10. Any home or facility providing child day care shall be operated in accordance with applicable statutes and regulations. Any violation of applicable statutes or regulations shall be a basis to deny, limit, suspend, revoke, or terminate a license or registration. Consistent with articles twenty-three and twenty-three-A of the correction law, and guidelines referenced in subdivision two of section four hundred twenty-five of this article, if the office of children and family services is made aware of the existence of a criminal conviction or pending criminal charge concerning an operator of a family day care home, group family day care home, school-age child care program, outdoor nature-based child care program, or child day care center or concerning any assistant, employee or volunteer in such homes, programs or centers, or any persons age eighteen or over who reside in such homes, such conviction or charge may be a basis to deny, limit, suspend, revoke, reject, or terminate a license or registration. Before any license issued pursuant to the provisions of this section is suspended or revoked, before registration pursuant to this section is suspended or terminated, or when an application for such license is denied or registration rejected, the applicant for or holder of such registration or license is entitled, pursuant to section twenty-two of this chapter and the regulations of the office of children and family services, to a hearing before the office of children and family services. However, a license or registration shall be temporarily suspended or limited without a hearing upon written notice to the operator of the facility following a finding that the public health, or an individual's safety or welfare, are in imminent danger. The holder of a license or registrant is entitled to a hearing before the office of children and family services to contest the temporary suspension or limitation. If the holder of a license or registrant requests a hearing to contest the temporary suspension or limitation, such hearing must be scheduled to commence as soon as possible but in no event later than thirty days after the receipt of the request by the office of children and family services. Suspension shall continue until the condition requiring suspension or limitation is corrected or until a hearing decision has been issued. If the office of children and family services determines after a hearing that the temporary suspension or limitation was proper, such suspension or limitation shall be extended until the condition requiring suspension or limitation has been corrected or until the license or registration has been revoked.

16 liable, the steps which must be taken to rectify the violation, and
17 where applicable, a statement that a penalty may be imposed regardless
18 of rectification. A written answer to the charges of violations shall be
