2. (a) Except as provided in paragraph (c) of this subdivision, where a person conducts a department of motor vehicles transaction pursuant to subdivision one of this section and such person has provided documentation to the department of motor vehicles conclusively demonstrating United States citizenship and is of sufficient age to register or pre-register to vote, the department of motor vehicles shall promptly transmit electronically to the state board of elections the following information regarding such person:

(c) The department of motor vehicles shall not transmit information pursuant to paragraph (a) of this subdivision for any person who is a

1 program participant in the address confidentiality program pursuant to
2 section one hundred eight of the executive law.

3 (d) Upon receiving information pursuant to paragraph (a) of this
4 subdivision for a person who is not registered to vote in New York state
5 and who is of sufficient age to register or pre-register to vote, unless
6 the state board of elections has evidence that such person is a program
7 participant in the address confidentiality program pursuant to section
8 one hundred eight of the executive law, the state board of elections
9 shall electronically forward such information to the board of elections
10 of the county or the city of the person's residence address for regis-
11 tration or pre-registration consistent with this chapter.

12 (e) (i) Upon receiving information pursuant to paragraph (d) of this
13 subdivision, a county or city board of elections shall register or pre-
14 register the person to vote pursuant to section 5-210 of this article
15 effective as of the date of such person's transaction with the depart-

17 promptly send to such person's mailing address, by non-forwardable mail,
18 a notice that such person has been registered to vote, or pre-registered

27 for election administration purposes, and a statement that, if such
28 person does not decline registration or pre-registration, the office at
29 which such person was registered or pre-registered will remain confiden-
30 tial and will be used only for election administration purposes. Such
31 notice shall also provide information and procedures for anyone wishing
32 to prevent disclosure of their residence address, including information
33 regarding the address confidentiality program for victims of domestic
34 violence under section 5-508 of this article. The notice required by
35 this subparagraph may be combined with the notice provided to newly
36 registered voters pursuant to subdivision nine of section 5-210 of this
37 article.

38 (ii) Notwithstanding any other provision of this article, a person of
39 sufficient age to register to vote whose information is transmitted to a
40 county or city board pursuant to subparagraph (i) of this paragraph
41 shall be registered to vote for an election if the date of such person's
42 transaction with the department of motor vehicles pursuant to subdivi-
43 sion one of this section occurs by the twelfth day before such election
44 and such person's information is transmitted to the county or city board
45 by the tenth day before such election. A person whose transaction with
46 the department of motor vehicles occurs within thirty days of an
47 election shall be required to affirm before voting that such person has
48 resided in such person's county, city, or village for at least thirty
49 days before such election. Such affirmation shall be available at the
50 time of voting and at the time of requesting an early mail or absentee
51 ballot. A voter who signs an affirmation pursuant to this subparagraph
52 shall not be challenged or required to vote an affidavit ballot on the
53 grounds that such voter signed such affirmation.

54 (f) (i) If a person returns the notice provided under subparagraph (i)
55 of paragraph (e) of this subdivision and declines to be registered or
56 pre-registered to vote, such person's registration or pre-registration

1 shall be canceled, and such person shall be deemed to have not regis-
2 tered or pre-registered. However, if such person has voted in an
3 election after the transmission of such person's information but before
4 the notice is returned, the returned form shall be of no effect and such
5 person shall remain registered as of the date of such person's trans-
6 action with the department of motor vehicles. Information relating to
7 the return of a notice form declining to be registered or pre-registered
8 shall not be used for any purpose other than election administration.

9 (ii) Notwithstanding subdivision two of section 5-304 of this article,
10 if a person returns the notice provided under subparagraph (i) of para-
11 graph (e) of this subdivision and elects to enroll in a party, such
12 enrollment shall take effect immediately. However, any pre-registrant's
13 registration shall remain classified as "pending" until the voter
14 reaches the age of eligibility.

15 (iii) If a person returns the notice provided under subparagraph (i)
16 of paragraph (e) of this subdivision but does not select any options,
17 the returned notice shall be of no force and effect, and such person
18 shall remain registered to vote, or pre-registered to vote, if applica-
19 ble.

20 3. (a) The department of motor vehicles shall not provide an opportu-
21 nity to register or pre-register to vote or transmit any information to
22 the board of elections for purposes of voter registration for any person
23 who, when conducting a department of motor vehicles transaction pursuant
24 to subdivision one of this section, provides documentation conclusively
25 demonstrating that such person is not a United States citizen. The
26 department of motor vehicles and the state board of elections shall
27 jointly determine which documents acceptable for transactions pursuant
28 to subdivision one of this section conclusively demonstrate that a
29 person is not a United States citizen.

30 (b) For any person who conducts a department of motor vehicles trans-
31 action pursuant to subdivision one of this section whose information is
32 not already subject to transmission to the state board of elections
33 pursuant to paragraph (a) of subdivision two of this section and who
34 does not provide documentation at the time of such person's transaction
35 conclusively demonstrating that such person is not a United States citi-
36 zen, the department of motor vehicles transaction shall provide an inte-
37 grated voter registration opportunity as part of such transaction. For
38 purposes of this paragraph, registration shall also include pre-regis-
39 tration pursuant to section 5-507 of this article.

40 (c) The department shall ensure agency applications pursuant to para-
41 graph (b) of this subdivision include all of the elements required by
42 section 5-210 of this article, including the appropriate attestation, so
43 that persons completing such applications shall be able to also submit
44 an application to register to vote through the electronic voter regis-
45 tration transmittal system.

46 (d) The integrated voter registration opportunity shall:

47 (i) include a statement of the eligibility requirements for voter
48 registration and shall require an applicant to attest that such appli-
49 cant meets such requirements under penalty of perjury;

50 (ii) inform an applicant, in print identical to that used in the
51 attestation section, of the following:

52 (A) voter eligibility requirements;

53 (B) penalties for submission of a false registration application;

54 (C) that the office where such applicant applies for registration
55 shall remain confidential and the voter registration information shall
56 be used only for voter registration purposes;

1 (D) that if such applicant applies to register to vote electronically,
2 such applicant thereby consents to the use of an electronic copy of such
3 applicant's manual signature that is in the custody of the department of
4 motor vehicles, as such applicant's voter registration exemplar signa-
5 ture;

6 (E) if such applicant signs the application and affirmatively selects
7 the voter registration option, such applicant thereby consents to the
8 use of any information required to complete the voter registration
9 application; and

10 (F) if such applicant declines to register, such applicant's declina-
11 tion shall remain confidential and be used only for voter registration
12 purposes;

13 (iii) require an applicant who attests to the eligibility requirements
14 for voter registration to either affirmatively select or affirmatively
15 decline voter registration as a necessary condition to complete the
16 application pursuant to subdivision one of this section;

17 (iv) include the following warning statement, or its substantial
18 equivalent, in prominent type, "IF YOU ARE NOT A CITIZEN OF THE UNITED
19 STATES, DO NOT SELECT THE OPTION TO REGISTER TO VOTE. NON-CITIZENS WHO
20 REGISTER OR PRE-REGISTER TO VOTE MAY BE SUBJECT TO CRIMINAL PENALTIES
21 AND SUCH VOTER REGISTRATION OR PRE-REGISTRATION MAY RESULT IN DEPORTA-
22 TION OR REMOVAL, EXCLUSION FROM ADMISSION TO THE UNITED STATES, OR
23 DENIAL OF NATURALIZATION.";

24 (v) include a space for an applicant to indicate such applicant's
25 choice of party enrollment, with a clear alternative provided for such
26 applicant to decline to affiliate with any party and the following
27 statement, or its substantial equivalent, in prominent type "ONLY
28 ENROLLED MEMBERS OF A POLITICAL PARTY MAY VOTE IN THAT PARTY'S PRIMA-
29 RIES."; and

30 (vi) include a statement that if an applicant is a victim of domestic
31 violence or stalking, such applicant may contact the state board of
32 elections before or after registering or pre-registering to vote in
33 order to receive information regarding the address confidentiality
34 program for victims of domestic violence under section 5-508 of this
35 article.

36 (e) For each person who completes an application to register to vote
37 pursuant to paragraph (d) of this subdivision, who attests to the eligi-
38 bility requirements for voter registration, and affirmatively selects
39 voter registration pursuant to subparagraph (iii) of paragraph (d) of
40 this subdivision, the department of motor vehicles shall electronically
41 transmit to the state board of elections through an interface with the
42 electronic voter registration transmittal system established and main-
43 tained by the state board of elections such portion of the application
44 that includes voter registration information. If such person is not
45 already registered to vote in New York state, the state board of
46 elections shall electronically forward such application to the applica-
47 ble board of elections of each county or the city of New York for regis-
48 tration consistent with this chapter. The department shall not transmit
49 to the state board of elections an application for registration for a
50 person who indicates on the integrated personal voter registration
51 application that such person does not meet the eligibility requirements
52 for registration.

53 (f) An integrated voter registration application submitted to the
54 department of motor vehicles in an electronic format shall be transmit-
55 ted to the state board of elections through the electronic voter regis-
56 tration transmittal system and shall include all of the voter registra-

tion data elements, including electronic signature, as applicable, and record of attestation of the accuracy of the voter registration information and any relevant document images.

(g) An integrated voter registration form submitted to the department of motor vehicles in paper format shall be transmitted to the state board of elections through the electronic voter registration transmittal system by converting the paper form to an image file or a portable document format file which shall thereafter be deemed the original form for voter registration and enrollment purposes. The department shall retain the complete original paper application for no less than two years. The transmittal of the converted paper application may include or be accompanied by data elements and transmittal information as required by the rules and regulations of the state board of elections.

(h) The department shall redact or remove from the completed integrated application to be transmitted to the state board of elections any information solely applicable to the agency application.

(i) Information from an applicant relevant to both voter registration and the department application shall be entered by the applicant only once upon an electronic application.

(j) Information concerning the citizenship status of individuals, when collected and transmitted pursuant to this subdivision, shall not be retained, used, or shared for any other purpose except as may be required by law.

(k) For each person who attests to the eligibility requirements for voter registration, but who does not affirmatively select voter registration pursuant to subparagraph (iii) of paragraph (d) of this subdivision, the department of motor vehicles shall electronically transmit to the state board of elections through an interface with the electronic voter registration transmittal system established and maintained by the state board of elections such portion of the application that includes voter registration information with a clear designation that such information shall be used only for the purpose of updating existing registration records.

4. (a) If information is received by the state board of elections from the department of motor vehicles pursuant to paragraph (a) of subdivision two or paragraph (e) or (k) of subdivision three of this section for a person who is already registered or pre-registered to vote in New York state, the state board of elections shall determine whether the information provided to the department of motor vehicles indicates a different name, residence address, or mailing address from that on such person's registration record.

(b) If information provided to the department of motor vehicles pursuant to paragraph (a) of subdivision two or paragraph (e) or (k) of subdivision three of this section indicates a different name, residence address, or mailing address for a registered or pre-registered voter from that on such person's registration record, the state board of elections shall electronically transmit the updated name or address for such person to the appropriate board of elections for such person's residence. If such person has changed residence from one county to another, the state board of elections shall electronically transmit such information to both the board of the previous county or city of residence and the new county or city of residence. The board of elections in such person's county or city of residence shall use the information transmitted by the board to update such person's existing voter registration record, transfer the person's registration, if inactive, to active status, and send to such person's address of record the notice

1 required under subdivision five of section 5-208 of this article. The
2 board of elections in any previous county or city of residence shall
3 update such person's voter registration record to reflect that such
4 person has moved to a different county.

5 (c) If a person returns the notice required under paragraph (b) of
6 this subdivision and indicates that the change to such person's regis-
7 tration record was in error, the appropriate boards of elections,
8 including the board of the previous county or city of residence, shall
9 promptly correct such person's previously updated information in the
10 statewide voter registration list.

11 (d) Any application pursuant to subdivision one of this section shall
12 inform the applicant that if such applicant is already registered or
13 pre-registered to vote in New York state, the name, residence address,
14 and mailing address provided on the application shall be used to update
15 such person's registration record and that such person shall receive
16 notice of any update by mail, along with information on how to correct
17 such update, if needed.

18 5. The state board of elections shall prepare and distribute to the
19 department of motor vehicles written instructions as to the implementa-
20 tion of this section and shall be responsible for establishing training
21 programs for employees of the department of motor vehicles. Such
22 instructions and such training shall ensure usability of the integrated
23 application in subdivision three of this section for low-English profi-
24 ciency voters. The department of motor vehicles shall take all actions
25 that are necessary and proper for the implementation of this section,
26 including facilitating technological capabilities to allow transmission
27 of data through an interface with the electronic voter registration
28 transmittal system in a secure manner.

29 6. The state board of elections may promulgate rules and regulations
30 for the administration of this section.

31 7. Nothing in this section shall be construed to require documentary
32 proof of citizenship for voter registration. Nothing in this section
33 shall be construed to authorize or require the department of motor vehi-
34 cles to request documentation establishing an applicant's citizenship
35 solely for the purposes of voter registration.

36 8. The state board of elections shall publicly release data reports,
37 as described in this subdivision, on a monthly basis. Such data reports
38 shall not include any personally identifying information, shall be
39 subcategorized by gender and age of the individuals included, and shall
40 include all of the following information:

41 (a) The number of individuals registered to vote or pre-registered to
42 vote under the procedures in subdivision two of this section.

43 (b) The number of individuals registered to vote or pre-registered to
44 vote under the procedures in subdivision three of this section.

47 (d) The number of individuals who declined voter registration or pre-
48 registration under the procedures in subdivision three of this section.

49 (e) The number of individuals whose voter registration or pre-regis-
50 tration was updated pursuant to the procedures in subdivision four of
51 this section.

53 read as follows:

3 § 4. Section 5-902 of the election law, as amended by chapter 37 of
4 the laws of 2021, is amended to read as follows:

5 § 5-902. Failure to receive exemplar signature not to prevent regis-

7 an applicant who submits a voter registration or pre-registration appli-
