(1) [~~A~~] **For taxable years beginning before January first, two thousand twenty-six, a** taxpayer shall be allowed a credit as provided herein equal to the applicable percentage of the credit allowable under section twenty-one of the internal revenue code for the same taxable year (without regard to whether the taxpayer in fact claimed the credit under such section twenty-one for such taxable year). (E) "Applicable percentage" shall mean: (i) fifty-five percent in the case of an eligible taxpayer with a New York adjusted gross income determined pursuant to section six hundred twelve of this article of fifteen thousand dollars or less; or (ii) fifty-five percent reduced by twenty-five hundred thousandths of a percentage point for each dollar of an eligible taxpayer's New York adjusted gross income determined pursuant to section six hundred twelve of this article in excess of fifteen thousand dollars. Provided, however, that the applicable percentage for an eligible taxpayer shall not be reduced below four percent.

(3) The amount of the credit allowed to an eligible taxpayer under this subsection shall be the product of the eligible taxpayer's qualifying expenses determined pursuant to subparagraph (D) of paragraph two of this subsection and the applicable percentage determined pursuant to subparagraph (E) of paragraph two of this subsection.

(3-a) Provided, however, that for taxable years beginning on or after January first, two thousand twenty-six, the credit allowed under this subsection shall be reduced by twenty dollars for each one thousand dollars by which the eligible taxpayer's New York adjusted gross income determined pursuant to section six hundred twelve of this article exceeds five hundred thousand dollars, or, in the case of a joint return, by twenty dollars for each one thousand dollars by which such taxpayer's New York adjusted gross income determined pursuant to section six hundred twelve of this article exceeds one million dollars; provided, further, that the credit shall never be reduced below zero.

The retention rate to be established is subject to the prior approval of the commission.

Such rate may not be changed more than once per calendar quarter to be effective on the first day of the calendar quarter. "Exotic bets" and "multiple bets" shall have the meanings set forth in section five

Not later than May first of each year [~~that such pari-mutuel tax rate is effective~~], the commission shall determine whether a race meeting at Aqueduct racetrack consisted of the number of days as required by this [~~paragraph~~] **subparagraph**. In determining the number of race days, cancellation of a race day because of an act of God that the

commission approves or because of weather conditions that are unsafe or hazardous that the commission approves shall not be construed as a failure to conduct a race day. Additionally, cancellation of a race day because of circumstances beyond the control of such franchised corporation for which the commission gives approval shall not be construed as a failure to conduct a race day. [~~If the commission determines that the number of days of racing as required by this paragraph have not occurred then the pari-mutuel tax rate in paragraph (a) of this subdivision shall revert to the pari-mutuel tax rates in effect prior to January first, nineteen hundred ninety-five.~~]

Such taxes, interest and penalties when collected, after the deduction of refunds of taxes erroneously paid, shall be paid by the commissioner into the general fund of the state treasury.

b. The balance of the retained percentage of such pool [~~and of the breaks~~] shall be held by such franchised corporation for its corporate purposes, except as provided in paragraph c of this subdivision.

c. Any portion of such percent not so used during any year shall be so used during the following year[~~, failing which such portion shall be payable to the commissioner as additional tax. In the determination of the amounts expended for such enhancements, the commission shall consider the average of the two immediately preceding twelve-month calendar periods. [~~Notwithstanding the foregoing no increase shall be imposed unless such corporation or association has been afforded notice and opportunity to be heard. The commission shall promulgate rules and regulations to implement the provisions relating to notice and hearing.~~]

(ii) except as otherwise provided in this paragraph an amount equal to six and eight-tenths percent of the total pool resulting from on-track regular bets, an amount equal to seven and ninety-five one hundredths percent of the total pool resulting from on-track multiple bets, an amount equal to ten and one-half percent of the total pool resulting from on-track exotic bets, an amount equal to fifteen and one-half percent of the total daily pool resulting from on-track super exotic bets shall be used exclusively for purses, of which an amount of not less than ninety percent shall be used exclusively for purses for overnight races conducted by such association or corporation. Such amounts may be reduced upon an application approved by the commission and an agreement between the licensed harness racing corporation or association and the representative horsemen's organization as a condition to reduce the amounts of retained percentages as provided for in this section. However, of the total amount available for purses, an amount as determined by contractual obligations between an organization representing at least fifty-one percent of the owners and trainers using the facilities of such association or corporation for racing, training or stabling purposes and the association or corporation, shall be used for the administrative purposes of said organization and for such welfare and medical plans for regularly employed backstretch employees principally employed at the facilities of such corporation or association as provided by said organization, provided, however, that eligibility for

Such organization shall annually on or before July first certify to the commission that it represents at least fifty-one percent of such owners and trainers and provide copies of such certification to such association or corporation. Any other organization claiming to represent at least fifty-one percent of such owners and trainers may file a challenge with the commission within fifteen days of such original certification. The commission shall examine such claim and may undertake studies and conduct hearings to determine the validity of such claim. Within sixty days of receiving such challenge and based upon the findings of such studies and hearings, the commission shall render a decision on the validity of such claim and advise such organizations and association or corporation of its determination. Upon receipt of such original certification by such organization, the association or corporation shall make such payments to said organization and, in the event of a challenge brought to any other organization, such payments shall continue to be made until such time as the commission renders its decision on such challenge; and

(iii) the balance of the retained percentage of such pools [~~and the balance of the breaks~~] may be held by such association or corporation for its own use and purposes except as provided in paragraph c of this subdivision and in subdivision four of section three hundred one of this article, provided, however, that the commission shall report annually, on or before July first, to the director of the budget, the chair of the senate finance committee and the chair of the assembly ways and means committee the extent to which such corporations and associations used such retained percentages [~~and breakage~~] for operations, maintenance, capital improvements, advertising and promotion, administration and general overhead and evaluate the effectiveness and make recommendations with respect to the application of the [~~reduced~~] rates of taxation as provided for in subparagraph (i) of this paragraph in accomplishing the objectives stated therein. Such report shall also specify the amounts of such retained percentages [~~and breakage~~] used for investments not directly related to racing activities and such amounts used to declare dividends or other profit distributions, additions to capital stock, its sale and transfer and additions to retained earnings. Such reports shall also include an analysis of any such agreements or proposals to conduct or otherwise expand wagers authorized under article ten of this chapter and present its conclusions with respect to the conduct of such wagering, the nature of such proposals and agreements, and recommendations to ensure the future maintenance of the intent of this article and article ten of this chapter.

b. (i) Of the sums retained by any other licensed harness racing association or corporation other than those described in paragraph a of this subdivision, **such association or corporation shall pay to the commissioner of taxation and finance as a reasonable tax for the privilege of conducting pari-mutuel betting at races run at race meetings held by such corporation or association, a tax, which is hereby levied, in** the applicable [~~tax rates for regular bets shall be six-tenths of one percent; for multiple bets shall be one and one-tenth percent; for exotic bets shall be five and six-tenths percent and for super exotic bets shall be seven percent, plus fifty percent of the breaks. In this regard, expenditures by a county agricultural society pursuant to section three hundred nineteen of this article shall be credited to the applicable harness racing association or corporation for this purpose. In the determination of the amounts expended for such enhancements, the commission may consider the immediately preceding twelve-month calendar period or the average of the two immediately preceding twelve-month calendar periods. Such report shall also specify the amounts of such retained percentages [~~and breakage~~] used for investments not directly related to racing activities and such amounts used to declare dividends or other profit distributions, additions to capital stock, its sale and transfer and additions to retained earnings. Such reports shall also include an analysis of any such agreements or proposals to conduct or otherwise expand wagers authorized under article ten of this chapter and present its conclusions with respect to the conduct of such wagering, the nature of such proposals and agreements, and recommendations to ensure the future maintenance of the intent of this article.

(ii) Of the sums retained by such association or corporation, an amount equal to one and three-quarters percent of the total pool resulting from on-track regular, multiple and exotic bets shall be used exclusively for the purpose of increasing purses awarded in overnight races conducted by such association or corporation. Such amounts shall be in addition to purse moneys otherwise provided pursuant to existing contractual obligations. In this regard an amount equal to twelve percent of the total bets in super exotic pools shall be used for purses in lieu of any such contractual obligations that might otherwise apply to purses to be awarded on super exotic bets. Any portion of such amount not so used during any year shall be so used during the following year[~~, failing which such portion shall be payable to the commissioner of taxation and finance as additional tax~~]. In addition to the amounts required in this paragraph, fifty percent of all additional sums retained, as a result of tax reductions provided in this section after September first, nineteen hundred ninety-four to qualified licensed harness racing associations, shall be used exclusively for purposes of increasing purses awarded in overnight races conducted by such association or corporation, provided that such association or corporation has entered into a written agreement with its representative horsemen's organization on and after September first, nineteen hundred ninety-four. Notwithstanding anything contained herein to the contrary, in a harness special betting district the amount to be used for purses or the methodology for calculating the amount to be used for purses may be specified in a written contract between a harness racing association or corporation and its representative horsemen's association. The balance of the retained percentage of such pool may be held by such corporation or association for its own use and purposes.

(iii) [~~Of the amount of the breaks from on-track regular, multiple, exotic and super exotic bets such association or corporation shall pay fifty percent to the commissioner of taxation and finance. The balance of such breaks may be held by such association or corporation for its own use and purposes.~~

~~(iv)~~] The commission shall as a condition of racing require an association authorized to operate in areas other than Westchester or Nassau county to withhold one percent of all purses and to pay such sum to the

horsemen's organization representing the owners and trainers using the facilities of such association [~~which~~] that had a contract with the association governing the conditions of racing on January first, nineteen hundred ninety-two, as determined by the commission.

Any other horsemen's organization may apply to the commission to be approved as the qualified organization to receive payment of the one percent of all purses by submitting to the commission proof of both, that (i) such organization represents more than fifty-one percent of all the owners and trainers using the same facilities and (ii) the horsemen's organization previously approved as qualified by the commission does not represent fifty-one percent of all the owners and trainers using the same facilities. If the commission is satisfied that the documentation submitted with the application of any other horsemen's organization is conclusive with respect to subparagraphs (i) and (ii) of this paragraph, the commission may approve the applicant as the qualified recipient organization.

In the best interests of racing, upon receipt of such an application, the commission may direct the payments to the previously qualified horsemen's organization to continue uninterrupted, or it may direct the payments to be withheld and placed in interest-bearing accounts for a period not to exceed ninety days, during which time the commission shall review and approve or disapprove the application. Funds held in such manner shall be paid to the organization approved by the commission. In no event shall the commission accept more than one such application in any calendar year from the same horsemen's organization.

The funds authorized to be paid by the commission are to be used exclusively for the benefit of those horsemen racing in New York state through the administrative purposes of such qualified organization, benevolent activities on behalf of backstretch employees, and for the promotion of equine research.

c. Of the sums retained by any harness racing association or corporation, an amount equal to one percent of the total pools resulting from on-track regular, multiple and exotic bets and an amount equal to three percent of the total pools resulting from on-track super exotic bets shall be paid to the agriculture and New York state horse breeding development fund.

d. Every harness racing association or corporation shall pay to the commission as a regulatory fee, which fee is hereby levied, six-tenths of one percent of the total daily on-track pari-mutuel pools of such association or corporation.

4. Notwithstanding any other provisions of this chapter, there shall be no pari-mutuel tax imposed upon the compensation received by any harness racing association or corporation in consideration for (a) permission to have wagering conducted outside this state on races run by such association or corporation, and (b) the simulcasting outside this state of races run by such association or corporation, except for such permission or such simulcasting as may be granted to an off-track betting operator in the state of Connecticut by a harness racing association or corporation located in Nassau or Westchester county. Any such association or corporation so simulcasting to an off-track betting operator in the state of Connecticut shall pay to the New York commissioner of taxation and finance a reasonable tax for such permission and privilege for such simulcasting, which is hereby levied, at the following rates: one and one-tenth [~~per centum~~] percent of total daily regular and multiple bets; three and one-tenth [~~per centum~~] percent of total daily

exotic bets; and three and one-half [~~per centum~~] **percent** of total daily super exotic bets.

~~c. For any calendar year for which the commission does not certify pursuant to the provisions of subparagraph (i) of paragraph b of this subdivision with respect to an association or corporation, the tax imposed by this section shall be computed by substituting the provisions of paragraph a of this subdivision for the provisions of paragraph a or b, whichever is applicable, of subdivision one of this section and shall pay the tax so computed to the commissioner of taxation and finance. In such computation and payment, all other provisions of this section shall apply as if the provisions of this paragraph and of paragraph a of this subdivision had been incorporated in whole in paragraph a or b, whichever is applicable, of subdivision one of this section.~~

~~d. For any calendar year for which the commission does not certify pursuant to the provisions of subparagraph (ii) of paragraph b of this subdivision with respect to an association or corporation, the tax required to be paid hereunder for such year shall be equal to the difference between the tax imposed pursuant to the provisions of paragraph a of this subdivision and the tax imposed pursuant to the provisions of paragraph a or b, whichever is applicable, of subdivision one of this section, less one-half of such difference in recognition of purses that were required to be paid, plus an additional amount equal to ten percent of such tax in the event of a willful failure to comply with the provisions of subparagraph (ii) of paragraph b of this subdivision and such association or corporation shall pay the tax so computed to the commissioner of taxation and finance on or before March fifteenth of the following year. Notwithstanding the provisions of this subdivision, in the event that upon appeal from the determination of the commission that the certification provided in paragraph b of this subdivision will not be made, it is finally determined that the commission erred in failing to so certify and that any moneys received by the commissioner of taxation and finance under paragraph c of this subdivision were paid in error, the same shall be refunded at the rate of interest of six percent per annum. Payment of such tax due, or the anticipation of such payment, shall not affect the determination of purses in the year in which such tax arises or in the year in which such payment is made nor shall such payment in any other manner be considered in any statutory or contractual calculation of purse obligations.~~

~~e. Written notice of the certification of the commission pursuant to the provisions of paragraph b of this subdivision shall be given by the commission to the applicable association or corporation by the dates therein specified. In like manner, written notice that such certification will not be made shall be given by the commission to the commissioner of taxation and finance and the applicable association or corporation by such dates~~].

§ 5. Subdivision 1 of section 418 of the racing, pari-mutuel wagering and breeding law, as amended by chapter 243 of the laws of 2020, is amended to read as follows:

1. Every association or corporation authorized under [~~sections two hundred twenty-two through seven~~] **section four** hundred five of this [~~chapter~~] **article** to conduct pari-mutuel betting at a quarter horse race meeting on races run thereat shall distribute all sums deposited in any pari-mutuel pool to the holders of winning tickets therein provided such

tickets be presented for payment before April first of the year following the year of their purchase, less seventeen percent of the total deposits in pools resulting from regular on-track bets and less nineteen percent of the total deposits in pools resulting from multiple bets and less twenty-five percent of the total deposits in pools resulting from exotic on-track bets[~~, plus the breaks~~]. "Multiple bet" or "multiple wager" shall mean a single bet or wager on two horses, evidenced by a single ticket and representing an interest in a single betting pool. "Exotic bet" or "exotic wager" shall mean a single bet or wager on three or more horses, evidenced by a single ticket and representing an interest in a single betting pool. [~~The breaks for regular bets and multiple bets are hereby defined as the odd cents over any multiple of ten or for exotic bets, over any multiple of fifty calculated on the basis of one dollar and otherwise payable to a patron.~~] Of the sum so retained [~~the applicable tax rates for regular bets shall be three percent; the applicable tax rates for multiple bets shall be three and one-half percent; the applicable tax rates for exotic bets~~] **there** shall be eight percent, plus sixty-five percent of the amount of the breaks from on-track regular, multiple and exotic bets shall be paid by such corporation or association to the department of taxation and finance as a reasonable tax by the state for the privilege of conducting pari-mutuel betting on the races run at the quarter horse race meetings held by such corporation or association, which tax is hereby levied, [~~and the balance of the retained percentage of such pool and of the breaks may be held by such corporation or association for its own use and purposes~~] **in the applicable percentage set forth in subdivision one of section one hundred thirty-six of this chapter**. The payment of such state tax shall be made to the department of taxation and finance at such regular intervals as the department of taxation and finance may require, and shall be accompanied by a report under oath showing the total of all such contributions together with such other information as the department of taxation and finance may require. A penalty of five percent and interest at the rate of one percent per month from the date the report is required to be filed to the date of payment of the tax shall be payable in case any tax imposed by this section is not paid when due. If the department of taxation and finance determines that any moneys received under this section were paid in error, it may cause the same to be refunded without interest out of any moneys collected thereunder, provided an application therefor is filed with it within one year from the time the erroneous payment was made. Such taxes, interest and penalties when collected, after the deduction of refunds of taxes erroneously paid, shall be paid by the department of taxation and finance into the general fund of the state treasury. [~~Ten percent of the breaks shall be paid to the New York state quarter horse breeding and development fund.~~]

§ 6. Subdivisions 1, 5, 7 and 8 of section 527 of the racing, pari-mutuel wagering and breeding law, as amended by chapter 18 of the laws of 2008, the opening paragraph of subdivision 1 and subdivision 5 as amended by chapter 243 of the laws of 2020, are amended to read as follows:

1. The disposition of the retained commission from pools resulting from regular, multiple or exotic bets, as the case may be, whether placed on races run within a region or outside a region, conducted by racing corporations, harness racing associations or corporations, quarter horse racing associations or corporations or races run outside the state shall be governed by the tables in paragraphs a and b of this subdivision. [~~The rate denominated "state tax"~~] **There** shall [~~represent~~

~~the rate of~~] be paid by each regional corporation conducting off-track betting, as a reasonable tax imposed upon the retained commission for the privilege of conducting off-track pari-mutuel betting, which tax is hereby levied [~~and~~], a percentage of all money wagered on live races through such corporation, which shall be payable in the manner set forth in this section and in subdivision one of section one hundred thirty-six of this chapter. Each off-track betting corporation shall pay to the commission as a regulatory fee, which fee is hereby levied, six-tenths of one percent of the total daily pools of such corporation. Each corporation shall also pay twenty percent of the breaks derived from bets on out-of-state harness races and fifty percent of the breaks derived from bets on all other out-of-state races to the agriculture and New York State horse breeding and development fund and to the thoroughbred breeding and development fund, the total of such payments to be apportioned fifty percent to each such fund. For the purposes of this section, the New York city, Suffolk, Nassau, and the Catskill regions shall constitute a single region and any thoroughbred track located within the Capital District region shall be deemed to be within such single region. A "regional meeting" shall refer to either harness or thoroughbred meetings, or both, except that a franchised corporation shall not be a regional track for the purpose of receiving distributions from bets on thoroughbred races conducted by a thoroughbred track in the Catskill region conducting a mixed meeting. With the exception of a harness racing association or corporation first licensed to conduct pari-mutuel wagering at a track located in Tioga, Saratoga or Westchester county after January first, two thousand five, racing corporations first licensed to conduct pari-mutuel racing after January first, nineteen hundred eighty-six or a harness racing association or corporation first licensed to conduct pari-mutuel wagering at a track located in Genesee County after January first, two thousand five, and quarter horse tracks shall not be "regional tracks"; if there is more than one harness track within a region, such tracks shall evenly divide payments made pursuant to the tables in paragraphs a and b of this subdivision when neither track is running. In the event a track elects to reduce its retained percentage from any or all of its pari-mutuel pools, the payments to the track holding the race and the regional track required by paragraphs a and b of this subdivision shall be reduced in proportion to such reduction. Nothing in this section shall be construed to authorize the conduct of off-track betting contrary to the provisions of section five hundred twenty-three of this article.

d. For the portion of the Western region included within a thoroughbred special betting district and not within a harness special betting district, when no thoroughbred race meeting is conducted by a racing corporation located within such thoroughbred special district, the distribution of the retained commission to "regional tracks" by such regional corporation derived from wagers placed within such special betting district shall be divided as follows:

(i) when a harness corporation located in such district is conducting a meet the full amount to such harness corporation; and when a harness corporation in the region but not located in such district is conducting a meet, forty percent to the thoroughbred racing corporation and sixty percent to the harness corporation conducting a meet;

(ii) when no racing is being conducted, forty [~~per centum~~] **percent** to the thoroughbred racing corporation and the balance divided equally between the harness racing corporations located in such region; and

(iii) when no racing is being conducted and no more than one harness racing association is licensed during the calendar year to conduct a race meeting, fifty [~~per centum~~] **percent** to the thoroughbred racing corporation and fifty [~~per centum~~] **percent** to the harness racing association located in such region.

c. From the total breaks retained by a regional corporation, an amount equal to ten percent of the breaks derived from bets on **out-of-state** quarter horse races shall be paid to the New York state quarter horse breeding and development fund.

In addition to any other amount required by this section, of the portion of commissions retained by a regional corporation, an amount equal to one [~~per centum~~] **percent** of multiple pools derived from wagers on races conducted by a thoroughbred racing corporation, licensed by the board, other than a franchised corporation, shall be paid to such thoroughbred racing corporation and held by such corporation for its own use and purposes, except that an amount equal to one-half [~~per centum~~] **percent** shall be used exclusively for the purpose of increasing purses, including stakes, premiums and prizes, awarded to horses in races conducted by such corporation. 1. Notwithstanding any other provision of law, each regional off-track betting corporation, or off-track betting operator, including the New York city off-track betting corporation, conducting off-track betting shall impose a surcharge of five percent on the portion of pari-mutuel wagering pools distributable to persons having placed bets at off-track betting facilities located within such region. The revenues derived from such surcharge[~~, plus the breaks,~~] shall be held separate and apart from any amounts otherwise authorized to be retained from pari-mutuel pools.

Such surcharge is hereby levied subject to the conditions set forth in this subdivision and article ten of this chapter.

3. The revenues received from any surcharge imposed by subdivision one of this section[~~, plus the breaks,~~] shall be distributed monthly, as follows:

(ii) where the track conducting the race on which the bet was placed is not located within a city with a population in excess of one hundred thousand, to the county in which such track is located;

(iii) where the track conducting the race on which the bet was placed is located partially within a city with a population in excess of one million and partially within a county, twenty-five percent of such balance to the city and the remainder to the county;

(iv) where the track conducting the race on which the bet was placed is located outside the state, in the same manner as described in paragraph a of this subdivision;

(v) where the track conducting the race is located in a thoroughbred special betting district and is simulcasting pursuant to section one thousand eight of this chapter outside such special betting district, ninety percent to the off-track betting operator and ten percent to the county in which such track is located; and

(vi) for the period of September first, two thousand twenty-two until August thirty-first, two thousand twenty-seven and where the track conducting the race on which the bet was placed is a harness track located in the county of Erie, to such track.

3-a. Such five [~~per centum~~] **percent** surcharge herein provided is hereby increased by a supplemental one [~~per centum~~] **percent** surcharge on the portion of pari-mutuel wagering pools of multiple, exotic and super exotic bets distributable to persons having placed bets at off-track betting facilities to be distributed in accordance with the provisions of section five hundred nine-a or six hundred nine-a of this chapter, whichever may be applicable to the corporation with which such bets originated.

6. Notwithstanding any provision herein or in section one thousand nine of this chapter to the contrary where the track conducting the race is a thoroughbred track located in the Catskill region conducting a mixed meeting such surcharge shall be collected on all wagers placed in branch offices or simulcast theaters of a regional off-track betting corporation. The revenues received from any such surcharge imposed in accordance with this section [~~plus the breaks~~] shall be distributed monthly as follows:

c. one-fifth to be retained by the off-track betting operator with whom such bet originated as operating revenues.

§ 8. Paragraph c of subdivision 1 of section 904 of the racing, pari-mutuel wagering and breeding law, as amended by chapter 243 of the laws of 2020, is amended to read as follows:

c. Every association and corporation shall distribute all sums deposited in any pari-mutuel pool to the holders of winning tickets therein, providing such tickets be presented for payment before April first of the year following the year of their purchase, less an amount that it shall retain at the same rate established by the sending track [~~**plus the breaks**~~].

§ 9. Paragraph c of subdivision 2 and subdivision 4 of section 905 of the racing, pari-mutuel wagering and breeding law, paragraph c of subdivision 2 as amended by chapter 243 of the laws of 2020, subdivision 4 as amended by section 15 of part F3 of chapter 62 of the laws of 2003 and such section as renumbered by chapter 18 of the laws of 2008, are amended to read as follows:

c. If different retention or breakage rates than those prevailing at the site of the New York interface are prescribed by the laws governing such out-of-state or foreign betting operator, and the commission is satisfied that it would not be contrary to the public interest to accept such wagers for combination with New York wagers, calculations of the current odds and final pay-off prices shall be made as follows:

(i) All New York state and out-of-state and foreign wagers of the same type shall be combined into single pools for calculation.

(ii) As many tentative payout prices as there are different retention and breakage rates applicable (including the prevailing New York **retention** rate) shall be calculated on the basis of returning the appropriate rate of return, less breaks after imposition of each such rate of retention and breaks.

(iii) To each such out-of-state or foreign operator shall be allocated an amount sufficient for it to pay the appropriate pay-off to holders of winning wagers placed with it together with the applicable retention amount on its total wagers.

(iv) To each New York operator shall be allocated an amount sufficient for it to pay the appropriate pay-off to holders of winning wagers placed with it together with the applicable New York retention amount on its total wagers.

(v) The total amount of the combined pool less the combined total of all allocations as determined in subparagraphs (iii) and (iv) of this paragraph shall be credited to a special breakage account. The amount in such account giving appropriate weight to rates established for breakage shall be allocated as breaks among all operators in the combined pool in accordance with the rules and regulations of the commission. Should a minus pool eventuate in which the total combined pool is insufficient to reimburse each operator for the allocation due to it then the allocation due to each such operator shall be reduced as may be appropriate and such operator shall be responsible for satisfying its liability from its own operating capital.

4. In those instances in which the retention rates of the out-of-state track are different from the retention rates authorized in this section, distribution to each of the entities entitled to receive payment under section five hundred twenty-seven or article ten of this chapter after payment of state taxes and regulatory fees shall be adjusted proportionately in an appropriate manner to account for higher or lower retention rates. For purposes of determining payment on out-of-state wagers the retention rate shall be the amount sufficient to pay holders of winning

wagers plus any payments required to be made to the out-of-state track which exceeds two [~~per centum~~] **percent** of handle.

§ 10. Paragraph a of subdivision 3 of section 1007 of the racing, pari-mutuel wagering and breeding law, as amended by chapter 243 of the laws of 2020, is amended to read as follows:

a. Of the sums retained by the receiving track from simulcast pools the pari-mutuel tax shall be levied at the [~~lower of the pari-mutuel tax~~] rate [~~in effect on December thirty-first, nineteen hundred ninety-three at the receiving track, plus ten percent of the breaks or the following rates: two percent of simulcast pools generated by regular wagers, two and one-half percent of simulcast pools generated by multiple wagers, and seven percent of simulcast pools generated by exotic and super exotic wagers, plus ten percent of the breaks~~] **set forth in subdivision one of section one hundred thirty-six of this chapter**.

Section 1. Subdivision 1 of section 220 of the racing, pari-mutuel wagering and breeding law, as amended by section 2 of part NN of chapter 59 of the laws of 2025, is amended to read as follows:

1. For the purpose of maintaining a proper control over race meetings conducted pursuant to sections two hundred five and two hundred six of this article, the commission shall license owners, which term shall be deemed to include part-owners and lessees, trainers, assistant trainers and jockeys, jockey agents, stable employees, non-publicly appointed members of the board of a franchised corporation, and such other persons as the commission may by rule prescribe at running races and at steeplechases, provided, however, that no such license shall be required for seasonal employees hired solely to work for no longer than six weeks during the summer meet at Saratoga racetrack, and any such other times as race dates historically assigned to Belmont Park are conducted at the Saratoga racetrack in two thousand twenty-four [~~and~~], two thousand twenty-five **and two thousand twenty-six** as approved in writing by the commission. In the event that a proposed licensee is other than a natural person, the commission shall require by regulation disclosure of the names and addresses of all owners of an interest in such entity. The commission may retain, employ or appoint such officers, employees and agents, as it may deem necessary to receive, examine and make recommendations, for the consideration of the commission, in respect of applications for such licenses; prescribe their duties in connection therewith, and fix their compensation therefor within the limitations prescribed by law. Each applicant for a license shall pay to the commission an annual license fee as follows: owner's license, if a renewal, fifty dollars, and if an original application, one hundred dollars; trainer's license, thirty dollars; assistant trainer's license, thirty dollars; jockey's license, fifty dollars; jockey agent's license, twenty dollars; and stable employee's license, five dollars. Each applicant may apply for a two-year or three-year license by payment to the commission of the appropriate multiple of the annual fee. The commission may by rule fix the license fees to be paid by other persons required to be licensed by the rules of the commission, not to exceed thirty dollars per category. The application for the license shall be in writing in such form as the commission may prescribe, and contain such information as the commission may require. The commission shall henceforth cause all applicants for licenses to be photographed and fingerprinted and may issue identification cards to licensees. Such fingerprints shall be submitted to the division of criminal justice services for a state criminal history record check, as defined in subdivision one of section three thousand thirty-five of the education law, and may be submitted to the federal bureau of investigation for a national criminal history record check. A fee equal to the actual cost of issuance shall be charged for the initial issuance of such identification cards. Each such license unless revoked for cause shall be for the period of no more than one, two or three years, determined by rule of the commission, expiring on the applicant's birth date. Licenses of non-publicly appointed members of the board of a franchised corporation shall be issued without fee and remain in effect for the duration of their board service. Licenses

current on the effective date of this provision shall not be reduced in duration by this provision. An applicant who applies for a license that, if issued, would take effect less than six months prior to the applicant's birth date may, by payment of a fifty percent higher fee, receive a license which shall not expire until the applicant's second succeeding birth date. All receipts of the commission derived from the operation of this section shall be paid by it into the state treasury on or before the tenth day of each month. All officials connected with the actual conduct of racing shall be subject to approval by the commission.

§ 2. This act shall take effect immediately; provided, however, that the amendments to subdivision one of section 220 of the racing, pari-mutuel wagering and breeding law made by section one of this act shall not affect the expiration of such subdivision and shall expire and be deemed repealed therewith.

PART AA

Section 1. Subsection (g-1) of section 606 of the tax law, as amended by chapter 378 of the laws of 2005, paragraphs 1 and 2 as amended by chapter 375 of the laws of 2012, paragraph 3 as amended, paragraph 5 as added, and paragraphs 6, 7 and 8 as renumbered by chapter 128 of the laws of 2007, is amended to read as follows:

(g-1) Solar energy system equipment credit. (1) General. An individual taxpayer shall be allowed a credit against the tax imposed by this article equal to twenty-six percent of qualified solar energy system equipment expenditures, except as provided in subparagraph (D) of paragraph two of this subsection. This credit shall not exceed three thousand seven hundred fifty dollars for qualified solar energy equipment placed in service before September first, two thousand six, [~~and~~] five thousand dollars for qualified solar energy equipment placed in service on or after September first, two thousand six **and before January first, two thousand twenty-six, and ten thousand dollars for qualified solar energy equipment placed in service on or after January first, two thousand twenty-six**.

(2) Qualified solar energy system equipment expenditures. (A) The term "qualified solar energy system equipment expenditures" means expenditures for:

(i) the purchase of solar energy system equipment which is installed in connection with residential property which is (I) located in this state and (II) which is used by the taxpayer as [~~his or her~~] **their** principal residence at the time the solar energy system equipment is placed in service;

(ii) the lease of solar energy system equipment under a written agreement that spans at least ten years where such equipment owned by a person other than the taxpayer is installed in connection with residential property which is (I) located in this state and (II) which is used by the taxpayer as [~~his or her~~] **their** principal residence at the time the solar energy system equipment is placed in service; or

(iii) the purchase of power under a written agreement that spans at least ten years whereunder the power purchased is generated by solar energy system equipment owned by a person other than the taxpayer which is installed in connection with residential property which is (I) located in this state and (II) which is used by the taxpayer as [~~his or her~~] **their** principal residence at the time the solar energy system equipment is placed in service.

(B) Such qualified expenditures shall include expenditures for materials, labor costs properly allocable to on-site preparation, assembly and original installation, architectural and engineering services, and designs and plans directly related to the construction or installation of the solar energy system equipment.

(C) Such qualified expenditures for the purchase of solar energy system equipment shall not include interest or other finance charges.

(D) Such qualified expenditures for the lease of solar energy system equipment or the purchase of power under an agreement described in clauses (ii) or (iii) of subparagraph (A) of this paragraph shall include an amount equal to all payments made during the taxable year under such agreement. Provided, however, such credits shall only be allowed for fourteen years after the first taxable year in which such credit is allowed. Provided further, however, the twenty-five percent limitation in paragraph one of this subsection shall only apply to the total aggregate amount of all payments to be made pursuant to an agreement referenced in clauses (ii) or (iii) of subparagraph (A) of this paragraph, and shall not apply to individual payments made during a taxable year under such agreement except to the extent such limitation on an aggregate basis has been reached.

(3) Solar energy system equipment. The term "solar energy system equipment" shall mean an arrangement or combination of components utilizing solar radiation, which, when installed in a residence, produces **and may store** energy designed to provide heating, cooling, hot water or electricity for use in such residence. Such arrangement or components **may include electric energy storage equipment but** shall not include **any other** equipment connected to solar energy system equipment that is a component of part or parts of a non-solar energy system or which uses any sort of recreational facility or equipment as a storage medium. Solar energy system equipment that generates **and stores** electricity for use in a residence must conform to applicable requirements set forth in section sixty-six-j of the public service law. Provided, however, where solar energy system equipment is purchased and installed by a condominium management association or a cooperative housing corporation, for purposes of this subsection only, the term "ten kilowatts" in such section sixty-six-j shall be read as [**~~"fifty~~**] **"ten** kilowatts **multiplied by the number of owner-occupied units in the cooperative or condominium management association**."

(4) Multiple taxpayers. Where solar energy system equipment is purchased and installed in a principal residence shared by two or more taxpayers, the amount of the credit allowable under this subsection for each such taxpayer shall be prorated according to the percentage of the total expenditure for such solar energy system equipment contributed by each taxpayer.

(5) Proportionate share. Where solar energy system equipment is purchased and installed by a condominium management association or a cooperative housing corporation, a taxpayer who is a member of the condominium management association or who is a tenant-stockholder in the cooperative housing corporation may for the purpose of this subsection claim a proportionate share of the total expense as the expenditure for the purposes of the credit attributable to [**~~his~~**] **their** principal residence.

(6) Grants. For purposes of determining the amount of the expenditure incurred in purchasing and installing solar energy system equipment, the amount of any federal, state or local grant received by the taxpayer, which was used for the purchase and/or installation of such equipment

and which was not included in the federal gross income of the taxpayer, shall not be included in the amount of such expenditures.

(7) When credit allowed. The credit provided for herein shall be allowed with respect to the taxable year, commencing after nineteen hundred ninety-seven, in which the solar energy system equipment is placed in service.

(8) Carryover of credit **and refundability**. If the amount of the credit, and carryovers of such credit, allowable under this subsection for any taxable year shall exceed the taxpayer's tax for such year, such excess amount may be carried over to the five taxable years next following the taxable year with respect to which the credit is allowed and may be deducted from the taxpayer's tax for such year or years. **For taxable years beginning on or after January first, two thousand twenty-six, if the amount of the credit allowable under this subsection shall exceed the taxpayer's tax liability for such year, and the taxpayer meets the definition of low to moderate income, as defined in subdivision (c) of section nine hundred seventy-c of the general municipal law, or resides in a disadvantaged community, as defined in subdivision five of section 75-0101 of the environmental conservation law, the excess shall be treated as an overpayment of tax to be credited or refunded in accordance with the provisions of section six hundred eighty-six of this article, provided, however, that no interest shall be paid thereon.**

§ 2. This act shall take effect immediately.

PART BB

Section 1. Short title. This act shall be known and may be cited as the "Stop Climate Polluter Handouts Act".

A credit or refund shall be available to the extent tax paid on gallonage used to propel any such vessel exceeds the amount of tax due based on the tax rate set forth herein. Provided, however, that the commissioner shall require such documentary proof to qualify for any credit or reimbursement provided hereunder as the commissioner deems appropriate.

Section 1. Section 210-B of the tax law is amended by adding a new subdivision 63 to read as follows:

63. Credit for food service establishment donations to food pantries. (a) Allowance of credit. In the case of a taxpayer that is a food service establishment, there shall be allowed a credit, to be computed as hereinafter provided against the tax imposed by this article for taxable years beginning on and after January first, two thousand twenty-seven. The amount of the credit shall be fifty percent of the marketed value of the taxpayer's qualified donations up to seven dollars per qualified donation made to any eligible community-based organization

during the taxable year, not to exceed ten thousand dollars total per taxable year.

(b) Definitions. For the purposes of this subdivision, the following terms shall have the following meanings:

(i) "Food service establishment" means a taxpayer whose federal gross income from prepared food sales for the taxable year is at least half of such taxpayer's federal gross income. Such taxpayer may be a corporation, partnership, or individual.

(d) Application of credit. The credit allowed under this subdivision for any taxable year shall not reduce the tax due for such year to less than the amount prescribed in paragraph (d) of subdivision one of section two hundred ten of this article. However, if the amount of credit allowed under this subdivision for any taxable year reduces the tax to such amount or if the taxpayer otherwise pays tax based on the fixed dollar minimum amount, any amount of credit thus not deductible in such taxable year shall be treated as an overpayment of tax to be credited or refunded in accordance with the provisions of section one thousand eighty-six of this chapter. Provided, however, the provisions of subsection (c) of section one thousand eighty-eight of this chapter notwithstanding, no interest shall be paid thereon.

(e) Authority to issue tax credit. In addition to any other tax or assessment imposed by this chapter or any other law, there is hereby imposed beginning January first, two thousand twenty-seven a noise tax on non-essential seaplane and helicopter flights at the rate of fifty dollars per seat ticket or two hundred dollars per flight, whichever is greater.

§ 289-i. Liability for the tax. Any non-essential helicopter or seaplane flight is subject to the tax imposed by this article. The tax imposed by this section shall not be imposed on any helicopter or seaplane flights if such imposition is superseded by federal law or regulation.

For purposes of this article the term "long-form, part-quarterly return" shall mean a return in a form determined by the commissioner providing for the calculation of the actual taxes for the preceding month. For purposes of this article the term "short-form, part-quarterly return" shall mean a return which shall be available for use in filing as a return for the first two months of any quarter and only by a person required to file a return monthly who has had at least four successive quarterly tax periods immediately preceding the month for which the return is to be filed and who elects such use, and is in a form determined by the commissioner and providing for the calculation of one-third of the total taxes paid by the person to the commissioner in the comparable quarter of the immediately preceding year under this article.

2. The returns and information returns required by this section to be filed quarterly shall be filed for quarterly periods ending on the last day of February, May, August and November of each year, and each return and each information return shall be filed within twenty days after the end of the quarterly period covered thereby. The information returns required to be filed annually shall be filed for twelve-month periods ending on the last day of May of each year, and each such information return shall be filed within twenty days after the end of the twelve-month period covered thereby.

3. The tax commission may permit or require returns to be made covering other periods and upon such dates as it may specify. If the tax commission deems it necessary in order to ensure the payment of the taxes imposed by this article, it may require returns to be made for shorter periods than those prescribed pursuant to the foregoing subdivisions of this section, and upon such dates as it may specify.

4. The form of returns shall be prescribed by the tax commission and shall contain such information as it may deem necessary for the proper administration of this article. The commission may require amended returns to be filed within twenty days after notice and to contain the information specified in the notice.

5. In addition to any other penalty or interest provided for under this article or other law, and unless it is shown that such failure is due to reasonable cause and not due to willful neglect, any person liable for the tax imposed by this article that fails to pay such tax when due shall be liable for a penalty in an amount equal to four hundred percent of the total tax amount that is due.

§ 289-l. Records to be kept. Every operator liable for the surcharge imposed by this article shall keep, and shall make available for review upon demand by the commissioner:

The officers charged with the custody of such returns and reports shall not be required to produce any of them or evidence of anything contained in them in any action or proceeding in any court, except on behalf of the commissioner in an action or proceeding under the provisions of this chapter, or in any other action or proceeding involving the collection of a surcharge due under this chapter to which the state, the commissioner or an agency that is authorized to permit or regulate the provision of any relevant transportation is a party or a claimant, or on behalf of any party to any action, proceeding or hearing under the provisions of this article, when the returns or the reports or the facts shown thereby are directly involved in such action, proceeding or hearing, in any of which events the court, or in the case of a hearing, the division of tax appeals, may require the production of, and may admit in evidence so much of said returns or reports or of the facts shown thereby as are pertinent to the action or proceeding and no more. 2. Notwithstanding the provisions of subdivision one of this section, the commissioner may permit the secretary of the treasury of the United

States or such secretary's delegate, or the authorized representative of either such officer, to inspect any return filed under this article, or may furnish to such officer or such officer's authorized representative an abstract of any such return or supply such person with information concerning an item contained in any such return, or disclosed by any investigation of liability under this article, but such permission shall be granted or such information furnished only if the laws of the United States grant substantially similar privileges to the commissioner or officer of this state charged with the administration of the tax imposed by this article, and only if such information is to be used for purposes of tax administration only; and provided further the commissioner may furnish to the commissioner of internal revenue or such commissioner's authorized representative such returns filed under this article and other tax information, as such commissioner may consider proper, for use in court actions or proceedings under the internal revenue code, whether civil or criminal, where a written request therefor has been made to the commissioner by the secretary of the treasury of the United States or such secretary's delegate, provided the laws of the United States grant substantially similar powers to the secretary of the treasury of the United States or their delegate. Where the commissioner has so authorized use of returns and other information in such actions or proceedings, officers and employees of the department may testify in such actions or proceedings in respect to such returns or other information.

(b) No returns shall be furnished pursuant to this subdivision unless the chairperson of the requesting committee certifies in writing that such returns have been requested related to, and in furtherance of, a legitimate task of the Congress, that the requesting committee has made a written request to the United States secretary of the treasury for related federal returns or reports or return or report information, pursuant to 26 U.S.C. Section 6103(f), and that if such requested returns are inspected by and/or submitted to another committee, to the United States House of Representatives, or to the United States Senate, then such inspection and/or submission shall occur in a manner consistent with federal law as informed by the requirements and procedures established in 26 U.S.C. Section 6103(f).

§ 289-n. Practice and procedure. The provisions of article twenty-seven of this chapter shall apply with respect to the administration of and procedure with respect to the tax imposed by this article in the same manner and with the same force and effect as if the language of such article twenty-seven had been incorporated in full into this article and had expressly referred to the surcharge imposed by this article, except to the extent that any such provision is either inconsistent with a provision of this article or is not relevant to this article.
