§ 3307. Graduation. In order to facilitate the on-time graduation of children of military families, states and local educational agencies shall incorporate the following procedures:

1. Local educational agency administrative officials shall waive specific courses required for graduation if similar coursework has been satisfactorily completed in another local educational agency or shall provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school, the local educational agency shall provide an alternative means of acquiring required coursework so that graduation may occur on time.

2. States shall accept (a) exit or end-of-course exams required for graduation from the sending state, (b) national norm referenced achievement tests or (c) alternative testing, in lieu of testing requirements for graduation in the receiving state. In the event the above alternatives cannot be accommodated by the receiving state for a student transferring in his or her senior year, then the provisions of subdivision three of this section shall apply.

3. Should a military student transferring at the beginning or during his or her senior year be ineligible to graduate from the receiving local educational agency after all alternatives have been considered, the sending and receiving local educational agencies shall ensure the receipt of a diploma from the sending local educational agency, if the student meets the graduation requirements of the sending local educational agency. In the event that one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on-time graduation of the student in accordance with subdivisions one and two of this section.
