§ 901. School health services to be provided. 1. School health services, as defined in subdivision two of this section, shall be provided by each school district for all students attending the public schools in this state, except in the city school district of the city of New York, as provided in this article. School health services shall include the services of a registered professional nurse, if one is employed, and shall also include such services as may be rendered as provided in this article in examining students for the existence of disease or disability and in testing the eyes and ears of such students.

2. School health services for the purposes of this article shall mean the several procedures, including, but not limited to, medical examinations, dental inspection and/or screening, scoliosis screening, vision screening and audiometer tests, designed to determine the health status of the child; to inform parents or other persons in parental relation to the child, pupils and teachers of the individual child's health condition subject to federal and state confidentiality laws; to guide parents, children and teachers in procedures for preventing and correcting defects and diseases; to instruct the school personnel in procedures to take in case of accident or illness; to survey and make necessary recommendations concerning the health and safety aspects of school facilities and the provision of health information.
