§ 27-1503. Applicability.

It is the purpose of this title to regulate the transportation of regulated medical waste in a uniform manner throughout the state. All the requirements of this title shall apply to any person or persons engaged in the storage, containment, treatment, disposal or transfer of regulated medical waste off the site of the facility producing such waste. This title and the regulations promulgated pursuant hereto shall supersede all other state and local laws relating to the transportation of regulated medical waste to the extent such laws are not consistent with this title and such regulations.
