I hereby declare that the foregoing is a true statement to the best of my knowledge and belief, and I understand that if I make any material

false statement in the foregoing statement of early mail voter, I shall be guilty of a misdemeanor.
Date..... Signature of Voter.....

c. The envelope shall be gummed, ready for sealing, and shall have printed thereon, on the side opposite the statement, instructions as to the duties of the voter after the marking of the ballot, which instructions shall include a specific direction stating that the envelope must reach the office of the clerk of the school district not later than five P.M. on the day of the election in order that their vote may be canvassed.

d. A person who shall make any material false statement in the statement of early mail voter appearing on the reverse side of the envelope as provided in this subdivision, shall be guilty of a misdemeanor.

6. The board of registration shall make a list of all persons to whom early mail voter's ballots shall have been issued and file such list in the office of the clerk where it shall be available for public inspection during regular office hours until the day of the election. Any qualified voter may, upon examination of such list, file a written challenge of the qualifications as a voter of any person whose name appears on such list, stating the reasons for such challenge. A challenge to an early mail voter may not be made on the basis that the voter should have applied for an absentee ballot. Such written challenge shall be transmitted by the clerk to the inspectors of election on election day.

7. a. The board of registration shall be authorized to call upon the commissioner of police and the officers and members of the police force for such assistance in the enforcement of the provisions of this section as such board shall require, and such commissioner and officers and members of the police force shall be authorized to render such assistance.

b. The board of registration may require any person to attend before

it at the office of the clerk of the school district and be examined by the board as to any matter in relation to which such board is charged with a duty under this section, and may issue a subpoena therefor. Each member of such board shall be authorized to administer any oath that may be required or authorized by law in this connection.

8. No early mail voter's ballot shall be canvassed, unless it shall have been received in the office of the clerk of the school district not later than five P.M. on the day of the election.

9. The clerk of the district shall, on the day of the election, transmit all early mail voters' envelopes, received by them in accordance with subdivision eight of this section, to the inspectors of election.

10. If, at the school district election, any early mail voters' envelopes shall have been received at the polling place, the inspectors of election immediately after the closing of the polls shall examine them, and shall compare the signature, if any, on each envelope with the signature, if any, on the register, of the person of the same name who registered from the same address. If the signatures are found to correspond, the inspectors shall certify thereto by signing their initials opposite the name of the voter at the appropriate place in the register. If a person whose name is on an envelope as a voter, shall have already voted in person at such school district election, or if their name, residence and signature, as stated on the envelope, are not on the register, or if there is no signature on the envelope, this envelope shall be laid aside unopened and be returned unopened to the clerk of the district. If such person is found to be registered and has not so voted in person, and if no objection is made, or if an objection made be not sustained, the envelope shall be opened and the ballot withdrawn without unfolding and deposited in the proper box or boxes. At the time of the deposit of such ballot, the inspectors shall enter the words "early mail vote" at an appropriate place in the register.

11. During such examination any qualified voter present in the polling place may object to the voting of the ballot contained in any envelope

upon the ground or grounds that the person named thereon is not a qualified voter of the school district, or school election district (where applicable). An inspector shall make such an objection if he shall know or suspect that the person named on such envelope is not such a qualified voter. The inspectors of election shall forthwith proceed to determine each objection including any written challenge transmitted to them by the district clerk as provided in subdivision six of this section. Unless the inspectors, by majority vote, shall sustain the objection, the chairman, or if he refuses, another inspector shall endorse upon the envelope the objection and the words "not sustained," shall sign such endorsement, and shall open the envelope and deposit the ballot as provided in this section. Should the inspectors, by majority vote, sustain such objection, the objection and word "sustained" shall be similarly endorsed upon the envelope, the envelope shall not be opened nor the ballots therein canvassed, and such envelope shall be returned unopened to the clerk of the district. If the inspectors of election shall have received an envelope endorsed with the name of a person who to the knowledge of the inspectors is deceased on the day of the election, the inspectors shall return such envelope unopened to the clerk of the district with the words "deceased--objection sustained" endorsed on the envelope.

12. If the inspectors of election shall have received an envelope, and upon opening the same no ballot shall be found therein, the inspectors shall make a memorandum showing that the ballot is missing. When the casting of early mail voters' ballots shall have been completed, the inspectors shall ascertain the number of such ballots which have been deposited in the ballot box by deducting from the number of envelopes opened the number of missing ballots, and shall make a separate return thereof in duplicate. The number of early mail voters' ballots deposited in the ballot box shall be added to the number of other ballots deposited in the ballot box in order to determine the number of all ballots to be accounted for in the ballot box. Such ballots shall then be counted or canvassed by the inspectors of election along with the other ballots cast at such school district election, or, where voting machines are used, shall be added to the votes recorded on such machines.

13. Where the district shall have been divided into school election districts pursuant to the provisions of this chapter, the provisions of this section shall be applicable, provided that any reference in this section to the term "board of registration" shall in such case refer to the board of registration appointed by the board of education for each school election district, except that paragraph b of subdivision seven of this section shall apply according to its terms.
