FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would modify the service retirement benefit for members of the New York State and Local Employees' Retirement System employed by Suffolk County as correction officers. Members are currently awarded 50 percent of final average salary (FAS) upon completion of 25 years of creditable service or 60 percent upon completion of 30 years. The modified benefit will alternately award 40 percent of FAS upon completion of 20 years of creditable service.

We estimate that Suffolk County's annual contributions will increase \$2.7 million beginning FYE 2027, with near-term costs increasing 2.7% of salary for Tier 6 participants, from 16.2% to 18.9%. Subsequent costs will vary annually but are expected to average 2.0% of salary, long-term.

In addition, there will be an immediate past service cost of \$27.1 million borne by Suffolk County as a one-time payment. This cost assumes that payment will be made on February 1, 2027. If Suffolk County elects to amortize this cost over 10 years, the cost for each year will be \$3.46 million.

These estimated costs are based on 881 affected members employed by Suffolk County, with annual salary of approximately \$122 million as of March 31, 2025.
