*** § 970. Statement of purpose.** It is the purpose of this article to ensure:

1. that all federal and state funds utilized for job training and job development programs are spent in the most economical, efficient and effective manner;

2. that unnecessary duplication and overlapping among such programs is eliminated; and

3. that the various job training and job development programs administered or funded by state agencies are implemented in a coordinated manner so as to maximize the effectiveness of each of these programs individually and of their overall effectiveness.
