§ 8-0103. Legislative findings and declaration.

The legislature finds and declares that:

1. The maintenance of a quality environment for the people of this state that at all times is healthful and pleasing to the senses and intellect of man now and in the future is a matter of statewide concern.

2. Every citizen has a responsibility to contribute to the preservation and enhancement of the quality of the environment.

3. There is a need to understand the relationship between the maintenance of high-quality ecological systems and the general welfare of the people of the state, including their enjoyment of the natural resources of the state.

4. Enhancement of human and community resources depends on a quality physical environment.

5. The capacity of the environment is limited, and it is the intent of the legislature that the government of the state take immediate steps to identify any critical thresholds for the health and safety of the people of the state and take all coordinated actions necessary to prevent such thresholds from being reached.

6. It is the intent of the legislature that to the fullest extent possible the policies, statutes, regulations, and ordinances of the state and its political subdivisions should be interpreted and administered in accordance with the policies set forth in this article. However, the provisions of this article do not change the jurisdiction between or among state agencies and public corporations.

7. It is the intent of the legislature that the protection and enhancement of the environment, human and community resources shall be given appropriate weight with social and economic considerations in public policy. Social, economic, and environmental factors shall be considered together in reaching decisions on proposed activities.

8. It is the intent of the legislature that all agencies conduct their affairs with an awareness that they are stewards of the air, water, land, and living resources, and that they have an obligation to protect the environment for the use and enjoyment of this and all future generations.

9. It is the intent of the legislature that all agencies which regulate activities of individuals, corporations, and public agencies which are found to affect the quality of the environment shall regulate such activities so that due consideration is given to preventing environmental damage.
