34 such program.

35 c. Service retirement benefits. Notwithstanding any other provision of
36 law to the contrary, where a participant in the twenty-two and one-half

38 a retirement allowance pursuant to the optional retirement provision set
39 forth in subdivision a of this section, has made and/or paid, while such

42 1. that participant, while they remain a participant, shall not be
43 subject to the provisions of subdivision a of section four hundred

50 which shall be the actuarial equivalent of the accumulated deductions
51 from their pay during such period, (ii) a pension for increased-take-
52 home-pay which shall be the actuarial equivalent of the reserve for
53 increased-take-home-pay to which such participant may be entitled, for
54 such period, and (iii) a pension which, when added to such annuity and
55 such pension for increased-take-home-pay, produces a retirement allow-
56 ance equal to fifty percent of such participant's final average salary,

1 plus an amount for each additional year of creditable service as an EMT
2 member, or fraction thereof, beyond such required minimum period of
3 service equal to two percent of their final average salary for such
4 creditable service as an EMT member during the period from completion of
5 twenty-two and one-half or more years of creditable service as an EMT
6 member to the date of retirement but not to exceed more than five years

8 d. Additional member contributions. 1. In addition to the member
9 contributions required pursuant to section 13-125 or section 13-162 of
10 the administrative code, each participant in the twenty-two and one-half
11 year improved benefit retirement program shall contribute, subject to
12 the applicable provisions of section 13-125.2 of the administrative
13 code, an additional six and one-half percent of their compensation
14 earned from all credited service, as a participant in the twenty-two and
15 one-half year improved benefit retirement program, rendered on and after
16 the starting date of the improved benefit retirement program, and all
17 creditable service as an EMT member after such person ceases to be a
18 participant, but before they again become a participant pursuant to
19 paragraph five of subdivision b of this section. A participant in the
20 twenty-two and one-half year improved benefit retirement program shall
21 contribute additional member contributions until the later of the date
22 as of which such participant is eligible to retire with at least twenty-
23 ty-two and one-half or more years of creditable service as an EMT member
24 under such retirement program, or the first anniversary of the starting
25 date of the twenty-two and one-half year improved benefit retirement
26 program. The additional contributions required by this section shall be
27 in lieu of additional member contributions required by section four
28 hundred forty-five-d of this article, as added by chapter ninety-six of
29 the laws of nineteen hundred ninety-five, and shall be in lieu of addi-
30 tional member contributions required by section four hundred
31 forty-five-e of this article, as added by chapter five hundred seventy-
32 seven of the laws of two thousand, and no member paying additional
33 contributions pursuant to this section shall be required to pay addi-
34 tional contributions pursuant to such subdivision d of section four
35 hundred forty-five-d of this article or pursuant to such subdivision d
36 of section four hundred forty-five-e of this article.

37 2. Commencing with the first full payroll period after each person
38 becomes a participant in the twenty-two and one-half year improved bene-
39 fit retirement program, additional member contributions at the rate
40 specified in paragraph one of this subdivision shall be deducted,
41 subject to the applicable provisions of section 13-125.2 of the adminis-
42 trative code, from the compensation of such participant on each and
43 every payroll of such participant for each and every payroll period for
44 which they are such a participant.

45 3. (i) Subject to the provisions of subparagraph (ii) of this para-
46 graph, where any additional member contributions required by paragraph
47 one of this subdivision are not paid by deductions from a participant's
48 compensation pursuant to paragraph two of this subdivision:

49 (A) that participant shall be charged with a contribution deficiency
50 consisting of such unpaid amounts, together with interest thereon,
51 compounded annually; and

52 (B) such interest on each amount of undeducted contributions shall
53 accrue from the end of the payroll period for which such amount would
54 have been deducted from compensation if such participant had been a
55 participant at the beginning of that payroll period and such deductions

1 had been required for such payroll period until such amount is paid to
2 the retirement system; and

3 (C) (1) interest on each such amount included in such participant's
4 contribution deficiency pursuant to this subparagraph shall be calcu-
5 lated as if such additional member contributions never had been paid by
6 such participant, and such interest shall accrue from the end of the
7 payroll period to which an amount of such additional member contribution
8 is attributable, compounded annually, until such amount is paid to the
9 retirement system;

10 (2) the rate of interest to be applied to each such amount during the
11 period for which interest accrues on that amount shall be equal to the
12 rate or rates of interest required by law to be used during that same
13 period to credit interest on the accumulated deductions of retirement
14 system members.

15 (ii) Except as provided in subparagraph (iii) of this paragraph, no
16 interest shall be due on any unpaid additional contributions which are
17 not attributable to the period prior to the first full payroll period
18 referred to in paragraph two of this subdivision.

19 (iii) Should any person who, pursuant to paragraph seven of this
20 subdivision, has withdrawn any additional member contributions and any
21 interest paid thereon, again become a participant in the twenty-two and
22 one-half year improved benefit retirement program pursuant to paragraph
23 five of subdivision b of this section, an appropriate amount shall be
24 included in such participant's contribution deficiency, including inter-
25 est thereon as calculated pursuant to subparagraph (ii) of this para-
26 graph, for any credited service with respect to which such person
27 received a refund of additional member contributions, including any
28 amount of an unpaid loan balance deemed to have been returned to such
29 person pursuant to paragraph seven of this subdivision, as if such addi-
30 tional member contributions never had been paid.

31 4. The board of trustees of the retirement system may, consistent with
32 the provisions of this subdivision, promulgate regulations for the
33 payment of the additional member contributions required by this subdivi-
34 sion, and any interest thereon, by a participant in the twenty-two and
35 one-half year improved benefit retirement program, including the
36 deduction of such contributions, and any interest thereon, from such
37 participant's compensation.

38 5. Where a participant who is otherwise eligible for service retire-
39 ment pursuant to subdivision c of this section did not, prior to the
40 effective date of retirement, pay the entire amount of a contribution
41 deficiency chargeable to such participant pursuant to paragraph three of
42 this subdivision, or repay the entire amount of a loan of such partic-
43 ipant's additional member contributions pursuant to paragraph eight of
44 this subdivision, including accrued interest on such loan, that partic-
45 ipant, nevertheless, shall be eligible to retire pursuant to subdivision
46 c of this section, provided, however, that where such participant is not
47 entitled to a refund of additional member contributions pursuant to
48 paragraph seven of this subdivision, such participant's service retire-
49 ment benefit calculated pursuant to the applicable provisions of subdivi-
50 vision c of this section shall be reduced by a life annuity, calculated
51 in accordance with the method set forth in subdivision i of section six
52 hundred thirteen-b of this chapter, which is actuarially equivalent to:

53 (i) the amount of any unpaid contribution deficiency chargeable to
54 such member pursuant to paragraph three of this subdivision; plus

1 (ii) the amount of any unpaid balance of a loan of their additional
2 member contributions pursuant to paragraph eight of this subdivision,
3 including accrued interest on such loan.

4 6. Subject to the provisions of paragraph five of this subdivision,
5 where a participant has not paid in full any contribution deficiency
6 chargeable to such participant pursuant to paragraph three of this
7 subdivision, and a benefit, other than a refund of a member's accumu-
8 lated deductions or a refund of additional member contributions pursuant
9 to paragraph seven of this subdivision, becomes payable by the retire-
10 ment system to the participant or to their designated beneficiary or
11 estate, the actuarial equivalent of any such unpaid amount shall be
12 deducted from the benefit otherwise payable.

13 7. (i) All additional member contributions required by this subdivi-
14 sion, and any interest thereon, which are received by the retirement
15 system shall be paid into its contingent reserve fund and shall be the
16 property of the retirement system. Such additional member contributions,
17 and any interest thereon, shall not for any purpose be deemed to be
18 member contributions or accumulated deductions of a member of the
19 retirement system under section 13-125 or section 13-162 of the adminis-
20 trative code while they are a participant in the twenty-two and one-half
21 year improved benefit retirement program or otherwise.

22 (ii) Should a participant in the twenty-two and one-half year improved
23 benefit retirement program, who has rendered less than fifteen years of
24 credited service cease to hold a position as an EMT member for any
25 reason whatsoever, such participant's accumulated additional member
26 contributions made pursuant to this subdivision, together with any
27 interest thereon paid to the retirement system, which remain credited to
28 such participant's account may be withdrawn by such participant pursuant
29 to procedures promulgated in regulations of the board of trustees of the
30 retirement system, together with interest thereon at the rate of inter-
31 est required by law to be used to credit interest on the accumulated
32 deductions of retirement system members compounded annually.

33 (iii) Notwithstanding any other provision of law to the contrary, (A)
34 no person shall be permitted to withdraw from the retirement system any
35 additional member contributions paid pursuant to this subdivision or any
36 interest paid thereon, except pursuant to and in accordance with the
37 preceding subparagraphs of this paragraph; and (B) no person, while they
38 are a participant in the twenty-two and one-half year improved benefit
39 retirement program, shall be permitted to withdraw any such additional
40 member contributions or any interest paid thereon pursuant to any of the
41 preceding subparagraphs of this paragraph or otherwise.

42 8. A participant in the twenty-two and one-half year improved benefit
43 retirement program shall be permitted to borrow from their additional
44 member contributions, including any interest paid thereon, which are
45 credited to the additional contributions account established for such
46 participant in the contingent reserve fund of the retirement system. The
47 borrowing from such additional member contributions pursuant to this
48 paragraph shall be governed by the same rights, privileges, obligations
49 and procedures set forth in section six hundred thirteen-b of this chap-
50 ter which govern the borrowing by members subject to article fifteen of
51 this chapter of member contributions made pursuant to section six
52 hundred thirteen of this chapter. The board of trustees of the retire-
53 ment system may, consistent with the provisions of this subdivision,
54 promulgate regulations governing the borrowing of such additional member
55 contributions.

9. Wherever a person has an unpaid balance of a loan of such person's additional member contributions pursuant to paragraph eight of this subdivision at the time such person becomes entitled to a refund of their additional member contributions pursuant to subparagraph (ii) of paragraph seven of this subdivision, the amount of such unpaid loan balance, including accrued interest, shall be deemed to have been returned to such member, and the refund of such additional contributions shall be the net amount of such contributions, together with interest thereon in accordance with the provisions of such subparagraph.

10. Notwithstanding any other provision of law to the contrary, the provisions of section one hundred thirty-eight-b of this chapter shall not be applicable to the additional member contributions which are required by this subdivision.

11. Notwithstanding any other provision of law to the contrary, the additional member contributions which are required by this subdivision shall not be reduced under any program for increased-take-home-pay.

e. The provisions of this section shall not be construed to provide benefits to any participant in the twenty-two and one-half year improved benefit retirement program which are greater than those which would be received by a similarly situated member who is entitled to benefits under the provisions of section 13-157.5 of the administrative code, but who is not governed by the provisions of this article.

f. Cost-of-living adjustments. Notwithstanding any other provision of law to the contrary, a person who retires with a retirement benefit provided for in the twenty-two and one-half year retirement program pursuant to the provisions of this section shall not be entitled to the cost-of-living adjustments provided pursuant to section 13-696 of the administrative code of the city of New York.

§ 5. Paragraph 3 of subdivision b of section 604-e of the retirement and social security law, as added by chapter 577 of the laws of 2000, is amended to read as follows:

Provided, however, a person subject to this paragraph, and who has exceeded age twenty-five upon employment as an EMT member, shall be exempt from participation in the improved twenty-five year retirement program if such person elects not to participate by filing a duly executed form with the retirement system within one hundred eighty days of becoming an EMT member.

19 (ii)(A) The interest required to be paid on each such amount specified
20 in subparagraph (i) of this paragraph shall accrue from the end of the
21 payroll period for which such amount would have been deducted from
22 compensation if such person had been a participant at the beginning of
23 that payroll period and such deduction had been required for such
24 payroll period, until such amount is paid to the retirement system.

25 (B) The rate of interest to be applied to each such amount during the
26 period for which interest accrues on that amount shall be equal to the
27 rate or rates of interest required by law to be used during that same
28 period to credit interest on the accumulated deductions of retirement
29 system members.

30 (iii) Except as otherwise provided in paragraph five of this subdivi-

42 such person received a refund of such additional member contributions,
43 including any amount of an unpaid loan balance deemed to have been
44 returned to such person pursuant to paragraph twelve of this subdivi-
45 sion, as if such additional member contributions never had been paid.

46 (ii) (A) Interest on a participant's additional member contributions
47 included in such participant's contribution deficiency pursuant to
48 subparagraph (i) of this paragraph shall be calculated as if such addi-
49 tional member contributions had never been paid by such participant, and
50 such interest shall accrue from the end of the payroll period to which
51 an amount of such additional member contributions is attributable, until
52 such amount is paid to the retirement system.

53 (B) The rate of interest to be applied to such amount during the peri-
54 od for which interest accrues on that amount shall be five percent per
55 annum, compounded annually.

1 6. Where a participant who is otherwise eligible for service retire-
2 ment pursuant to subdivision c of this section did not, prior to the
3 effective date of retirement, pay the entire amount of a contribution
4 deficiency chargeable to such participant pursuant to paragraphs four
5 and five of this subdivision, or repay the entire amount of a loan of
6 their additional member contributions pursuant to paragraph eleven of
7 this subdivision, including accrued interest on such loan, that partic-
8 ipant, nevertheless, shall be eligible to retire pursuant to subdivision
9 c of this section, provided, however, that such participant's service
10 retirement benefit calculated pursuant to paragraph two of such subdivi-
11 sion c shall be reduced by a life annuity, calculated in accordance with
12 the method set forth in subdivision i of section six hundred thirteen-b
13 of this article, which is actuarially equivalent to:

14 (i) the amount of any unpaid contribution deficiency chargeable to
15 such member pursuant to paragraphs four and five of this subdivision;
16 plus

17 (ii) the amount of any unpaid balance of a loan of such participant's
18 additional member contributions pursuant to paragraph eleven of this
19 subdivision, including accrued interest on such loan.

20 7. Where a participant who is otherwise eligible for a vested right to
21 a deferred benefit pursuant to subdivision d of this section did not,
22 prior to the date of discontinuance of service, pay the entire amount of
23 a contribution deficiency chargeable to such participant pursuant to
24 paragraphs four and five of this subdivision, or repay the entire amount
25 of a loan of their additional member contributions pursuant to paragraph
26 eleven of this subdivision, including accrued interest on such loan,
27 that participant, nevertheless, shall have a vested right to a deferred
28 benefit pursuant to subdivision d of this section provided, however,
29 that the deferred vested benefit calculated pursuant to paragraph three
30 of subdivision d of this section shall be reduced by a life annuity,
31 calculated in accordance with the method set forth in subdivision i of
32 section six hundred thirteen-b of this article, which is actuarially
33 equivalent to:

34 (i) the amount of any unpaid contribution chargeable to such member
35 pursuant to paragraphs four and five of this subdivision; plus

36 (ii) the amount of any unpaid balance of a loan of their additional
37 member contributions pursuant to paragraph eleven of this subdivision,
38 including accrued interest on such loan.

39 8. The head of a retirement system which includes participants in the
40 twenty-two and one-half year retirement program in its membership may,
41 consistent with the provisions of this subdivision, promulgate regu-

43 interest thereon, by such participants, including the deduction of such
44 contributions, and any interest thereon, from the participant's compen-
45 sation.

46 9. Subject to the provisions of paragraphs six and seven of this
47 subdivision, where a participant has not paid in full any contribution
48 deficiency chargeable to such participant pursuant to paragraphs four
49 and five of this subdivision, and a benefit, other than a refund of
50 member contributions pursuant to section six hundred thirteen of this
51 article or a refund of additional member contributions pursuant to
52 subparagraph (ii) of paragraph ten of this subdivision, becomes payable
53 under this article to the participant or to their designated beneficiary
54 or estate, the actuarial equivalent of any such unpaid amount shall be
55 deducted from the benefit otherwise payable.

1 10. (i) Such additional member contributions, and any interest there-
2 on, shall be paid into the contingent reserve fund of the retirement
3 system of which the participant is a member and shall not for any
4 purpose be deemed to be member contributions or accumulated contrib-
5 utions of a member under section six hundred thirteen of this article or
6 otherwise while they are a participant in the twenty-two and one-half
7 year retirement program or otherwise.

8 (ii) Should a participant in the twenty-two and one-half year retire-
9 ment program who has rendered less than fifteen years of credited
10 service cease to hold a position as an EMT member for any reason whatso-
11 ever, such participant's accumulated additional member contributions
12 made pursuant to this subdivision, together with any interest thereon
13 paid to the retirement system, may be withdrawn by such participant
14 pursuant to procedures promulgated in regulations of the board of trus-

16 rate of five percent per annum, compounded annually.

17 (iii) Notwithstanding any other provision of law to the contrary, (A)

19 additional member contributions paid pursuant to this subdivision or any
20 interest paid thereon, except pursuant to and in accordance with the
21 preceding subparagraphs of this paragraph; and (B) no person, while they
22 are a participant in the twenty-two and one-half year retirement
23 program, shall be permitted to withdraw any such additional member
24 contributions or any interest paid thereon pursuant to any of the
25 preceding subparagraphs of this paragraph or otherwise.

26 11. A participant in the twenty-two and one-half year retirement
27 program shall be permitted to borrow from their additional member
28 contributions, including any interest paid thereon, which are credited
29 to the additional contributions account established for such participant
30 in the contingent reserve fund of the retirement system. The borrowing
31 from such additional member contributions pursuant to this paragraph
32 shall be governed by the rights, privileges, obligations and procedures
33 set forth in section six hundred thirteen-b of this article which govern
34 the borrowing of member contributions made pursuant to section six
35 hundred thirteen of this article. The board of trustees of the retire-
36 ment system may, consistent with the provisions of this subdivision and
37 the provisions of section six hundred thirteen-b of this article as made
38 applicable to this subdivision, promulgate regulations governing the
39 borrowing of such additional member contributions.

40 12. Whenever a person has an unpaid balance of a loan or such person's
41 additional member contributions pursuant to paragraph eleven of this
42 subdivision at the time they become entitled to a refund of their addi-
43 tional member contributions pursuant to subparagraph (ii) of paragraph
44 ten of this subdivision, the amount of such unpaid loan balance, includ-
45 ing accrued interest shall be deemed to have been returned to such
46 member, and the refund of such additional contributions shall be the net
47 amount of such contribution, together with interest thereon in accord-
48 ance with the provisions of such subparagraph (ii).

49 f. Cost-of-living adjustments. Notwithstanding any other provision of
50 law to the contrary, a person who retires with a retirement benefit
51 provided for in the twenty-two and one-half year retirement program
52 pursuant to the provisions of this section shall not be entitled to the
53 cost-of-living adjustments provided pursuant to section 13-696 of the

Projected contributions include future new hires that may be impacted. For Fiscal Year 2051 and beyond, the expected increase in normal cost as a level percent of pay for impacted new entrants is approximately 0.81%.

The entire increase in employer contributions will be allocated to New York City.

PRESENT VALUE OF BENEFITS: The Present Value of Benefits is the discounted expected value of benefits paid to current members if all assumptions are met, including future service accrual and pay increases. Future new hires are not included in this present value.

INITIAL INCREASE (DECREASE) IN ACTUARIAL PRESENT VALUES
as of June 30, 2024 (\$ in Millions)

Present Value (PV)	NYCERS

(2) PV of Employee Contributions:	<u>(47.6)</u>
Total PV of Benefits (1) + (2):	182.0

UNFUNDED ACCRUED LIABILITY (UAL): Actuarial Accrued Liabilities are the portion of the Present Value of Benefits allocated to past service. Changes in UAL members were amortized over the expected remaining working lifetime of those impacted using level dollar payments.

AMORTIZATION OF UNFUNDED ACCRUED LIABILITY

	NYCERS
Increase (Decrease) in UAL:	142.1 M
Number of Payments:	12
Amortization Payment:	18.5 M

CENSUS DATA: The estimates presented herein are based on preliminary census data collected as of June 30, 2024. The census data for the impacted population is summarized below.

	NYCERS
Active Members	
- Number Count:	3,867
- Average Age:	36.1
- Average Service:	9.2
- Average Salary:	74,700

IMPACT ON MEMBER BENEFITS: The proposed legislation would provide a service retirement benefit equal to:

* 50% of Final Average Salary (FAS) for the first 22.5 years of creditable service as an EMT member,

* plus 2.0% of FAS for each additional year of creditable service as an EMT member exceeding 22.5 years to a maximum of 5 years.

The vested benefit under the EMT 22.5-Year Plans is equal to 2.0% of FAS for each year of creditable service as an EMT member up to 22.5 years, payable to Tier 6 members at age 63 and to Tier 4 members on the date they would have attained 22.5 years of credited services.

The retirement benefits provided by the EMT 22.5-Year Plan would not be subject to cost-of-living adjustments (COLA).

Plan participants would be required to pay Additional Member Contributions (AMC) equal to 6.5% of compensation for all service on and after the starting date of the Plan until the later of the one-year anniversary of the effective date of the Plan or 27.5 years of credited service as an EMT member.

Current Tier 4 and Tier 6 EMT members as of the date of enactment of the EMT 22.5-Year Plans would be eligible to elect the EMT 22.5-Year Plan for their respective tier. EMT members who become NYCERS members after the date of enactment of the EMT 22.5-Year Plans would be mandated into the Tier 6 EMT 22.5-Year Plan.

Once a member in the Tier 4 EMT 22.5-Year Plan attains 22.5 years of creditable service as an EMT member, he or she would no longer be eligible to retire under his or her basic plan.

ASSUMPTIONS AND METHODS: The estimates presented herein have been calculated based on the Revised 2021 Actuarial Assumptions and Methods of the impacted retirement systems. In addition:

* New entrants were assumed to replace exiting members so that total payroll increases by 3% each year for impacted groups. New entrant demographics were developed based on data for recent new hires and actuarial judgement.

To determine the impact of the elective nature of the proposed legislation, a subgroup of EMT members was developed based on who is assumed to benefit actuarially by comparing the net present value of future employer costs of each member's benefit under their current plan and under the EMT 22.5-Year Plan.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the actuarial assumptions, methods, and models used, demographics of the impacted population, and other factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Quantifying these risks is beyond the scope of this Fiscal Note.

This Fiscal Note is intended to measure pension-related impacts and does not include other potential costs (e.g., administrative and Other Postemployment Benefits). This Fiscal Note does not reflect any chapter laws that may have been enacted during the current legislative session.

STATEMENT OF ACTUARIAL OPINION: Marek Tyszkiewicz and Gregory Zelikovsky are members of the Society of Actuaries and the American Academy of Actuaries. We are members of NYCERS, but do not believe it impairs our objectivity, and we meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein. To the best of our knowledge, the results contained herein have been prepared in accordance with generally accepted actuarial principles and procedures and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.
