FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would provide a performance of duty disability presumption to members of the New York State and Local Employees' Retirement System (NYSLERS) employed by the Division of Military and Naval Affairs in

certain airport firefighter titles and who contract endocrine/thyroid cancer or Parkinson's disease. The retirement benefit will be equal to 75 percent of final average salary less workers' compensation.

This bill will not materially increase the state of New York's annual contributions.

In addition, there will be an immediate past service cost of $67,900 borne by the state of New York as a one-time payment. This cost assumes that payment will be made on March 1, 2027.

Further, we anticipate some administrative costs to implement the provisions of this legislation.

These estimated costs are based on 66 affected members employed by the Division of Military and Naval Affairs, with annual salary of approximately 6.0 million as of March 31, 2025.
