 of time of non-compliance.

47 (xiv) The provisions of this paragraph shall be enforceable by the
48 commissioner or by a court of competent jurisdiction. Any employee of
49 the school district in which the charter school is located or the parent
50 or guardian of a student attending the district in which the charter
51 school is located shall have standing to enforce the provisions of this
52 paragraph.

53 (xv) A charter school's failure to comply with the provisions of this
54 paragraph shall be a very significant factor in determining whether the
55 charter entity or the board of regents terminates the school's charter.

1 (b-1) Prior to submission of enrollment counts to a school district
2 pursuant to subdivision one of section twenty-eight hundred fifty-six of
3 this article, on or after October first of the two thousand twenty-five-
4 -two thousand twenty-six school year and October first of each school
5 year thereafter, a charter school shall determine whether that school
6 district is the school district of residence of each student for whom
7 enrollment is claimed. Such residency determination shall be made in
8 accordance with the regulations of the commissioner and the residency
9 policy of the school district in which the charter school is located,
10 provided that the charter school may fulfill such requirement by requir-
11 ing that the parents or other persons in parental relation register
12 their child with the school district they have identified as their
13 school district of residence. Notwithstanding any other provision of
14 law to the contrary, the parents or other persons in parental relation
15 shall not be required to annually prove their continued residency,
16 provided that they either annually certify to the charter school and the
17 school district of residence that their residency has not changed or
18 notify the charter school and the school district that their residency
19 has changed and that a new school district of residence should be iden-
20 tified pursuant to this paragraph. Upon making a residency determi-
21 nation, a charter school making its own residency determination shall
22 promptly submit its proof of residence to the school district identified
23 as the district of residence for purposes of enrollment of the student
24 in such school district in accordance with subdivision one of section
25 twenty-eight hundred fifty-six of this article, and the provision of
26 services pursuant to subdivision four of section twenty-eight hundred
27 fifty-three of this article. In the event of a dispute over the residen-
28 cy of a student, the school district shall make its own residency deter-
29 mination pursuant to the regulations of the commissioner after consider-
30 ing the proof of residency submitted by the charter school, and such
31 determination may be appealed to the commissioner by the charter school
32 or by the parent or other person in parental relation or both pursuant
33 to section three hundred ten of this chapter. During the pendency of
34 such appeal, the student shall be deemed enrolled in the school
35 district, shall be entitled to services pursuant to subdivision four of
36 section twenty-eight hundred fifty-three of this article, and the school
37 district shall be liable for charter school tuition, provided that upon
38 a final determination in such appeal that the student is not a resident
39 of the school district, the school district may deduct the cost of such
40 tuition and services from future payments due the charter school. The
41 provisions of this paragraph shall not apply to charter schools located
42 in a city having a population of one million or more.

43 (c) A charter school shall serve one or more of the grades one through
44 twelve, and shall limit admission to pupils within the grade levels
45 served. Nothing herein shall prohibit a charter school from establishing
46 a kindergarten program.

47 (d) A student may withdraw from a charter school at any time and
48 enroll in a public school. [~~A charter school may refuse admission to any~~
49 ~~student who has been expelled or suspended from a public school until~~
50 ~~the period of suspension or expulsion from the public school has~~
51 ~~expired, consistent with the requirements of due process]~~

52 (i) A student may only be disciplined, suspended or expelled from a
53 charter school in accordance with the applicable provisions of subdivi-
54 sions two-a, three, and three-a of section thirty-two hundred fourteen
55 of this chapter. Every charter school shall develop a code of conduct in

1 accordance with the provisions of section twenty-eight hundred one of
2 this title.

3 (ii) Every charter school shall submit a detailed annual report
4 regarding disciplinary measures imposed on students. The report shall be
5 submitted to the charter entity and the board of regents as part of the
6 annual report required pursuant to subdivision two of section twenty-
7 eight hundred fifty-seven of this article. The report shall be in a form
8 prescribed by the commissioner, and shall include, but not be limited
9 to, number of classroom removals, number of in-school suspensions,
10 number of out-of-school suspensions, number of expulsions, and the
11 action the student took that led to each disciplinary measure imposed.
12 Such data shall be disaggregated by race/ethnicity, status as a student
13 with a disability and status as an English language learner. The report
14 shall be posted on the department's website.

15 (iii) For the purposes of this subdivision:

16 (A) the term "superintendent," "superintendent of schools," "district
17 superintendent of schools," or "community superintendent," as used in
18 subdivision three of section thirty-two hundred fourteen of this chap-
19 ter, as such terms relate to charter schools shall mean the chairperson
20 of the board of trustees of the charter school or the chief school offi-
21 cer of the charter school; and

22 (B) the term "board of education" or "board," as used in subdivision
23 three of section thirty-two hundred fourteen of this chapter, as such
24 terms relate to charter schools shall mean the board of trustees of the
25 charter school.

26 § 16. Subdivision 1 of section 2855 of the education law, as amended
27 by chapter 101 of the laws of 2010, is amended to read as follows:

28 1. The charter entity, or the board of regents, may terminate a char-
29 ter upon any of the following grounds:

30 (a) When a charter school's outcome on student assessment measures
31 adopted by the board of regents falls below the level that would allow
32 the commissioner to revoke the registration of another public school,
33 and student achievement on such measures has not shown improvement over
34 the preceding three school years;

35 (b) [~~Serious violations~~] A violation of law;

36 (c) [~~Material and substantial~~] A violation of the charter[, ~~including~~
37 ~~fiscal mismanagement~~];

38 (d) When the public employment relations board makes a determination
39 that the charter school [~~demonstrates a practice and pattern of egre-~~
40 ~~gious and intentional violations of~~] has violated subdivision one of
41 section two hundred nine-a of the civil service law involving interfer-
42 ence with or discrimination against employee rights under article four-
43 teen of the civil service law; or the national labor relations board
44 created pursuant to subchapter II of chapter seven of title twenty-nine
45 of the United States Code, or any person or entity to whom the national
46 labor relations board has lawfully delegated its authority, makes a
47 determination that the charter school has violated section 158(a) of
48 title twenty-nine of the United States Code; or

49 (e) [~~Repeated failure to comply with the requirement to meet or exceed~~
50 ~~enrollment and retention targets of students with disabilities, English~~
51 ~~language learners, and students who are eligible applicants for the free~~
52 ~~and reduced price lunch program pursuant to targets established by the~~
53 ~~board of regents or the board of trustees of the state university of New~~
54 ~~York, as applicable. Provided, however, if no grounds for terminating a~~
55 ~~charter are established pursuant to this section other than pursuant to~~
56 ~~this paragraph, and the charter school demonstrates that it has made~~

~~extensive efforts to recruit and retain such students, including outreach to parents and families in the surrounding communities, widely publicizing the lottery for such school, and efforts to academically support such students in such charter school, then the charter entity or board of regents may retain such charter.]~~ Failure to comply with the requirements of paragraph (b) of subdivision two of section twenty-eight hundred fifty-four of this article; or

(f) Failure to comply with the data reporting requirements prescribed in subdivisions two and two-a of section twenty-eight hundred fifty-seven of this article.

§ 17. Subdivision 3 of section 2855 of the education law, as added by chapter 4 of the laws of 1998, is amended to read as follows:

3. (a) In addition to the provisions of subdivision two of this section, the charter entity or the board of regents may place a charter school falling within the provisions of subdivision one of this section on probationary status to allow the implementation of a remedial action plan. The failure of a charter school to comply with the terms and conditions of a remedial action plan may result in summary revocation of the school's charter.

(b) A charter school that is placed on probationary status shall annually notify the parents or guardians of all students and applicants of the placement. The initial notice shall be distributed within two weeks of being placed on probationary status. Such notice shall be written and delivered via mail. The department shall identify all charter schools on probationary status on the department's website and shall also post the remedial action plan.

§ 18. Subdivision 4 of section 2855 of the education law, as added by chapter 4 of the laws of 1998, is amended to read as follows:

4. (a) Any individual or group may bring a complaint to the board of trustees of a charter school alleging a violation of the provisions of this article, the charter, or any other provision of law relating to the management or operation of the charter school. If, after presentation of the complaint to the board of trustees of a charter school, the individual or group determines that such board has not adequately addressed the complaint, they may present that complaint to the charter entity, which shall investigate and respond. If, after presentation of the complaint to the charter entity, the individual or group determines that the charter entity has not adequately addressed the complaint, they may present that complaint to the board of regents, which shall investigate and respond. The charter entity and the board of regents shall have the power and the duty to issue appropriate remedial orders to charter schools under their jurisdiction to effectuate the provisions of this section.

(b) At the beginning of each school year, a charter school shall provide the parent or guardian of each student enrolled in the charter school information detailing the process by which a complaint can be brought against the charter school pursuant to paragraph (a) of this subdivision. In addition to detailing the process by which a complaint can be brought, the information provided shall include, but not be limited to the contact information for the board of trustees of the charter school in which the student is enrolled, the contact information for the charter entity of the charter school, and the contact information for the board of regents, if the board of regents is not the charter entity. Such information shall also be posted and updated annually on the charter school's website.

1 § 19. Subdivisions 2 and 3 of section 2856 of the education law are
2 renumbered subdivisions 3 and 4 and a new subdivision 2 is added to read
3 as follows:

4 2. In the event that in any school year a charter school receives
5 combined payments from any local, state, or federal source that exceed
6 expenditures for such school year related to the operation of such char-
7 ter school by seven percent, then any excess funds above such amount
8 shall be returned proportionately to all school districts that have paid
9 tuition to such charter school.

10 § 20. Subdivision 3 of section 2856 of the education law, as added by
11 chapter 4 of the laws of 1998 and as renumbered by section nineteen of
12 this act, is amended to read as follows:

13 3. (a) In the event of the failure of the school district to make
14 payments required by this section, the state comptroller shall deduct
15 from any state funds which become due to such school district an amount
16 equal to the unpaid obligation. The comptroller shall pay over such sum
17 to the charter school upon certification of the commissioner. The
18 commissioner shall promulgate regulations to implement the provisions of
19 this subdivision.

20 (b) At least thirty days prior to submission of a request for an
21 intercept of state funds pursuant to paragraph (a) of this subdivision,
22 the charter school shall provide the school district of residence with a
23 list of students whose tuition is proposed to be included in the inter-
24 cept and documentation of any special education services provided by the
25 charter school, the cost of which would be included in the intercept.
26 If the school district objects to inclusion of the tuition or cost of
27 services in the intercept, the school district shall provide the charter
28 school with a written statement of its reasons for objecting to the
29 intercept that identifies the students whose costs are in dispute and
30 the charter school shall schedule a resolution session for the purpose
31 of resolving the dispute, which shall be held within five business days
32 of receipt of the school district's objection. Each party shall ensure
33 that their representatives who attend the resolution are fully author-
34 ized to bind the school district or charter school, and any agreement
35 reached at the resolution session shall be final and binding upon both
36 parties. In the event the school district does not notify the charter
37 school of its objections within ten days of its receipt of the list of
38 students or fails to participate in a resolution session, the school
39 district shall be deemed to have waived its objections to the intercept
40 and the charter school shall not be required to offer a resolution
41 session. If the parties are unable to reach agreement at a resolution
42 session, they may agree to schedule additional resolution sessions or,
43 if one of the parties informs the other that agreement is not possible,
44 the dispute may be raised by the district as a charter school complaint
45 pursuant to subdivision four of section twenty-eight hundred fifty-five
46 of this article, or, if the dispute concerns the residency of a student,
47 an appeal may be brought pursuant to paragraph (c) of this subdivision.
48 The department shall not process an intercept for tuition or the cost of
49 services of a student whose costs are in dispute until the charter
50 school notifies the department that a resolution session has been held
51 and no agreement has been reached, or that no resolution session is
52 required because the school district failed to provide timely notice or
53 failed to participate in a scheduled resolution session.

54 (c) In the event of a dispute over the residency of a student, the
55 school district shall make its own residency determination pursuant to
56 the regulations of the commissioner after considering the proof of resi-

dency submitted by the charter school, and such determination may be appealed to the commissioner by the charter school or by the parent or other person in parental relation or both pursuant to section three hundred ten of this chapter. During the pendency of such appeal, the student shall be deemed enrolled in the school district, shall be entitled to services pursuant to subdivision four of section twenty-eight hundred fifty-three of this article, and the school district shall be liable for charter school tuition, provided that upon a final determination in such appeal that the student is not a resident of the school district, the school district may deduct the cost of such tuition and services from future payments due the charter school.
