~~the total amount to be recovered is in excess of one percent of the district's total general fund expenditures for the preceding school year].~~ The amount to be deducted in the first year shall be the greater of ~~[(i)]~~ (A) the sum of the amount of such excess payments that is recognized as a liability due to other governments by the district for the preceding school year and the positive remainder of the district's unreserved fund balance at the close of the preceding school year less the product of the district's total general fund expenditures for the preceding school year multiplied by five percent, or ~~[(ii)]~~ (B) one-third of such excess payments. (iii) The commissioner shall certify no payment to a school district based on a claim submitted later than three years after the close of the school year in which such payment was first to be made. b. Claims resulting from court orders or judgments. Any payment which would be due as the result of a court order or judgment shall not be barred, provided that, commencing January first, nineteen hundred ninety-six, such court order or judgment and any other data required shall be filed with the comptroller within one year from the date of the court order or judgment, and provided further that the commissioner shall certify no payment to a school district for a specific school year that is based on a claim that results from a court order or judgement so filed with the comptroller unless the total value of such claim, as determined by the commissioner, is greater than one percent of the school district's total revenues from state sources as previously recorded in the general fund and reported to the comptroller in the annual financial report of the school district for such school year.

c. Payment of moneys due for prior years. State aid payments due for prior years in accordance with the provisions of this subdivision shall
