§ 11-206. Special federal voters; preparation of registration poll records and central file registration records. 1. The board of elections shall prepare a registration poll record and a central file registration record for each voter registered pursuant to this title or shall enter the name of each such voter into the computer files from which the computer generated registration list is prepared. Each such registration record shall be endorsed on both the front and rear with the endorsement "special federal voter". The records of special federal voters in such computer files shall be coded in a manner which distinguishes such voters from the other voters in such files.

3. The central file registration records of special federal voters shall be maintained in a separate file at the appropriate office of the board of elections.

4. The registration poll records of special federal voters shall be filed, in alphabetical order, by election district. At each election at which special federal voters are eligible to vote, the registration poll records of all special federal voters shall be delivered to such inspectors of election together with the other registration poll records or the names of such voters shall be included in the computer generated registration list. Such records shall be delivered either in a separate poll ledger or a separate, clearly marked section, of the main poll ledger or be clearly marked in the computer generated registration list as the board of elections shall determine.
