

STATE OF NEW YORK

9542

IN SENATE

March 23, 2026

Introduced by Sen. CLEARE -- read twice and ordered printed, and when printed to be committed to the Committee on Finance

AN ACT to amend the public health law, in relation to establishing the hospice workforce stabilization and innovation program; and making an appropriation therefor

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Short Title. This act shall be known and may be cited as
2 the "Hospice Workforce Stabilization and Innovation Act".

3 § 2. Legislative Findings and Purpose. The legislature finds that
4 hospice and palliative care services are essential components of New
5 York's health care delivery system and play a critical role in improving
6 quality of life, supporting families and caregivers, and reducing avoid-
7 able hospitalizations. The legislature further finds that New York State
8 faces a significant shortage of hospice nurses, aides, social workers,
9 chaplains, and other interdisciplinary staff, resulting in reduced
10 access to hospice services, delayed referrals, provider strain, and
11 inequities in the availability of high-quality end-of-life care, partic-
12 ularly in rural and underserved communities.

13 The legislature additionally finds that hospice providers licensed
14 under article forty of the public health law have been excluded from
15 major statewide workforce initiatives, insofar as those initiatives have
16 relied on Medicaid funding, and hospice providers are primarily reim-
17 bursed by Medicare rather than Medicaid. This has contributed to work-
18 force instability and undermined the State's ability to improve hospice
19 utilization and access. The purpose of this act is to establish a coor-
20 dinated, statewide investment to stabilize the hospice workforce,
21 strengthen long-term training pipelines, and expand workforce education.

22 § 3. The public health law is amended by adding a new section 4013-a
23 to read as follows:

24 § 4013-a. Hospice workforce stabilization and innovation program. 1.
25 (a) "Hospice provider" means any hospice program licensed under this
26 article.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets

48 the purpose of carrying out the provisions of this act. Such moneys
49 shall be payable on the audit and warrant of the comptroller on vouchers

2 ment shall have been rendered. It is hereby declared to be the intent of
3 the legislature that this act would have been enacted even if such
4 invalid provisions had not been included herein.

6 the date on which it shall have become a law.
