§ 211. Review of regents learning standards. 1. The regents shall periodically review and evaluate the existing regents learning standards to determine if they should be strengthened, modified or combined so as to provide adequate opportunity for students to acquire the skills and knowledge they need to succeed in employment or postsecondary education and to function productively as civic participants upon graduation from high school. Such review and evaluation shall be conducted upon a schedule adopted by the regents, provided that a review and evaluation of the English language arts standards shall be completed as soon as possible, but no later than the end of the two thousand seven--two thousand eight school year.

2. In conducting such reviews, the regents shall seek the recommendations of teachers, school administrators, teacher educators and others with educational expertise on improvements to the standards so that they ensure that students are prepared, in appropriate progression, for post-secondary education or employment.
