Introduced by Sen. WEBER -- read twice and ordered printed, and when printed to be committed to the Committee on Civil Service and Pensions

AN ACT in relation to authorizing Daniel Woolley to receive an accidental disability retirement

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Notwithstanding any other provision of law, Daniel Woolley,
2 who was employed by the town of Clarkstown as a police officer from
3 February 1991 to February 2023 and who retired from service on February
4 25, 2023, and who was diagnosed with an aortic aneurysm of the heart on
5 February 15, 2024, and who, as of the effective date of this act, is
6 receiving a service retirement benefit from the New York state and local
7 police and fire retirement system, shall be entitled to apply for an
8 accidental disability retirement from the New York state and local
9 police and fire retirement system pursuant to section 363 of the retire-
10 ment and social security law if, within one year of the effective date
11 of this act, he shall file a written request with the state comptroller.
12 § 2. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would allow Daniel Woolley, a service retiree of the New York State and Local Police and Fire Retirement System (NYSLPFRS), to apply for an accidental disability retirement under section 363 of the Retirement and Social Security Law.

If this bill is enacted during the 2025 Legislative Session, there will be an immediate past service cost of approximately \$86,900 as of February 1, 2026, which will be shared by the State of New York and the local participating employers in NYSLPFRS and spread over future billing cycles.

This estimate assumes that the New York State and Local Retirement System will approve Daniel Woolley for an accidental disability retirement following their application pursuant to this legislation.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.
