3. a. The board of trustees shall, once every four years, formulate a long-range city university plan or general revision thereof and make recommendations to the board of regents, for the organization, development and coordination of the city university. The plan and recommendations shall include but not be limited to the following:

(1) Plans for new curricula,

(2) Plans for new facilities,

Prior to transmitting their long-range plan or general revisions thereof to the board of regents, to the temporary president of the senate, and to the speaker of the assembly, the board of trustees shall, after giving due notice, conduct one or more hearings on such plan.

b. During the calendar year nineteen hundred eighty and each fourth year thereafter the board of trustees shall transmit their proposed plan or general revisions thereof to the board of regents, on or before the first day of June in each such year. Such plan shall be reviewed by the board of regents and shall be subject to approval by such board. As approved by the board of regents and incorporated into the regents plan or general revision thereof for the development of higher education in the state and, upon approval thereafter by the governor, such plan shall guide and determine the development, organization and coordination of the city university.

c. By the first day of June in nineteen hundred eighty-two and each fourth year thereafter, the board of trustees shall report in writing to the board of regents, a copy of which report shall be furnished to the temporary president of the senate, and the speaker of the assembly, the mayor and the president of the city council for information and comment, on the progress made in carrying out its responsibilities under such plan and its general recommendations with respect to the city university or its component colleges or other institutions in the city of New York including recommendations as to modifications of such plan which the board of trustees deems essential to meet the then current demands upon public higher education in the city of New York. The board of trustees may, after giving due notice, conduct one or more hearings on such modifications and shall transmit its recommendations therefor to the board of regents, to the temporary president of the senate, the speaker of the assembly, the mayor and the president of the city council for

Tuition for each semester, quarter or term of study shall not be due for any student eligible to receive such tuition credit until the tuition credit is calculated and applied against the tuition charged for the corresponding semester, quarter or term.

Provided, further that the revenue resulting from an increase in the rate of tuition shall be allocated to each campus pursuant to a plan approved by the board of trustees to support investments in new classroom faculty, instruction, initiatives to improve student success and on-time completion and a tuition credit for each eligible student.

(iii) On or before November thirtieth, two thousand seventeen, the trustees shall approve and submit to the chairs of the assembly ways and means committee and the senate finance committee and to the director of the budget a master tuition plan setting forth the tuition rates that the trustees propose for resident undergraduate students for the four year period commencing with the two thousand seventeen--two thousand

eighteen academic year and ending in the two thousand twenty--two thousand twenty-one academic year, and shall submit any proposed amendments to such plan by November thirtieth of each subsequent year thereafter through November thirtieth, two thousand twenty.
