§ 7301. The practice of the profession of architecture is defined as rendering or offering to render services which require the application of the art, science, and aesthetics of design and construction of buildings, groups of buildings, including their components and appurtenances and the spaces around them wherein the safeguarding of life, health, property, and public welfare is concerned. Such services include, but are not limited to consultation, evaluation, planning, the provision of preliminary studies, designs, construction documents, construction management, and the administration of construction contracts.
