§ 6526. Exempt persons. The following persons under the following limitations may practice medicine within the state without a license:

1. Any physician who is employed as a resident in a public hospital, provided such practice is limited to such hospital and is under the supervision of a licensed physician;

2. Any physician who is licensed in a bordering state and who resides near a border of this state, provided such practice is limited in this state to the vicinity of such border and provided such physician does not maintain an office or place to meet patients or receive calls within this state;

3. Any physician who is licensed in another state or country and who is meeting a physician licensed in this state, for purposes of consultation, provided such practice is limited to such consultation;

4. Any physician who is licensed in another state or country, who is visiting a medical school or teaching hospital in this state to receive medical instruction for a period not to exceed six months or to conduct medical instruction, provided such practice is limited to such instruction and is under the supervision of a licensed physician;

5. Any physician who is authorized by a foreign government to practice in relation to its diplomatic, consular or maritime staffs, provided such practice is limited to such staffs;

6. Any commissioned medical officer who is serving in the United States armed forces or public health service or any physician who is employed in the United States Veterans Administration, provided such practice is limited to such service or employment;

7. Any intern who is employed by a hospital and who is a graduate of a medical school in the United States or Canada, provided such practice is limited to such hospital and is under the supervision of a licensed physician; or

8. Any medical student who is performing a clinical clerkship or similar function in a hospital and who is matriculated in a medical school which meets standards satisfactory to the department, provided such practice is limited to such clerkship or similar function in such hospital.

9. Any dentist or dental school graduate eligible for licensure in the state who administers anesthesia as part of a hospital residency program established for the purpose of training dentists in anesthesiology.

10. (a) Any physician who is licensed and in good standing in another state or territory, and who has a written agreement to provide medical services to athletes and team personnel of a United States sports team recognized by the United States Olympic committee or an out-of-state secondary school, institution of postsecondary education, or professional athletic organization sports team, may provide medical services to such athletes and team personnel at a discrete sanctioned team sporting event in this state as defined by the commissioner in regulations, provided such services are provided only to such athletes and team personnel at the discrete sanctioned team sporting event. Any such medical services shall be provided only five days before through three days after each discrete sanctioned team sporting event.

(b) Any person practicing as a physician in New York state pursuant to this subdivision shall be subject to the personal and subject matter jurisdiction and disciplinary and regulatory authority of the board of regents and the state board for professional medical conduct established pursuant to section two hundred thirty of the public health law as if he or she is a licensee and as if the exemption pursuant to this subdivision is a license. Such individual shall comply with applicable provisions of this title, the public health law, the rules of the board of regents, the state board for professional medical conduct established pursuant to section two hundred thirty of the public health law, and the regulations of the commissioner and the commissioner of health, relating to professional misconduct, disciplinary proceedings and penalties for professional misconduct.
